SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Evaluation of the HUD-DOJ Pay for Success Permanent Supportive Housing Demonstration.

OMB Approval Number: 2528-New.

Type of Request: New.

Form Number: No forms.

Description of the need for the information and proposed use: The U.S. Departments of Housing and Urban

Development (HUD) and Justice (DOJ) entered into an interagency collaboration that combines DOJ's mission to promote safer communities by focusing on the reentry population with HUD's mission to end chronic homelessness. This collaboration resulted in the Pay for Success Permanent Supportive Housing Demonstration with \$8.68M awarded to seven communities to develop supportive housing for persons cycling between the jail or prison systems and the homeless service systems using pay for success (PFS) as a funding mechanism. HUD-DOJ announced seven grantees from across the country in June 2016. The PFS Demonstration grant supports activities throughout the PFS lifecycle, including feasibility analysis, transaction structuring, and outcome evaluation and success payments, with each grantee receiving funds for different stages in the PFS lifecycle. Through the national evaluation, which is funded through an interagency agreement between HUD and DOJ and managed by HUD's Office of Policy Development and Research, HUD-DOJ seek to assess whether PFS is a viable model for scaling supportive housing to improve outcomes for a re-entry population. The main goal of the evaluation is to learn how the PFS

model is implemented in diverse settings with different structures, populations, and community contexts. The Urban Institute has designed a multi-disciplinary, multi-method approach to "learn as we do" and meet the key objectives of the formative evaluation. To understand project implementation, the evaluation includes data collection on both the time that project partners dedicate to each PFS project as well as PFS partner perceptions and interactions and community-level changes that may benefit the target population. This information collection request is for an ongoing time survey and an annual partnership web survey. The time survey will be used to assess staff time spent on development of each PFS project throughout the different lifecycle phases and the partnership survey will be used to document partner perceptions and interactions and community-level changes that may benefit the target population.

Respondents: For the annual web-based partnership survey and weekly time text survey, 100 respondents from the grantee and key project partner at 7 demonstration sites. For the monthly web-based time survey, 35 supervisory staff.

Respondents:

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Annual Web-Based Partnership Survey ...	100.00	1.00	100.00	0.25	25.00	25.92	\$648.00

Endangered Species; Issuance of Recovery Permits and Interstate Commerce Permits January 2, 2017, through June 30, 2017

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: We, the U.S. Fish and Wildlife Service, have issued permits to conduct activities with endangered and threatened species under the authority of the Endangered Species Act, as amended (ESA). With some exceptions, the ESA prohibits activities involving

listed species unless a Federal permit is issued that allows such activity. We provide this list for the convenience of the public as a summary of our permit issuances for the first 6 months of calendar year 2017.

FOR FURTHER INFORMATION CONTACT: See the contact information in the Permits Issued section.

SUPPLEMENTARY INFORMATION: We have issued permits to conduct activities with endangered and threatened species in response to recovery permit applications that we received under the authority of section 10(a)(1)(A) of the

Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*; ESA). These permits were issued between January 1, 2017, and June 30, 2017. Each permit was issued only after we determined that it was applied for in good faith, that granting the permit would not be to the disadvantage of the listed species, that the proposed activities were for scientific research or would benefit the recovery or the enhancement of survival of the species, and that the terms and conditions of the permits were consistent with the purposes and policy set forth in the ESA.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Depredation Orders

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service, are proposing to renew an information collection with revisions.

DATES: Interested persons are invited to submit comments on or before January 8, 2018.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395-5806. Please provide a copy of your comments to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: BPHC, 5275 Leesburg Pike, Falls Church, VA 22041-3803 (mail); or by email to Info_Coll@fws.gov. Please reference OMB Control

Number 1018-0146 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358-2503. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on July 3, 2017 (82 FR 30884). We received one comment in which the commenter objected to the collection of this information, but did not specifically address the information collection requirements. We did not make any changes to our requirements as a result of that comment.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the Service; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Service enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Service minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Migratory Bird Treaty Act (MBTA; 16 U.S.C. 703 *et seq.*) implements four treaties concerning migratory birds signed by the United States with Canada, Mexico, Japan, and Russia. These treaties require that we preserve most U.S. species of birds, and prohibit activities involving migratory birds, except as authorized by regulation. Under the MBTA, it is unlawful to take, possess, import, export, transport, sell, purchase, barter—or offer for sale, purchase, or barter—migratory birds or their parts, nests, or eggs, except as authorized by regulation. This information collection is associated with our regulations that implement the MBTA. We collect information concerning depredation actions taken to determine how many birds of each species are taken each year and whether the control actions are likely to affect the populations of those species.

In 2003, the Service issued regulations at 50 CFR 21.43 establishing a depredation order that authorize the take of blackbirds, cowbirds, crows, grackles, and magpies under certain circumstances. In this regulation is a depredation order that authorizes take of blackbirds, cowbirds, grackles, crows, and magpies “when found committing or about to commit depredations upon ornamental or shade trees, agricultural crops, livestock, or wildlife, or when concentrated in such numbers and manner as to constitute a health hazard or other nuisance.”

In 1974, the Service issued a regulation at 50 CFR 21.46 establishing a depredation order that authorizes the take of scrub jays and Steller's jays in Washington and Oregon under certain circumstances. This regulation imposes reporting and recordkeeping requirements. 50 CFR 21.46 authorizes take of scrub jays and Steller's jays “when found committing or about to commit serious depredations to nut crops on the premises owned or occupied by such persons.”

Reporting Requirements (50 CFR 21.43 and 21.46)—All persons or entities acting under depredation orders must provide an annual report (FWS Form 3-202-21-2143, “Annual Report—Depredation Order for Blackbirds, Cowbirds, Grackles, Magpies, and Crows” or FWS Form 3-2500, “Depredation Order for Depredating Jays in Washington and Oregon,” containing the following information:

- Species taken,
- Number of birds taken,
- Months and years in which the birds were taken,
