SUMMARY: The Forest Service is revising the Flathead National Forest's Land and Resource Management Plan (forest plan). The Forest Service is concurrently amending the forest plans of the Helena-Lewis and Clark, Kootenai, and Lolo National Forests to incorporate habitat management direction for the Northern Continental Divide Ecosystem (NCDE) grizzly bear population. The Flathead National Forest is proposing to incorporate the NCDE grizzly bear habitat management direction as part of its plan revision process. The Forest Service has

prepared a single Final Environmental Impact Statement (FEIS) for its revised forest plan and the forest plan amendments, a draft Record of Decision (ROD) for the revised forest plan, and a draft ROD for the forest plan amendments.

This notice is to inform the public that a 60-day period is being initiated where individuals or entities with specific concerns on the Flathead National Forest's Revised Land Management Plan and the Northern Continental Divide Ecosystem Grizzly Bear Conservation Strategy forest plan amendments for the Helena-Lewis and Clark, Kootenai, and Lolo National Forests and its associated FEIS may file objections for Forest Service review prior to the approval of the Revised Land Management Plan and forest plan amendments. This is also an opportunity to object to the Regional Forester's list of species of conservation concern for the Flathead National Forest.

DATES: The FEIS, Flathead National Forest revised forest plan, other supporting documentation, and the draft RODs are available for review starting December 1, 2017 on the forest plan revision web page: www.fs.usda.gov/goto/flathead/fpr; on the forest plan amendments web page: www.fs.usda.gov/goto/flathead/gba; and the Northern Region species of conservation concern web page: <http://bit.ly/NorthernRegion-SCC>.

Objections can be faxed to the Objection Reviewing Officer at (406) 329-3411. The fax coversheet must include a subject line with "Flathead Forest Plan Objection," "NCDE Grizzly Bear Forest Plan Amendments," or "Flathead Species of Conservation Concern" and should specify the number of pages being submitted. Electronic objections must be submitted to the Objection Reviewing Officer via email to appeals-northern-regional-office@fs.fed.us, with "Flathead Forest Plan Objection," "NCDE Grizzly Bear Forest Plan Amendments," or "Flathead Species of Conservation Concern" in the

SUPPLEMENTARY INFORMATION:

Title: Objective Yield Surveys.

OMB Control Number: 0535-0088.

Expiration Date of Approval: July 31, 2018.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to collect, prepare and issue State and national estimates of crop and livestock production, prices and disposition as well as economic statistics, farm numbers, land values, on-farm pesticide usage, pest crop management practices, as well as the Census of Agriculture. The field crops Objective Yield Surveys objectively predict yields for corn, cotton, potatoes, soybeans, and wheat. Sample fields are randomly selected for these crops, plots are laid out, and periodic counts and measurements are taken and then used to forecast production during the growing season. Production forecasts are published in USDA Crop Production reports.

In this approval request, NASS will be including a new group of fruit and nut objective yield surveys. These surveys will be conducted under cooperative agreements with several State Departments of Agriculture. The individual States will be reimbursing NASS for the costs associated with these additional surveys. The surveys will include: California citrus, almonds and walnuts; Florida citrus; and Oregon hazelnuts.

The increased burden hours and sample sizes reported below include these additional surveys.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501, *et seq.*) and Office of Management and Budget regulations at 5 CFR part 1320.

NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33362.
