SUPPLEMENTARY INFORMATION:

Title: Use of Prenotification Negative Option Plans (Negative Option Rule or Rule), 16 CFR 425.

OMB Control Number: 3084-0104.

Type of Review: Extension of a currently approved collection.

Abstract: The Negative Option Rule governs the operation of prenotification subscription plans. Under these types of plans, a seller provides a consumer with automatic shipments of merchandise such as when a consumer joins as a member in a seller's book of the month club, food of the month club, or clothing items of the month club unless the consumer affirmatively notifies the seller they do not want the shipment. The Rule requires that a seller notify a member that they will automatically ship merchandise to the member and bill the member for the merchandise if the subscriber fails to expressly reject the merchandise beforehand within a prescribed time. The Rule protects consumers by: (a) Requiring that promotional materials disclose the terms of membership clearly and conspicuously; and (b) establishing procedures for the administration of such "negative option" plans.

On August 16, 2017, the Commission sought comment on the Rule's information collection requirements. 82 FR 38907. No germane comments were received.¹ As required by OMB regulations, 5 CFR 1320, the FTC is providing this second opportunity for public comment.

Likely Respondents: Sellers of prenotification subscription plans.

Estimated Annual Hours Burden: 9,725 hours.

Estimated Annual Cost Burden: \$473,750 (solely related to labor costs).

Estimated Capital or Other Non-Labor Cost: \$0 or *de minimis*.
