Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the FCC is notifying the public that it received final OMB approval on October 13, 2017, for the information collection requirements contained in the modifications to the Commission's rules in 47 CFR part 61. Under 5 CFR part 1320, an agency may not conduct or sponsor a collection of information unless it displays a current, valid OMB Control Number.

No person shall be subject to any penalty for failing to comply with a

collection of information subject to the Paperwork Reduction Act that does not display a current, valid OMB Control Number. The OMB Control Number is 3060-0400.

The foregoing notice is required by the Paperwork Reduction Act of 1995, Public Law 104-13, October 1, 1995, and 44 U.S.C. 3507.

The total annual reporting burdens and costs for the respondents are as follows:

OMB Control Number: 3060-0400.

OMB Approval Date: October 13, 2017.

OMB Expiration Date: October 31, 2020.

Title: Part 61, Tariff Review Plan.

Form Number: N/A.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 2,749 respondents; 4,165 responses.

Estimated Time per Response: 0.50 hours—53 hours.

Frequency of Response: One-time, biennial and on-occasion reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection (IC) is contained in 47 U.S.C. 10(a) of the Communications Act of 1934, as amended.

Total Annual Burden: 60,878 hours.

Total Annual Cost: No Cost.

If the Commission requests respondents to submit information which respondents believe are confidential, respondents may request confidential treatment of such information under 47 CFR 0.459 of the Commission's rules.

Privacy Act: No impact(s).

Needs and Uses: The Commission has developed standardized Tariff Review Plans (TRPs) that set forth the summary material that incumbent LECs (LECs) file to support revisions to the rates in their interstate access service tariffs. The TRPs display basic data on rate development in a consistent manner, thereby facilitating review of the incumbent LEC rate revisions by the Commission and interested parties. The TRPs have served this purpose effectively in past years.

On April 20, 2017, the Commission adopted the *Business Data Services Report and Order*, FCC 17-43, reforming the business data services/special access regulations for incumbent and competitive LECs by detariffing certain business data services and modifying the regulatory obligations for those

business data services that will remain tariffed. Additionally, the *Order* adopted an X-factor of two percent and required price cap ILECs to make a one-time filing to revise their TRPs to implement the new X-factor to become effective on December 1, 2017. In particular, the Commission amended § 61.45(b)(1)(iv) of its rules to state that the X-factor shall equal 2 percent effective December 1, 2017. To ease the burden on industry, the only factor that changes in the revised TRPs is the X-factor. Base period demand and the value of GDP-PI will stay constant for this particular filing.

Federal Communications Commission.

Secretary, Office of the Secretary.

[Docket No. 140819686-5999-02]

RIN 0648-XF779

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Fishery of the South Atlantic; 2017 Recreational Accountability Measure and Closure for Greater Amberjack

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS implements an accountability measure (AM) for the recreational sector of greater amberjack in the South Atlantic exclusive economic zone (EEZ) through this temporary rule. NMFS estimates that recreational landings have reached the recreational annual catch limit (ACL) for greater amberjack in the South Atlantic. Therefore, NMFS closes the recreational sector for greater amberjack in the South Atlantic EEZ for the remainder of the current fishing year (see **DATES**). This closure is necessary to protect the greater amberjack resource in the South Atlantic.

DATES: This rule is effective from 12:01 a.m., local time, October 31, 2017, until 12:01 a.m. local time, on March 1, 2018.

FOR FURTHER INFORMATION CONTACT: Mary Vara, NMFS Southeast Regional Office, telephone: 727-824-5305, email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic includes greater amberjack and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The FMP was prepared by the South Atlantic Fishery Management Council (Council) and is implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

The recreational ACL for South Atlantic greater amberjack is 1,167,837 lb (529,722 kg), round weight, as specified at 50 CFR 622.193(k)(2)(i). The fishing year for South Atlantic greater amberjack is from March 1 through the end of February (50 CFR 622.7(d)). Under the recreational AM at 50 CFR 622.193(k)(2)(i), when landings of the greater amberjack recreational sector reach, or are projected to reach, its ACL, NMFS is required to close the recreational sector for greater amberjack by filing a notification to that effect with the Office of the Federal Register unless NMFS determines that no closure is necessary based on the best scientific information available.

NMFS has determined that the recreational ACL has been reached in the current fishing year of March 1, 2017, through February 28, 2018, and that a closure is necessary. Therefore, this temporary rule implements an AM to close the greater amberjack recreational sector in the South Atlantic for the remainder of the current fishing year. As a result, the recreational sector for greater amberjack in the South Atlantic EEZ will close effective at 12:01 a.m., local time October 31, 2017.

On October 18, 2017, NMFS closed the commercial sector of greater amberjack in the South Atlantic because the sector had reached the commercial quota (equivalent to the commercial ACL) (82 FR 47640, October 13, 2017). Because the commercial sector for South Atlantic greater amberjack has already closed for the remainder of the current fishing year, all harvest of South Atlantic greater amberjack will end on October 31, 2017. Both the commercial and recreational sectors for South Atlantic greater amberjack will reopen on March 1, 2018, the start of the next fishing year.

During this closure, the bag and possession limits for greater amberjack in or from the South Atlantic EEZ are zero. The prohibition on harvest or possession of greater amberjack applies on board a vessel for which a valid Federal commercial or charter vessel/headboat permit for South Atlantic
