

## Scope of the Order

The products covered by the order are all finished circular sawblades, whether slotted or not, with a working part that is comprised of a diamond segment or segments, and parts thereof, regardless of specification or size, except as specifically excluded below. Within the scope of the order are semifinished diamond sawblades, including diamond sawblade cores and diamond sawblade segments. Diamond sawblade cores are circular steel plates, whether or not attached to non-steel plates, with slots. Diamond sawblade cores are manufactured principally, but not exclusively, from alloy steel. A diamond sawblade segment consists of a mixture of diamonds (whether natural or synthetic, and regardless of the quantity of diamonds) and metal powders (including, but not limited to, iron, cobalt, nickel, tungsten carbide) that are formed together into a solid shape (from generally, but not limited to, a heating and pressing process).

Sawblades with diamonds directly attached to the core with a resin or electroplated bond, which thereby do not contain a diamond segment, are not included within the scope of the order. Diamond sawblades and/or sawblade cores with a thickness of less than 0.025 inches, or with a thickness greater than 1.1 inches, are excluded from the scope of the order. Circular steel plates that have a cutting edge of non-diamond material, such as external teeth that protrude from the outer diameter of the plate, whether or not finished, are excluded from the scope of the order. Diamond sawblade cores with a Rockwell C hardness of less than 25 are excluded from the scope of the order. Diamond sawblades and/or diamond segment(s) with diamonds that predominantly have a mesh size number greater than 240 (such as 250 or 260) are excluded from the scope of the order. Merchandise subject to the order is typically imported under heading 8202.39.00.00 of the Harmonized Tariff Schedule of the United States (HTSUS). When packaged together as a set for retail sale with an item that is separately classified under headings 8202 to 8205 of the HTSUS, diamond sawblades or parts thereof may be imported under heading 8206.00.00.00 of the HTSUS. On October 11, 2011, the Department included the 6804.21.00.00 HTSUS classification number to the customs case reference file, pursuant to a request by U.S. Customs and Border Protection (CBP).<sup>4</sup> The tariff classification is

provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

## Final Results of Changed Circumstances Review

For the reasons stated in the *Initiation and Preliminary Results*, we continue to find that Chengdu Huifeng New Material Technology Co., Ltd. is the successor-in-interest to Chengdu Huifeng Diamond Tools Co., Ltd. for purposes of determining antidumping duty liability under the antidumping duty order on diamond sawblades from the PRC.<sup>5</sup> As a result of this determination, we find that Chengdu Huifeng New Material Technology Co., Ltd. is entitled to the cash deposit rate previously assigned to Chengdu Huifeng Diamond Tools Co., Ltd. in the most recently completed administrative review of the antidumping duty order on diamond sawblades from the PRC.<sup>6</sup> Consequently, the Department will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise exported by Chengdu Huifeng New Material Technology Co., Ltd., and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at 6.19 percent, which is the current antidumping duty cash deposit rate for Chengdu Huifeng Diamond Tools Co., Ltd.<sup>7</sup> This cash deposit requirement shall remain in effect until further notice.

## Notification to Interested Parties

This notice serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

**SUMMARY:** The Department of Commerce (Department) preliminarily determines that countervailable subsidies are being provided to producers and exporters of cast iron soil pipe fittings (soil pipe fittings) from the People's Republic of China (PRC). The period of investigation is January 1, 2016, through December 31, 2016.

**DATES:** Applicable December 19, 2017.

**FOR FURTHER INFORMATION CONTACT:** Dennis McClure or Jinny Ahn, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: 202–482–5973 or 202–482–0339, respectively.

### SUPPLEMENTARY INFORMATION:

#### Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). The Department published the notice of initiation of this investigation on August 8, 2017.<sup>1</sup> On September 2, 2017, the Department postponed the preliminary determination of this investigation and the revised deadline is now December 11, 2017.<sup>2</sup> For a

complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.<sup>3</sup> A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

### Scope of the Investigation

The products covered by this investigation are cast iron soil pipe fittings from the PRC. For a complete description of the scope of this investigation, see Appendix I.

### Scope Comments

In accordance with the preamble to the Department's regulations,<sup>4</sup> the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).<sup>5</sup> No

parties submitted comments with regard to the scope of this investigation.

### Methodology

The Department is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, the Department preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that confers a benefit on the recipient, and that the subsidy is specific.<sup>6</sup>

The Department notes that, in making these findings, it relied, in part, on facts available and, because it finds that one or more respondents did not act to the best of their ability to respond to the Department's requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.<sup>7</sup> For further information, see "Use of Facts Otherwise Available and Adverse Inferences" in the Preliminary Decision Memorandum.

### Alignment

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), the Department is aligning the final CVD determination in this investigation with the final determination in the companion AD investigation of cast iron soil pipe fittings based on a request made by the petitioner.<sup>8</sup> Consequently, the final CVD

determination will be issued on the same date as the final antidumping duty determination, which is currently scheduled to be issued no later than April 24, 2018, unless postponed.

### All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, the Department shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act.

In this investigation, the Department calculated individual estimated countervailable subsidy rates for Shanxi Xuanshi Industrial Group Co., Ltd. and Wor-Biz International Trading Co., Ltd. (Anhui) that are not zero, *de minimis*, or based entirely on facts otherwise available. The Department calculated the all-others' rate using a weighted average of the individual estimated subsidy rates calculated for the examined respondents using each company's publicly-ranged values for the merchandise under consideration.<sup>9</sup>

### Preliminary Determination

The Department preliminarily determines that the following estimated countervailable subsidy rates exist:

Producer/exporter	Subsidy rate (percent)
Shanxi Xuanshi Industrial Group Co., Ltd .....	8.66
Shijiazhuang Chengmei Import & Export Co., Ltd .....	102.31
Wor-Biz International Trading Co., Ltd. (Anhui) .....	12.72
All-Others .....	10.37

### Suspension of Liquidation

In accordance with section 703(d)(1)(B) and (d)(2) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to 19 CFR

351.205(d), the Department will instruct CBP to require a cash deposit equal to the rates indicated above.

### Disclosure

The Department intends to disclose its calculations and analysis to interested parties in this preliminary determination within five days of its public announcement, or if there is no public announcement, within five days

of the date of this notice in accordance with 19 CFR 351.224(b).

### Verification

As provided in section 782(i)(1) of the Act, the Department intends to verify the information relied upon in making its final determination.

### Public Comment

Case briefs or other written comments may be submitted to the Assistant

#### Appendix I

##### Scope of the Investigation

The merchandise covered by this investigation is cast iron soil pipe fittings, finished and unfinished, regardless of industry or proprietary specifications, and regardless of size. Cast iron soil pipe fittings are nonmalleable iron castings of various designs and sizes, including, but not limited to, bends, tees, wyes, traps, drains, and other common or special fittings, with or without side inlets.

Cast iron soil pipe fittings are classified into two major types—hubless and hub and spigot. Hubless cast iron soil pipe fittings are manufactured without a hub, generally in compliance with Cast Iron Soil Pipe Institute (CISPI) specification 301 and/or American Society for Testing and Materials (ASTM) specification A888. Hub and spigot pipe fittings have hubs into which the spigot (plain end) of the pipe or fitting is inserted. Cast iron soil pipe fittings are generally distinguished from other types of nonmalleable cast iron fittings by the manner in which they are connected to cast iron soil pipe and other fittings.

The subject imports are normally classified in subheading 7307.11.0045 of the Harmonized Tariff Schedule of the United States (HTSUS): Cast fittings of nonmalleable cast iron for cast iron soil pipe. The HTSUS subheading and specifications are provided for convenience and customs purposes only; the written description of the scope of this investigation is dispositive.
