C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023-01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule establishes a temporary safety zone. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

NPRM Notice of proposed rulemaking

U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA)(5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause find that those procedures are “impracticable, unnecessary, or contrary to public interest.” On April 19, 2018, the Captain of the Port (COTP) Buffalo published a notice of proposed rulemaking (NPRM), Docket Number USCG-2017-1112, to make temporary safety zones for annual events a final rule. This event was included in the NPRM. Its purpose was to mitigate potential threats to personnel, vessels, and the marine environment in the navigable waters within the specified safety zones. The NPRM addressed these concerns, and invited the public to comment during the comment period, which ended on May 21, 2018. As such, it is unnecessary to publish an NPRM for this temporary rule because the public had opportunity to comment on it and no comments were received concerning this event.

Under 5 U.S.C 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The Coast Guard intends to establish a permanent safety zone in the future under Docket Number USCG-2017-1112. Delaying the effective date would be contrary to the rule’s objectives of ensuring safety of life on the navigable waters and protection of persons and vessels in the vicinity of the planned event.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Buffalo (COTP) has determined the Hope Chest Buffalo Niagara Dragon Boat Festival presents significant risks to the public safety and property. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone while the event takes place.

IV. Discussion of the Rule

This rule establishes a safety zone on June 16, 2018, from 8:00 a.m. until 5:30 p.m. The safety zone will encompass all waters of the Buffalo River, Buffalo, NY starting at position 42°52′12.60″ N, 078°52′17.0″ W then Southeast to 42°52′03.0″ N, 078°52′12.0″ W then East
