[Docket No. USCG-2017-1023]

Certificate of Alternative Compliance for the TUG BERT REINAUER

AGENCY: Coast Guard, DHS.

ACTION: Notice.

SUMMARY: The Coast Guard has issued a Certificate of Alternative Compliance (COAC) to the TUG BERT REINAUER because it is a vessel of special construction or purpose, that, with respect to the position of its navigation and towing lights, is not able to fully comply with the provisions of the International Regulations for Preventing Collisions at Sea, 1972, without interfering with the normal operation of the vessel. Our publication of this notice fulfills a statutory requirement and promotes maritime security.

DATES: The Certificate of Alternative Compliance was issued on November 16, 2017.

FOR FURTHER INFORMATION CONTACT: For information or questions about this notice call or email Mr. Kevin Miller, First District Towing Vessel/Barge Safety Specialist, U.S. Coast Guard; telephone (617) 223-8272, email Kevin.L.Miller2@uscg.mil.

SUPPLEMENTARY INFORMATION: The United States is signatory to the International Maritime Organization's International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, and sound signal provisions of the 72 COLREGS. Under statutory law¹ and Coast Guard regulation,² a vessel may instead meet alternative requirements and the vessel's owner, builder, operator, or agent may apply for a Certificate of Alternate Compliance (COAC).

For vessels of special construction, the cognizant Coast Guard District Office determines whether the vessel for which the COAC is sought complies as closely as possible with the 72 COLREGS, and decides whether to issue the COAC. The Coast Guard issued a COAC to the TUG BERT REINAUER on November 16, 2017. That COAC will remain valid until information supplied in the COAC application or the COAC terms become inapplicable to the vessel.

¹ 33 U.S.C. 1605(c).

² 33 CFR 81.3.

Under the governing statute³ and regulation,⁴ the Coast Guard must publish notice of having issued this COAC. This notice promotes maritime safety by informing vessels that may encounter the TUG BERT REINAUER to expect alternative positioning of its navigation and towing lights.

The Commandant, U.S. Coast Guard, certifies that the TUG BERT REINAUER is a vessel of special construction or purpose, and that, with respect to the position of the navigation and towing lights, it is not possible to comply fully with the requirements of the provisions enumerated in the 72 COLREGS, without interfering with the normal operation of the vessel. The Commandant further finds and certifies that the sidelights (9' 7" from the vessel's side mounted on the pilot house) are in the closet possible compliance with the applicable provisions of the 72 COLREGS and that full compliance with the 72 COLREGS would not significantly enhance the safety of the vessel's operation.

This notice is issued under authority of 33 U.S.C. 1605(c) and 33 CFR 81.18.

Dated: November 20, 2017.

Byron L. Black,

Prevention Chief, First Coast Guard District.

[Docket No. USCG-2010-1066]

Recreational Boating Safety Projects, Programs, and Activities Funded Under Provisions of the Fixing America's Surface Transportation Act; Fiscal Year 2017

ACTION: Notice.

SUMMARY: The Coast Guard is publishing this notice to satisfy a requirement of the Fixing America's Surface

Transportation Act that a detailed accounting of the projects, programs, and activities funded under the national recreational boating safety program provision of the Act be published annually in the **Federal Register**. This notice specifies the funding amounts the Coast Guard has committed, obligated, or expended during fiscal year 2017, as of September 30, 2017.

FOR FURTHER INFORMATION CONTACT: For questions on this notice please contact Mr. Jeff Ludwig, U.S. Coast Guard, Regulations Development Manager, (202) 372-1061.

SUPPLEMENTARY INFORMATION:

Background and Purpose

Since 1998, Congress has passed a series of laws providing funding for projects, programs, and activities funded under the national recreational boating safety program, which is administered by the U.S. Coast Guard. For a detailed description of the legislative history, please see the Recreational Boating Safety Projects, Programs, and Activities Funded Under Provisions of the Fixing America's Surface Transportation Act; Fiscal Year 2016 Notice published in the **Federal Register** on April 12, 2017 (82 FR 17671).

These funds are available to the Secretary from the Sport Fish Restoration and Boating Trust Fund (Trust Fund) established under 26 U.S.C. 9504(a) for payment of Coast Guard expenses for personnel and activities directly related to coordinating and carrying out the national recreational boating safety program. Amounts made available under this subsection remain available during the two succeeding fiscal years. Any amount that is unexpended or unobligated at the end of the 3-year period during which it is available, shall be withdrawn by the Secretary and allocated to the States in addition to any other amounts available for allocation in the fiscal year in which they are withdrawn or the following fiscal year.

Use of these funds requires compliance with standard Federal contracting rules with associated lead and processing times resulting in a lag time between available funds and spending. The total amount of funding transferred to the Coast Guard from the Trust Fund, and committed, obligated, and/or expended during fiscal year 2017 for each project is shown below.
