including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Title: Collection of Contact Information of Schools That Participate in the National School Lunch Program (NSLP) and Organizations That Participate in the USDA's Child and Adult Care Food Program (CACFP) for Sharing Team Nutrition's Nutrition Education, Training, and Technical Assistance Resources.

Form Number: FNS 891 (Team Nutrition Schools) and FNS 892 (Team Nutrition CACFP Organizations).

OMB Number: 0584—NEW.

Expiration Date: 60 days after publication of this notice.

Type of Request: New collection.

Abstract: Team Nutrition is an initiative of the United States Department of Agriculture's Food and Nutrition Service to support national efforts to promote lifelong healthy food choices and physical activity by improving the nutrition practices of the Child Nutrition Programs, including the Child and Adult Care Food Program (CACFP), the National School Lunch Program (NSLP) and the School Breakfast and Special Milk Programs (SBP and SMP), in addition to the Fresh Fruit and Vegetable Program (FFVP), Afterschool Snacks, and Seamless Summer Option (SSO). This initiative provides resources to schools, child care settings, and summer meal and afterschool sites that participate in these programs.

Team Nutrition uses the Socio-cognitive behavior theory to change

behavior through three main strategies. The first is to provide training and technical assistance to child nutrition professionals to enable them to prepare and serve nutritious meals that appeal to children. Team Nutrition also increases opportunities for nutrition education through multiple communication channels to help children gain the knowledge, skills, and motivation to make healthy food and physical activity choices as part of a healthy lifestyle. Finally, Team Nutrition helps to build and bolster support for healthy school and child care environments that encourage nutritious food choices and physically active lifestyles.

Since 1995, Team Nutrition has collected information from schools via the Team Nutrition Database, to communicate releases and updates of Team Nutrition resources. In order to reach CACFP program operators and providers, FNS is expanding the database to collect the contact information of interested CACFP organizations (such as Sponsoring Agencies and Independent Centers). Those eligible entities that choose to input their information into the database, via the online enrollment forms either for Team Nutrition Schools or for Team Nutrition CACFP Organizations, will receive electronic correspondence, such as monthly newsletters and promotions that announce the availability of new and updated Team Nutrition materials that support nutrition education and provide technical assistance to foster an environment of health. This database allows the opportunity for the enrolled entities to affirm their commitment to childhood nutrition & wellness while gives the opportunity to collaborate with other peers.

The collection of the school contact information is currently approved under

OMB #0584–0524 Generic Clearance to Conduct Formative Research, which expires on September 30, 2019. Since FNS wants to expand this data collection to include CACFP program operators and providers, FNS is creating a new information collection which will cover both activities. Once this new collection request has been reviewed by the Office of Management and Budget, FNS will remove the burden associated with the Team Nutrition school contact information from OMB #0584–0524.

Affected Public: Business or Other For Profit; Not For Profit; and State, Local and Tribal Government: Respondent groups identified include: (1) Organizations that have a CACFP agreement with the States and (2) Schools that participate in the NSLP.

Estimated Number of Respondents: The total estimated number of respondents is approximately 122,664; 22,664 are CACFP's organizations and 100,000 are schools. Submission for OMB Review; Comment Request

The Department of Commerce (DOC) will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Agency: Economic Development Administration (EDA or Agency).

Title: Revolving Loan Fund Reporting and Compliance Requirements.

OMB Control Number: 0610-0095.

Form Number(s): ED-209 and ED-209I.

Type of Review: Regular submission (extension of a currently approved information collection).

Number of Respondents: 1,328.

Average Hours per Response: ED-209, 3 hours; ED-209I, 1 hour.

Burden Hours: 3,796 hours.

Needs and Uses: The EDA Revolving Loan Fund (RLF) Program, authorized under section 209 of the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. 3149), has been part of EDA investment programs since the establishment of the RLF Program in 1975. The purpose of the RLF Program is to provide regions with a flexible and continuing source of capital, to be used with other economic development tools, for creating and retaining jobs and inducing private investment that will contribute to long-term economic stability and growth. EDA provides RLF grants to eligible recipients, which include State and local governments, Indian tribes, and non-profit organizations, to operate a lending program that offers loans with flexible repayment terms, primarily to small businesses in distressed communities that are unable to obtain traditional bank financing. These loans enable small businesses to expand and

lead to new employment opportunities that pay competitive wages and benefits.

A unique feature of the RLF Program is that, by law, EDA must exercise fiduciary responsibility over its RLF portfolio in perpetuity. EDA RLF regulations therefore require RLF recipients to submit Form ED-209, Revolving Loan Fund Financial Report, every six months for each RLF they operate (13 CFR 307.14(a)). In addition, RLF recipients must submit Form ED-209I, RLF Income and Expense Statement, every six months if either of the following conditions apply to their RLF: Administrative expenses for the reporting period exceeded \$100,000, or RLF administrative expenses for the reporting period exceeded 50 percent of RLF income earned during the reporting period (13 CFR 307.14(c)). EDA requires that both of these reports be completed using an authorized and EDA-provided fillable PDF (Portable Document Format) Form.

Affected Public: EDA RLF recipients: State, local and tribal governments; community organizations; not-for-profit organizations.

Frequency: ED-209, Semiannual; ED-209I, on occasion, as explained above.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view DOC collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or faxed to (202) 395-5806.

Foreign-Trade Zones Board

[B-38-2017]

Foreign-Trade Zone (FTZ) 68—El Paso, Texas; Authorization of Production Activity; PGTEX USA, Inc.; (Fiber Glass Fabrics); El Paso, Texas

On May 19, 2017, PGTEX USA, Inc. (PGTEX) submitted a notification of proposed production activity to the FTZ Board for its facility within FTZ 68—Site 3, in El Paso, Texas.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (82 FR 27797-27798, June 19, 2017). On September 18, 2017, the applicant was notified of the FTZ Board's decision that no further review of the activity is warranted at this time. The production activity described in the notification was authorized, subject to the FTZ Act and the FTZ Board's regulations, including Section 400.14, and further subject to a restriction requiring that foreign-status glass fiber rovings be admitted to the subzone in privileged foreign status (19 CFR 146.41).
