

qualifications to contribute to the accomplishment of NVAC's objectives. Interested candidates should demonstrate a willingness to commit time to NVAC activities and the ability to work constructively and effectively on committees.

Public Members: Public members are individuals who are appointed to the NVAC to exercise their own independent best judgment on behalf of the government. It is expected that public members will discuss and deliberate in a manner that is free from conflicts of interest. Public members to the NVAC shall be selected from individuals who are engaged in vaccine research or the manufacture of vaccines, or who are physicians, members of parent organizations concerned with immunizations, representatives of state or local health agencies, or public health organizations.

Representative Members: Representative members are individuals who are appointed to the NVAC to provide the views of industry or a special interest group. While they may be experts in various topic areas discussed by the Committee, they should not present their own viewpoints, but rather those of the industry or special interest group they represent. NVAC representative members shall serve specifically to represent the viewpoints or perspectives of the vaccine manufacturing industry or groups engaged in vaccine research or the manufacture of vaccines.

This announcement is to solicit nominations of qualified candidates to fill positions in the public and representative member category of the NVAC, including positions that are scheduled to be vacated during the 2019 calendar year. Applications received in response and not appointed may also be considered for future vacancies that occur.

Travel reimbursement and compensation for services provided to the committee: All NVAC members are authorized to receive the prescribed per diem allowance and reimbursement for travel expenses that are incurred to attend meetings and conduct authorized NVAC-related business, in accordance with standard government travel regulations. Members appointed to the NVAC as public members (see definition above) also are authorized to receive a stipend for services provided at public meetings of the Committee. All other services that are performed by the public members outside the Committee meetings shall be provided without compensation. Representative members (see definition above) will serve without compensation.

Expertise sought for the National Vaccine Advisory Committee: In accordance with the charter, persons nominated for appointment as members of the NVAC should be among authorities knowledgeable in areas related to vaccine safety, vaccine effectiveness, and vaccine supply. In order to enhance the diversity of expertise included in Committee discussions, NVPO is seeking nominations of individuals to serve on the National Vaccine Advisory Committee as public members in the following disciplines/topic areas:

- Vaccine research and development, vaccine clinical trials, and vaccine regulatory science;
- vaccine safety and post-marketing surveillance;
- vaccine access and financing;
- health information technologies and immunization information systems;
- immunization program implementation and management; and
- vaccine communications.

How to submit nominations: Nominations should be typewritten. The following information should be included in the package of material submitted for each individual being nominated for consideration: (1) A letter of nomination that clearly states the name and affiliation of the nominee, the basis for the nomination (*i.e.*, specific attributes which qualify the nominee for service in this capacity); and a statement that the nominee is willing to serve as a member of the Committee (2) the nominator's name, address, and daytime telephone number, home and/or work address, telephone number, and email address; (3) a current copy of the nominee's curriculum vitae (no longer than ten pages); and (4) a short biographical sketch (no more than 350 words). All required documentation must be received in order for a nomination to be considered.

Please note that nominees will not receive updates on the status of their nomination. Information on nominees appointed to the Committee by the Department will be posted to the NVAC website at <http://www.hhs.gov/nvpo/nvac/members/index.html>.

Individuals can nominate themselves for consideration of appointment to the Committee. All nominations must include the required information. Incomplete nominations will not be processed for consideration. The names of federal employees should not be nominated for consideration of appointment to this Committee.

The Department makes every effort to ensure that the membership of HHS federal advisory committees is fairly balanced in terms of points of view

represented and the committee's function. Every effort is made that a broad representation of geographic areas, gender, ethnic and minority groups, and the disabled are given consideration for membership on HHS federal advisory committees.

Appointment to this Committee shall be made without discrimination on the basis of age, race, ethnicity, gender, sexual orientation, disability, and cultural, religious, or socioeconomic status.

Individuals appointed to serve as public members of federal advisory committees are classified as special government employees (SGEs). SGEs are government employees for purposes of the conflict of interest laws. Therefore, individuals appointed to serve as public members of NVAC are subject to an ethics review. The ethics review is conducted to determine if the individual has any interests and/or activities in the private sector that may conflict with performance of their official duties as a member of the NVAC. Individuals appointed to serve as public members of the NVAC will be required to disclose information regarding financial holdings, consultancies, research grants and/or contracts, and the absence of an appearance of a loss of impartiality.

Dated: March 30, 2018.

Roula Sweis,

Deputy Director, National Vaccine Program Office.
