DEPARTMENT OF LABOR

Child Labor, Forced Labor, and Forced or Indentured Child Labor in the Production of Goods in Foreign Countries and Efforts by Certain Foreign Countries To Eliminate the Worst Forms of Child Labor

AGENCY: The Bureau of International Labor Affairs, United States Department of Labor.

ACTION: Notice; Request for information and invitation to comment.

SUMMARY: This notice is a request for information and/or comment on three reports issued by the Bureau of International Labor Affairs (ILAB) regarding child labor and forced labor in certain foreign countries. Relevant information submitted by the public will be used by the Department of Labor (DOL) in preparation of its ongoing reporting under Congressional mandates and Presidential directive. The 2016 Findings on the Worst Forms of Child Labor report (TDA report), published on September 20, 2017, assesses efforts by 138 countries to reduce the worst forms of child labor over the course of 2016 and reports whether countries made significant, moderate, minimal, or no advancement during that year. It also suggests actions foreign countries can take to eliminate the worst forms of child labor through legislation, enforcement, coordination, policies, and social programs. The 2016 edition of the List of Goods Produced by Child Labor or Forced Labor (TVFRA List), published on September 30, 2016, makes available to the public a list of goods from countries that ILAB has reason to believe are produced by child labor or forced labor in violation of international standards. Finally, the List of Products Produced by Forced or Indentured Child Labor (EO List), most recently published on December 1, 2014, provides a list of products, identified by country of origin, that DOL, in consultation and cooperation with the Departments of State (DOS) and Homeland Security (DHS), have a reasonable basis to believe might have been mined, produced or manufactured
