

removal, the final removal charge code, and DHS Alien Registration Number ("A" number).

To verify the SSN, SSA will match EID data against records in its Enumeration System. SSA matches the verified SSNs against the existing MBR and SSR records to locate removals (and their dependents or survivors, if any) who have already claimed and are currently receiving RSDI or SSI benefits, or both. SSA will retain the data verified through this matching program on the MBR and SSR, to be associated with future claims activity.

System(s) of Records:

Aliens Who Leave the United States Voluntarily (SSI)

DHS will disclose to SSA information from the BIS system of records, DHS/USCIS-007, 73 FR 56596 (September 29, 2008). DHS will electronically format the BIS data for transmission to SSA. BIS data is comprised of data collected from USCIS immigration systems. USCIS data used to accomplish this matching agreement currently comes from the CLAIMS 3 database.

SSA will match the DHS information with SSA's systems of records: Master Files of Social Security Number (SSN) Holders and SSN Applications (the Enumeration System), 60-0058, 75 FR 82121 (December 29, 2010), and the Supplemental Security Income Record and Special Veterans Benefits (SSR), 60-0103, 71 FR 1830 (January 11, 2006).

Aliens Who Are Removed From the United States (RSDI and SSI)

DHS will retrieve information on removed aliens from the DHS database known as the EID and electronically format it for transmission to SSA. These individuals are not U.S. citizens or Legally Permanent Residents and thus not covered by the Privacy Act or DHS system of records.

The SSA systems of records used in the match are the Master Files of Social Security Number (SSN) Holders and SSN Applications (the Enumeration System), SSA/OEEAS, 60-0058, 75 FR 82121 (December 29, 2010), the Supplemental Security Income Record and Special Veterans Benefits (SSR), 60-0103, 71 FR 1830 (January 11, 2006), the Master Beneficiary Record (MBR), 60-0090, 71 FR 1826 (January 11, 2006) and the Prisoner Update Processing System (PUPS), 60-0269, 64 FR 11076 (March 8, 1999). The Unverified Prisoner System (UPS) is a subsystem of PUPS. UPS users perform a manual search of fallout cases where the Enumeration and Verification System is unable to locate an SSN for an alien who has been removed.

Under an existing Interagency Agreement (IAA) between SSA and DHS, SSA has automated access to the DHS Systematic Alien Verification for Entitlements (SAVE) program, DHS-USCIS-004, 81 FR 78619 (November 8, 2016) that utilizes the Verification Information System. This system provides information on the current immigration status of aliens who have Alien Registration Numbers ("A" numbers). SSA will use the automated access to the SAVE program to verify current immigration status of aliens where the immediate EID match or any future claims activity indicate an alien has been removed. The parties do not consider this verification as a separate match subject to the provisions of the CMPPA; the parties will conduct such verifications in compliance with the terms of the aforementioned IAA.

The systems of records involved in this computer matching program have routine uses permitting the disclosures needed to conduct this match.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2017–0175]

Hours of Service of Drivers: Application for Exemption; Pipe Line Contractors Association (PLCA)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition; denial of application for exemption.

SUMMARY: FMCSA announces its decision to deny the application of the Pipe Line Contractors Association (PLCA) from the requirement that a motor carrier install and require each of its drivers to use an electronic logging device (ELD) to record the driver's hours-of-service (HOS) no later than December 18, 2017. PLCA had requested the exemption for all pipeline contractor vehicle drivers who typically use the short-haul exception to the logging requirement, which also exempts them from using ELDs. Sometimes, however, they may exceed the conditions of the short-haul exception more than 8 days in a 30-day period, which would subject them to the ELD rule. FMCSA has analyzed the exemption application and public comments, and has determined that the applicant would not achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. FMCSA therefore denies PLCA's application for exemption.

DATES: FMCSA denied the application for exemption by letter dated October 16, 2017, after notice and opportunity for public comment.

FOR FURTHER INFORMATION CONTACT: For information concerning this notice, contact Mr. Thomas Yager, Chief, FMCSA Driver and Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; Telephone: 614–942–6477. Email: MCPSD@dot.gov. If you have questions on viewing or submitting material to the docket, contact Docket Services, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

Background

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application,
