SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–79834; File No. SR–NYSEArca–2017–01]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change Amending the NYSE Arca Equities Rule 5 and Rule 8 Series

January 18, 2017.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”),² and Rule 19b–4 thereunder,³ notice is hereby given that on January 6, 2017, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is

publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Equities Rule 5 and Rule 8 series to add additional continued listing standards as well as clarify the procedures it will undertake when an ETP is noncompliant with applicable rules. The proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the listing rules for ETPs in the Rule 5 and Rule 8 series of the NYSE Arca Equities rule book to add additional continued listing standards as well as clarify the procedures it will undertake when an ETP is noncompliant with applicable rules. The proposed rule changes are being made in concert with discussions with the SEC. Staff (“Staff”) of the SEC's Division of Trading and Markets (“T&M”) requested that the Exchange adopt certain additional continued listing standards for ETPs.

As a result, the proposed amended rules reflect the guidance provided by T&M Staff to clarify that most initial listing standards, as well as certain representations included in Exchange rule filings under SEC Rule 19b–4 to list an ETP (“Exchange Rule Filings”), are also considered continued listing standards. The Exchange Rule Filing representations that will also be required to be maintained on a continuous basis include (a) the

description of the fund and (b) the fund's investment restrictions.

The proposed rule changes require that ETPs listed by the Exchange without an Exchange Rule Filing must maintain the initial index or reference asset criteria on a continued basis. For example, in the case of a domestic equity index, these criteria generally include: (a) Stocks with 90% of the weight of the index must have a minimum market value of at least \$75 million; (b) stocks with 70% of the weight of the index must have a minimum monthly trading volume of at least 250,000 shares; (c) the most heavily weighted component cannot exceed 30% of the weight of the index, and the five most heavily weighted stocks cannot exceed 65%; (d) there must be at least 13 stocks in the index; and (e) all securities in the index must be listed in the U.S. There are similar criteria for international indexes, fixed-income indexes and indexes with a combination of components.

If an Exchange Rule Filing is made to list a specific ETP, the proposed rule change requires that the issuer of the security comply on a continuing basis with any statements or representations contained in the applicable rule proposal, including (a) the description of the portfolio and (b) limitations on portfolio holdings or reference assets. The NYSE Arca listing rules will also be modified to require that issuers of securities listed under the Rule 5 and Rule 8 series must notify the Exchange regarding instances of non-compliance. In addition, while listed ETPs are currently subject to the delisting process in Rule 5.5(m), the rules will be clarified to make this explicit.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁴ in general, and furthers the objectives of Sections 6(b)(5)⁵ of the Act, in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange also believes that the proposed rule change is consistent with Section 6(b)(5)⁶ of the Act in that it is
