Right of Appeal

The FAA's September 29, 2017 Adoption/Record of Decision (ROD) for the Establishment and Modification of Oregon Military Training Special Use Airspace constitutes a final order of the FAA Administrator and is subject to exclusive judicial review under 49 U.S.C. 46110 by the U.S. Circuit Court of Appeals for the District of Columbia or the U.S. Circuit Court of Appeals for the circuit in which the person contesting the decision resides or has its principal place of business. Any party having substantial interest in this order may apply for review of the decision by filing a petition for review in the appropriate U.S. Court of Appeals no later than 60 days after the date of this notice in accordance with the provisions of 49 U.S.C. 46110. Any party seeking to stay implementation of the action as stated in the ROD must file an application with the FAA prior to seeking judicial relief as provided in Rule 18(a) of the Federal Rules of Appellate Procedure.

Issued in Washington, DC, on November 29, 2017.

Rodger A. Dean Jr.,
Manager, Airspace Policy Group.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[Docket No. FHWA-2017-0050]

Agency Information Collection Activities: Request for Comments for the Renewal of an Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FHWA invites public comments about our intention to request approval from the Office of Management and Budget (OMB) for a new information collection, which is summarized below under

SUPPLEMENTARY INFORMATION. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by February 5, 2018.

ADDRESSES: You may submit comments identified by DOT Docket ID 2017-0050 by any of the following methods:

Web site: For access to the docket to read background documents or comments received go to the Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Fax: 1-202-493-2251.

Mail: Docket Management Facility, U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590-0001.

Hand Delivery or Courier: U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Jeff Purdy, 202-366-6993, Office of Freight Management & Operations (HOFM-1), Office of Operations, Federal Highway Administration, Department of Transportation, 1200 New Jersey Avenue, Southeast, Washington, DC 20590. Office hours are from 7:30 a.m. to 4:00 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: USDOT Survey and Comparative Assessment of Truck Parking Facilities.

Background: U.S. Department of Transportation (USDOT) is directed to complete a survey and comparative assessment of truck parking facilities in each State as required by Section 1401(c) of *Moving Ahead for Progress in the 21st Century* (MAP-21). MAP-21 Section 1401(c) required the survey in order to evaluate the capability of the States to provide adequate parking and rest facilities for commercial motor vehicles engaged in interstate transportation. Other work activities required under this section of MAP-21 were: An assessment of the volume of commercial motor vehicle traffic in each State and the development of a system of metrics designed to measure the adequacy of commercial motor vehicle truck parking facilities in each state. A survey was conducted in 2014 and is available at: https://ops.fhwa.dot.gov/freight/infrastructure/truck_parking/jasons_law/truckparkingsurvey/index.htm. MAP-21 Section 1401(c)(3) called for periodic updates to the survey, which is the intent of the proposed updated survey. The results of this updated survey shall be made available on a publicly accessible Department of Transportation Web site and updated periodically USDOT seeks to continue to collect data to support updates to the survey.

Respondents: State Transportation and Enforcement Officials, Private Sector Facility Owners/Operators, Trucking Company owners or their designee, and Truck Drivers. The target groups of respondents are individuals who are responsible for providing or overseeing the operation of truck parking facilities and stakeholders that depend on such facilities to safely conduct their business. The target group identified in the legislation is "state commercial vehicle safety personnel;" the Federal Highway Administration (FHWA) has interpreted this term to include the Department of Transportation personnel in each State involved in commercial vehicle safety program activities and State enforcement agency personnel directly involved in enforcing highway safety laws and regulations and in highway incident and accident response. In addition, FHWA finds that the survey on the adequacy of truck parking opportunities is not limited to publicly owned facilities; input from private sector facility owners/operators must be obtained to adequately complete the required work provided in the federal legislation. FHWA also finds that input obtained from trucking company representatives (owners or their designees, especially those in logistics or who schedule drivers) and truck drivers, key stakeholders for truck parking facilities who are most likely to know where truck parking is needed, will be necessary to complete the survey requirements. As per MAP-21 Section 1401(c)(3), this survey will be conducted periodically to allow for required updates.

Types of Survey Questions: FHWA intends to survey Department of Transportation personnel in each State on the location, number of spaces, availability and demand for truck parking in their State, including at rest facilities, truck parking information systems, truck parking plans, as well as any impediments to providing adequate truck parking capacity (including but not limited to legislative, regulatory, or financial issues; zoning; public and private impacts, approval, and participation; availability of land; insurance requirements and other issues). FHWA intends to survey private truck stop operators in each State on the location, number of truck parking spaces, availability and demand they observe at their facilities. FHWA intends to survey public safety officials in each State on their records and observations of truck parking use and patterns, including the location and frequency of trucks parked adjacent to

roadways and on exit and entrance ramps to roadway facilities. FHWA intends to survey trucking companies and truck drivers regarding the location and frequency of insufficient truck parking and capacity at rest facilities, future truck parking needs and locations, availability of information on truck parking capacity, and other impediments to identification, access and use of truck parking. Other questions may be included as needed as a result of input from the focus groups, stakeholder outreach or at FHWA's discretion, or as follow-up to the survey.

Estimate

State Departments of Transportation = 50 (4 hours each) = up to 200 hours;

State Enforcement Personnel = 50 (1 hour each) = up to 50 hours;

Private Facility Owners/Operators = 229 (1 hour each) = up to 229 hours; and

Trucking Company Representatives and Drivers = 150 (1 hour each) = up to 150 hours;

Total number of respondents = 479 for the survey.

Total burden hours = no more than 629 hours (as allocated above).

Estimated Total Annual Burden: This survey will be updated periodically; the estimated total burden for each survey cycle for all respondents is no more than 629 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: November 30, 2017.

Michael Howell,

Information Collection Officer.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration (NHTSA), U.S. Department of Transportation.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected burden. The **Federal Register** Notice with a 60-day comment period was published on September 8, 2017 [82 FR 42573]. The agency received no comments.

DATES: Comments must be submitted on or before January 5, 2018.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street NW., Washington, DC 20503, Attention NHTSA Desk Officer.

FOR FURTHER INFORMATION CONTACT: Christopher J. Wiacek at the National Highway Traffic Safety Administration, Office of Crash Avoidance Standards, 1200 New Jersey Avenue SE., West Building, Room W43-419, NRM-220, Washington, DC 20590. Mr. Wiacek's telephone number is 202-366-4801.

SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration

Title: 49 CFR part 595—Make Inoperative Exemptions.

OMB Control Number: 2127-0635.

Type of Request: Request for public comments on a previously approved collection of information.

Abstract: On February 27, 2001, NHTSA published a final rule (66 FR 12638) to facilitate the modification of motor vehicles so that persons with disabilities can drive or ride in them as passengers. In that final rule, the agency issued a limited exemption from a statutory provision that prohibits specified types of commercial entities from either removing safety equipment or features installed on motor vehicles pursuant to the Federal motor vehicle safety standards or altering the equipment or features so as to adversely

affect their performance. The exemption is limited in that it allows repair businesses to modify only certain types of Federally-required safety equipment and features, under specified circumstances. The regulation is found at 49 CFR part 595 Subpart C, "Vehicle Modifications to Accommodate People with Disabilities."

This final rule included two new "collections of information," as that term is defined in 5 CFR part 1320 "Controlling Paperwork Burdens on the Public": Modifier identification and a document to be provided to the owner of the modified vehicle stating the exemptions used for that vehicle and any reduction in load carrying capacity of the vehicle of more than 100 kg (220 lbs).

Modifiers who take advantage of the exemption created by this rule are required to furnish NHTSA with a written document providing the modifier's name, address, and telephone number, and a statement that the modifier is availing itself of the exemption. The rule requires:

"S595.6 Modifier Identification.

(a) Any motor vehicle repair business that modifies a motor vehicle to enable a person with a disability to operate, or ride as a passenger in, the motor vehicle and intends to avail itself of the exemption provided in 49 CFR 595.7 shall furnish the information specified in paragraphs (a)(1) through (3) of this section to: Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590.

(1) Full individual, partnership, or corporate name of the motor vehicle repair business.

(2) Residence address of the motor vehicle repair business and State of incorporation if applicable.

(3) A statement that the motor vehicle repair business modifies a motor vehicle to enable a person with a disability to operate, or ride as a passenger in, the motor vehicle and intends to avail itself of the exemption provided in 49 CFR 595.7.

(b) Each motor vehicle repair business required to submit information under paragraph (a) of this section shall submit the information not later than August 27, 2001. After that date, each motor vehicle repair business that modifies a motor vehicle to enable a person with a disability to operate, or ride as a passenger in, the motor vehicle and intends to avail itself of the exemption provided in 49 CFR 595.7 shall submit the information required under paragraph (a) not later than 30 days after it first modifies a motor vehicle to enable a person with a
