

Background

A primary goal of our endangered species program and the Endangered Species Act (ESA) (16 U.S.C. 1531 *et seq.*) is recovering endangered or threatened animals and plants to the point they are again secure, viable ecosystem members. Recovery means improving listed species' status to the point at which they no longer meet the definition of threatened or endangered and listing is no longer appropriate under the criteria set out in section 4(a)(1) of the ESA. The ESA requires developing recovery plans for listed species, unless such a plan would not promote a particular species' conservation.

The Service has revised its approach to recovery planning; the revised process is called Recovery Planning and Implementation (RPI). The RPI process is intended to reduce the time needed to develop and implement recovery plans, increase recovery plan relevancy over a longer timeframe, and add flexibility to recovery plans so they can be adjusted to new information or circumstances. Under RPI, a recovery plan will include statutorily required elements (measurable criteria, site-specific management actions, and estimates of time and costs), along with a concise introduction and our strategy for how we plan to achieve species recovery. The RPI recovery plan is supported by a separate Species Status Assessment, or in some cases, a species biological report that provides the background information and threat assessment, which are key to recovery plan development. The essential component to flexible implementation under RPI is producing a separate working document called the Recovery Implementation Strategy (implementation strategy). The implementation strategy steps down from the more general description of actions described in the recovery plan to detail the specific, near-term activities needed to implement the recovery plan. The implementation strategy will be adaptable by being able to incorporate new information without having to concurrently revise the recovery plan, unless changes to statutory elements are required.

The Mexican Wolf Recovery Plan, First Revision, represents one of the first products the Service has developed using RPI. On June 30, 2017, the Service made the draft Recovery Plan available for a 60-day public comment period during which we received more than 100,000 comments (82 FR 29918). The public comments and additional materials related to the Recovery Plan

are available for public review online at <http://www.regulations.gov> in Docket No. FWS-R2-ES-2017-0036.

In addition to the recovery plan and implementation strategy, we completed a Biological Report describing the Mexican wolf's current status. The Biological Report supports the recovery plan by providing the background, life-history, and threat assessment information. The Biological Report and Recovery Plan were independently peer-reviewed by scientists outside of the Service. As with the implementation strategy, we will update the Biological Report as new species status information becomes available.

Recovery Plan Strategy

The overall strategy for recovering the Mexican wolf focuses on improving the two populations' resilience (*i.e.*, population size) and genetic representation, one focused south of Interstate 40 in Arizona and New Mexico in the United States, and one focused in the northern portion of the Sierra Madre Occidental in Mexico, across an adequate ecological and geographic range of representation within each population. The strategy involves carefully managing the captive-breeding program, releasing Mexican wolves from the captive-breeding program into the wild, and translocating Mexican wolves from the Mexican Wolf Experimental Population Area in portions of New Mexico and Arizona to Mexico, to ensure two genetically and demographically viable populations are extant in the wild for redundancy.

Another key component of the strategy includes working with Federal, State, Tribal, local partners, and the public, to improve Mexican wolf tolerance on the landscape.

Authority: We developed our recovery plan and publish this notice under the authority of the Endangered Species Act, section 4(f), 16 U.S.C. 1533(f).

Dated: October 24, 2017.

Amy Lueders,

Regional Director, Southwest Region, U.S. Fish and Wildlife Service.

BILLING CODE 4333-15-P

DEPARTMENT OF THE INTERIOR

Bureau of Safety and Environmental Enforcement

[Docket ID BSEE-2017-0004; 189E1700D2 ET1SF0000.PSB000 EEEE500000; OMB Control Number 1014-0015]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Unitization

AGENCY: Bureau of Safety and Environmental Enforcement, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Safety and Environmental Enforcement (BSEE) proposes to renew an information collection with revisions.

DATES: Interested persons are invited to submit comments on or before January 3, 2018.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395-5806. Please provide a copy of your comments to the Bureau of Safety and Environmental Enforcement; Regulations and Standards Branch; ATTN: Nicole Mason; 45600 Woodland Road, Sterling, VA 20166; or by email to kye.mason@bsee.gov. Please reference OMB Control Number 1014-0015 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Nicole Mason by email at kye.mason@bsee.gov, or by telephone at (703) 787-1607. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A Federal Register notice with a 60-day public comment period soliciting comments on this collection of information was published on August

29, 2017 (82 FR 41051). No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comments addressing the following issues: (1) Is the collection necessary to the proper functions of BSEE; (2) Will this information be processed and used in a timely manner; (3) Is the estimate of burden accurate; (4) How might BSEE enhance the quality, utility, and clarity of the information to be collected; and (5) How might BSEE minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The regulations at 30 CFR part 250, subpart M, concern Unitization and are the subject of this collection. This request also covers any related Notices to Lessees and Operators (NTOs) that BSEE issues to clarify, supplement, or provide additional guidance on some aspects of our regulations.

BSEE must approve any lessee's proposal to enter an agreement to unitize operations under two or more leases and for modifications when warranted. We use the information to ensure that operations under the proposed unit agreement will result in preventing waste, conserving natural resources, and protecting correlative rights including the government's interests.

Title of Collection: 30 CFR part 250, subpart M, *Unitization*.

OMB Control Number: 1014-0015.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Potential respondents comprise Federal OCS oil, gas, and sulfur lessees/operators.

Total Estimated Number of Annual Respondents: Not all of the potential respondents will submit information in any given year and some may submit multiple times.

Total Estimated Number of Annual Responses: 93.

Estimated Completion Time per Response: Varies from 1 hour to 520 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 7,800.

Respondent's Obligation: Voluntary.

Frequency of Collection: On occasion.

Total Estimated Annual Non Hour Burden Cost: We have identified three non-hour cost burdens associated with this information collection. Section 250.1303 requires respondents to pay filing fees when (1) applying for a voluntary unitization proposal or unit expansion (\$12,619), as well as a (2) unitization revision (\$896). The filing fees are required to recover the Federal Government's processing costs. Section 250.1304(d) provides an opportunity for parties notified of compulsory unitization to request a hearing; therefore § 250.1304(e) requires the party seeking the compulsory unitization to (3) pay for the court reporter and three copies of the verbatim transcript of the hearing (approximately \$500).

It should be noted there have been no such hearings in the recent past, and none are expected in the near future. We have not identified any other non-hour cost burdens associated with this collection of information. We estimate a total reporting non-hour cost burden of \$195,757.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Dated: November 6, 2017.

Doug Morris,

Chief, Office of Offshore Regulatory Programs.

BILLING CODE 4310-VH-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1089]

Certain Memory Modules and Components Thereof Institution of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on October 31, 2017, under section 337 of

the Tariff Act of 1930, as amended, on behalf of Netlist, Inc. of Irvine, California. A supplement to the complaint was filed on November 21, 2017. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain memory modules and components thereof by reason of infringement of certain claims of U.S. Patent No. 9,606,907 ("the '907 patent") and U.S. Patent No. 9,535,623 ("the '623 patent"). The complaint further alleges that an industry in the United States exists or is in the process of being established as required by the applicable Federal Statute.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a limited exclusion order and a cease and desist order.

ADDRESSES: The complaint, except for any confidential information contained therein, is available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Room 112, Washington, DC 20436, telephone (202) 205-2000. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at (202) 205-2000. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

FOR FURTHER INFORMATION CONTACT:

Pathenia M. Proctor, The Office of Unfair Import Investigations, U.S. International Trade Commission, telephone (202) 205-2560.

SUPPLEMENTARY INFORMATION:

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 and in section 210.10 of the Commission's Rules of Practice and Procedure, 19 CFR 210.10 (2017).

Scope of Investigation: Having considered the complaint, the U.S. International Trade Commission, on November 28, 2017, *ordered that—*

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted
