

The filings are accessible in the Commission's eLibrary system by clicking on the links or querying the docket number.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Dated: November 27, 2017.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 10822-013]

Town of Canton, Connecticut; Notice of Application for License Reinstatement, Amendment, Transfer, Extension of License Term, and Soliciting Comments, Motions To Intervene, Protests, Recommendations, Terms and Conditions, and Fishway Prescriptions

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* Reinstatement, Amendment, and Transfer.

b. *Project No.:* 10822-013.

c. *Date filed:* October 12, 2017.

d. *Applicant:* Town of Canton, Connecticut.

e. *Name of Project:* Upper Collinsville Project.

f. *Location:* On the Farmington River near the village of Collinsville in Hartford County, Connecticut.

g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791(a)-825(r) and Public Law 113-122.

h. *Applicant Contact:* Robert Skinner, Chief Administrative Officer, Town of Canton, Connecticut, P.O. Box 168, 4 Market Street, Collinsville, CT, (860) 693-7837 or rskinner@townofcantonct.org.

i. *FERC Contact:* Diana Shannon, (202) 502-6136 or diana.shannon@ferc.gov.

j. Deadline for filing motions to intervene and protests, comments, recommendations, terms and conditions, and fishway prescriptions is 60 days from the issuance date of this notice by the Commission; reply comments are due 105 days from the issuance date of this notice by the Commission. The Commission strongly encourages electronic filing.

Please file any motion to intervene, protest, comments, and/or recommendations using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The first page of any filing should include docket number P-10822-013.

k. *Description of Request:* On October 12, 2017, the Town of Canton, Connecticut, filed a request to reinstate, amend, and transfer the license for the Upper Collinsville Project No. 10822. The project was previously licensed to Summit Hydropower, but the license was terminated by Commission order dated December 4, 2007, for failure to start construction pursuant to Article 301 of the license and section 13 of the Federal Power Act. By Public Law 113-122, dated June 30, 2014, Congress approved the Collinsville Renewable Energy Production Act, which at the request of the Town of Canton, and after reasonable notice, allows the Commission to: (1) Reinstatement the license; (2) extend for two years after the date on which the license is reinstated the time period during which the licensee is required to commence construction of the project; and (3) allows the license to be transferred to the town of Canton. The Town of Canton proposes to rehabilitate the project, provide upstream and downstream fish and eel passage, and provide additional environmental measures, including water quality monitoring, mussel relocation, and recreation. The Town requests the Commission to reinstate the license with a new term of 40-50 years.

l. *Locations of the Application:* A copy of the application is available for

inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov/docs-filing/efiling.asp>. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the addresses in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, and .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Documents:* Any filing must (1) bear in all capital letters the title COMMENTS, PROTEST, or MOTION TO INTERVENE as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource

agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

Dated: November 28, 2017.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP17-471-000]

Paiute Pipeline Company; Notice of Availability of the Environmental Assessment for the Proposed 2018 Expansion Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the 2018 Expansion Project (Project) proposed by Paiute Pipeline Company (Paiute) in the above-referenced docket. Paiute requests authorization to construct approximately 8.46 miles of pipeline to upsize or loop four segments of Paiute's Carson and South Tahoe Laterals in Douglas and Lyon Counties and Carson City, Nevada. The Project would provide up to 4,604 dekatherms per day of new natural gas delivery capacity from Paiute's Tuscarora Gas Transmission Company's Interconnect (Tuscarora) at Wadsworth, Nevada to delivery points along Paiute's Carson and South Tahoe Laterals. The requested pipeline facilities would also allow 1,031 dekatherms per day of existing delivery capacity to be shifted from Paiute's Minden/Gardnerville Delivery Point on its Carson Lateral to the South Lake Tahoe City Gate, a point farther downstream on the South Tahoe Lateral.

The EA assesses the potential environmental effects of the construction and operation of the 2018 Expansion Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed Project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The Bureau of Land Management (BLM) and the Consolidated Municipality of Carson City, Nevada (Carson City) participated as cooperating agencies in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis. The BLM intends to adopt and use the EA to consider the issuance of a right-of-way grant for the portion of the project on federal lands.

Specifically, the 2018 Expansion Project would include:

- Construction of 0.42 miles of new 12-inch-diameter pipeline paralleling Paiute's existing South Tahoe Lateral pipeline (Segment 1);
- replacement of 1.58 miles of existing 8-inch-diameter Carson Lateral Loop pipeline with 12-inch-diameter pipeline (Segment 2);
- replacement of 2.27 miles of existing 10-inch-diameter pipeline along Paiute's existing Carson Lateral pipeline with 20-inch-diameter pipeline (Segment 3); and
- construction of 4.19 miles of new 20-inch-diameter pipeline loop paralleling Paiute's existing Carson Lateral pipeline (Segment 4).

The FERC staff mailed copies of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. In addition, the EA is available for public viewing on the FERC's Web site (www.ferc.gov) using the eLibrary link. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street NE., Room 2A, Washington, DC 20426, (202) 502-8371.

Any person wishing to comment on the EA may do so. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC, on or before December 27, 2017.

For your convenience, there are three methods you can use to file your comments with the Commission. In all instances please reference the project

docket number (CP17-471-000) with your submission. The Commission encourages electronic filing of comments and has expert staff available to assist you at 202-502-8258 or FercOnlineSupport@ferc.gov.

(1) You can file your comments electronically using the *eComment* feature located on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the *eFiling* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on *eRegister*. You must select the type of filing you are making. If you are filing a comment on a particular project, please select Comment on a Filing; or

(3) You can file a paper copy of your comments by mailing them to the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).¹ Only intervenors have the right to seek rehearing of the Commission's decision. The Commission grants affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on General Search, and enter the docket number excluding the last three digits in the Docket Number field (*i.e.*, CP17-471). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also

¹ See the previous discussion on the methods for filing comments.
