NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Institute of Museum and Library Services

Submission for OMB Review, Comment Request, Proposed Collection: IMLS “2019–2022 National Leadership Grants for Museums and Museums for America Grants”

AGENCY: Institute of Museum and Library Services, National Foundation on the Arts and the Humanities.

ACTION: Submission for OMB review, comment request.

SUMMARY: The Institute of Museum and Library Services announces the following information collection has been submitted to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and

financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. This notice proposes the clearance of the instructions for the “IMLS National Leadership Grants for Museums and Museums for America Grants.”

A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Comments must be submitted to the office listed in the **FOR FURTHER INFORMATION CONTACT** section below on or before July 11, 2018.

OMB is particularly interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses).

ADDRESSES: Comments should be sent to Office of Information and Regulatory Affairs, *Attn.:* OMB Desk Officer for Education, Office of Management and Budget, Room 10235, Washington, DC 20503, (202) 395–7316.

FOR FURTHER INFORMATION CONTACT: Dr. Sandra Webb, Director of Grant Policy and Management, Institute of Museum and Library Services, 955 L’Enfant Plaza North SW, Suite 4000, Washington, DC 20024–2135. Dr. Webb can be reached by Telephone: 202–653–4718 Fax: 202–653–4608, or by email at swebb@imls.gov, or by teletype (TTY/TDD) for persons with hearing difficulty at 202–653–4614.

SUPPLEMENTARY INFORMATION: The Institute of Museum and Library Services is the primary source of federal support for the nation’s libraries and museums. We advance, support, and empower America’s museums, libraries, and related organizations through grant making, research, and policy development. Our vision is a nation

where museums and libraries work together to transform the lives of individuals and communities. To learn more, visit www.imls.gov.

Current Actions: The goals of National Leadership Grants (NLG) for Museums are to support projects that address critical needs of the museum field and that have the potential to advance practice in the profession so that museums can improve services for the American public. Museums, institutions of higher education, and certain nonprofits who support museum operations or well-being are eligible to apply under this grant program. The goal of Museums for America (MFA) grants is to support projects that strengthen the ability of an individual museum to serve its public. The program supports museums by investing in high-priority activities that are clearly linked to an institution’s strategic plan and enhance its value to its community. This action is to renew the forms and instructions for the Notice of Funding Opportunities for the next three years.

NATIONAL SCIENCE FOUNDATION

Notice of Intent To Seek Approval To Establish an Information Collection

AGENCY: National Science Foundation.

ACTION: Notice and request for comments.

SUMMARY: The National Science Foundation (NSF) is announcing plans to request establishment and clearance of this collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting that OMB approve clearance of this collection for no longer than one year.

DATES: Written comments on this notice must be received by August 13, 2018 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

FOR ADDITIONAL INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Room W18000, Alexandria, Virginia 22314; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

Instructions: Please submit one copy of your comments by only one method. All submissions received must include the agency name and collection name identified above for this information collection. Commenters are strongly encouraged to transmit their comments electronically via email. Comments, including any personal information provided become a matter of public record. They will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request.

SUPPLEMENTARY INFORMATION:

Title of Collection: Survey of NSF INCLUDES Principal Investigators and Program Participants.

OMB Control Number: 3145-NEW.

Type of Request: Intent to seek approval to establish an information collection.

Abstract: The primary objective of the survey is to collect data on the formation of partnerships between Alliance grantees and collaborating organizations for the National Science Foundation (NSF) Inclusion Across the Nation of Communities of Learners of Underrepresented Discoverers in Engineering and Science (INCLUDES) initiative. These data will be used to understand how these partnerships form a network infrastructure for leveraging innovative strategies and approaches to eradicate the persistent lack of diversity and underrepresentation in science, technology, engineering, and mathematics (STEM) fields. The goal of NSF INCLUDES is to support pioneering models, networks, partnerships, and research that enable the U.S. STEM workforce to thrive by ensuring all groups are represented in percentages comparable to their representation in the U.S. population. NSF INCLUDES Alliances leverage the collective efforts of launch pilot grantees, which have proposed and implemented diverse change strategies at a small scale, to catalyze NSF's broadening participation (BP) investments. Alliances build on the activities of launch pilot grantees, partners, collaborators, and networks to propose and implement solutions to address the barriers that result in underrepresentation in the STEM enterprise.

Data from the survey will provide NSF with critical information about the impact of networked, collaborative approaches on broadening participation in STEM. These data will also provide an understanding of the specific ways in which the change process of a networked, collaborative approach meets NSF's goal of scaling innovative solutions to this pervasive and complex problem. Additionally, these data will provide an understanding for how the NSF INCLUDES approach can be used by other federal agencies to address similarly difficult problems. This survey is one component of a research design that includes extensive analysis of secondary data; however, an understanding of network formation and interaction requires primary data collection from network participants. This type of data is not currently being collected elsewhere and is critical to developing a real-world understanding of how organizations work together within a federally funded collaborative.
