

FOR FURTHER INFORMATION CONTACT: If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Kimberly A. Webber, Global Operations Section, CJIS Division Intelligence Group, Federal Bureau of Investigation, Criminal Justice Information Services Division, (CJIS), biometric Technology Center, 1000 Custer Hollow Road, Clarksburg, West Virginia 26306; facsimile 304-625-2198.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:* Extension of a currently approved collection.

2. *The Title of the Form/Collection:* Federal Bureau of Investigation Bioterrorism Preparedness Act: Entity/Individual Information.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form is FD-961. The applicable component within the Criminal Justice Information Services Division, Department of Justice (DOJ), Federal Bureau of Investigation (FBI).

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: City, country, state,

federal, individuals, business or other for profit, and not-for-profit institute. This collection is needed to receive names and other identifying information submitted by individuals requesting access to specific agents or toxins, and consult with appropriate officials of the Department of Health and Human Services and the Department of Agriculture as to whether certain individuals specified in the provisions should be denied access to or granted limited access to specific agents.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* There are approximately 4,635 (FY 2015) and respondents at 1 hour 45 minutes for the FD-961 form.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is approximately 6,953 hours annual burden, associated with this information collection.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE., 3E.405A, Washington, DC 20530.

Dated: December 6, 2017.

Melody Braswell,

Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410-02-P

DEPARTMENT OF JUSTICE

[OMB Number 1103-0098]

Agency Information Collection Activities; Proposed eCollection Activities; Proposed eComments Requested; Revision of a Currently Approved Collection

AGENCY: Office of Community Oriented Policing Services, Department of Justice.
ACTION: Notice.

SUMMARY: The Department of Justice, Office of Community Oriented Policing Services, is submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: The Department of Justice encourages public comment and will accept input until February 9, 2018.

FOR FURTHER INFORMATION CONTACT: If you have additional comments especially on the estimated public

burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Lashon M. Hilliard, Department of Justice Office of Community Oriented Policing Services, 145 N Street NE., Washington, DC 20530; Telephone number: 202-514-6563 (Note: this is not a toll-free number).

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Office of Community Oriented Policing Services, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection:

1. *Type of Information Collection:* Revision of a currently approved collection.

2. *The Title of the Form/Collection:* COPS Application Package.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* There is no agency form number for this collection. The applicable component within the Department of Justice is the Office of Community Oriented Policing Services.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary respondents are Law Enforcement Agencies.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents is 5,000. The estimated hourly burden to the applicant is 11

hours for each respondent to review the instructions and complete the application.

6. *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 55,000 total annual burden hours associated with this collection.

If additional information is required contact: Jake Bishop-Green, Acting Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE., 3E.405A, Washington, DC 20530.

Dated: December 5, 2017.

Jake Bishop-Green,

*Acting Department Clearance Officer for PRA,
U.S. Department of Justice.*

DEPARTMENT OF LABOR

Employment and Training Administration

Draft Finding of No Significant Impact for the Proposed Rehabilitation or Replacement of Buildings at the Gulfport Job Corps Center, 3300 20th Street, Gulfport, Mississippi 39501

AGENCY: Office of Job Corps,
Employment and Training
Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The Department of Labor (DOL or Department), ETA, Office of Job Corps, is issuing a draft Finding of No Significant Impact (FONSI) regarding the proposed rehabilitation or replacement of buildings at the Gulfport Job Corps Center (JCC) in Gulfport, Mississippi.

DATES: To be ensured for consideration, comments must be submitted in writing on or before January 10, 2018.

ADDRESSES: Comments can be submitted by email to Marsha Fitzhugh at fitzhugh.marsha@dol.gov.

FOR FURTHER INFORMATION CONTACT: Marsha Fitzhugh, Division of Facilities and Asset Management, Office of Job Corps, ETA, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-4463, Washington, DC 20210; Telephone (202) 693-3000 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION:

I. Introduction

Established in 1964, Job Corps is a national program administered by ETA in the Department. It is the nation's

largest federally-funded, primarily residential training program for youth ages 16–24. With 125 centers across the country, Job Corps seeks to change lives through education and job training for in-demand careers. Job Corps serves at-risk young people who seek to overcome barriers to employment, which can include poverty, homelessness, or aging out of the foster care system, by providing them with the academic, career technical, and employability skills to enter the workforce, enroll in post-secondary education, pursue apprenticeship opportunities, or enlist in the military.

The Gulfport JCC opened in 1978 utilizing buildings that were initially constructed in 1954 as a high school for African-American students, known as the 33rd Avenue High School. The three original high school buildings, which are considered eligible for inclusion on the National Register of Historic Places (NRHP), sustained extensive damage during Hurricane Katrina. As a result, the Gulfport JCC reopened with temporary facilities three and a half years after the storm. These three original buildings have not been rehabilitated.

II. Environmental Assessment and Draft Finding of No Significant Impact

Pursuant to the Council on Environmental Quality (CEQ) Regulations (40 Code of Federal Regulations [CFR] part 1500–08) implementing procedural provisions of the National Environmental Policy Act (NEPA), the DOL, ETA, and Office of Job Corps, in accordance with 29 CFR 11.11(d), give notice that an Environmental Assessment (EA) has been prepared for the proposed rehabilitation or replacement of buildings at the Gulfport Job Corps Center (JCC), Gulfport, Mississippi. The EA evaluated the potential environmental and socioeconomic impacts associated with the redevelopment of buildings at the Gulfport JCC. Three action alternatives and the No Action Alternative were evaluated in the EA. After careful consideration, it was determined that the Preferred Alternative, to retain the existing street-facing building façades and construct new buildings behind the façades, would best meet the purpose and need without causing significant environmental impacts. This Preferred Alternative would add approximately 93,000 gross square feet (GSF) of permanent, functional space at the Gulfport JCC.

The Preferred Alternative would retain the appearance of the historic structures by retaining the street-facing

façades of Building 1, originally the main high school building, and Building 2, the gymnasium. New buildings would be constructed behind the façades to provide administration, educational, medical/dental, and recreation spaces that meet the needs of the Gulfport JCC and Job Corps program guidelines. Building 5, the cafeteria, would be demolished and replaced by a new, modern cafeteria, and a new building would be constructed for vocational training for shop-related trades and for storage and maintenance. The Preferred Alternative would result in a modern Job Corps instructional campus that meets the purpose of and need for the proposed action.

Under the Preferred Alternative, there would be adverse impacts on historic properties; however, adverse impacts would be resolved through mitigation. A Memorandum of Agreement (MOA) between DOL, the Advisory Council on Historic Preservation, and the City of Gulfport memorializing the steps necessary to mitigate the adverse effects caused by the Preferred Alternative for the Gulfport JCC redevelopment project was executed on September 19, 2017. Mitigation measures include retaining the street-facing façades of Buildings 1 and 2, with new buildings being constructed behind the façades; preparation of Historic American Building Survey (HABS) Level II, which would record the appearance and history of the buildings to be filed with the National Park Service for inclusion in the Library of Congress' HABS collection; an exhibit near the entrance to the new Main Building to preserve the memory of the 33rd Avenue High School and honor its alumni; and renaming the Gulfport JCC to memorialize the 33rd Avenue High School. Because adverse impacts on cultural resources would be resolved through mitigation, the Preferred Alternative would not result in significant impacts on cultural resources.

To comply with the CEQ requirement for “early and meaningful public participation,” the public was invited to meetings and encouraged to provide input throughout the process of developing the EA. A public scoping meeting was held on June 14, 2016, in Gulfport, to discuss the proposed project. Public comments received at the meeting were considered in the preparation of the EA. The Draft EA was provided to the public for a 30-day review and comment period. The availability of the EA for review was announced through a news release published in the *Sun Herald* on November 16, 2016, and a **Federal**
