SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for an extension of a currently approved information collection.

The NOAA Office of Education's Bay Watershed Education and Training (B-WET) program seeks to contribute to NOAA's mission by supporting education efforts to create an environmentally literate citizenry with the knowledge, attitudes, and skills needed to protect watersheds and related ocean, coastal, and Great Lakes ecosystems. B-WET currently funds projects in seven regions (California, Chesapeake Bay, Great Lakes, Gulf of Mexico, Hawaii, New England, and the Pacific Northwest). B-WET has created an across-region, internal evaluation system to provide ongoing feedback on program implementation and outcomes to ensure maximum quality and efficiency of the B-WET program. The evaluation system is sustained by B-

WET staff with occasional assistance from an outside contractor.

B-WET awardees and the awardees' professional development teacher-participants are asked to voluntarily complete online survey forms to provide evaluation data. One individual from each awardee organization is asked to complete a form once per year of the award, and the teacher participants are asked to complete one form at the end of their professional development program and another form at the end of the following school year.

SUPPLEMENTARY INFORMATION:

I. Background

By petition dated June 22, 2017, the Petitioners, all registered derivatives clearing organizations (“DCOs”), requested an exemptive order under section 4(c) of the Commodity Exchange Act (“CEA” or “Act”) permitting the ICE DCOs to invest futures and cleared swap customer funds in certain categories of euro-denominated sovereign debt. On December 15, 2017, the Commission published a proposed order that would grant the requested exemption (“Proposed Order”) and requested public comment on the Proposed Order.¹

Section 4d of the Act² and Commission Regulation 1.25(a)³ set out the permitted investments in which DCOs may invest customer funds.⁴ Section 4d limits investments of customer money to obligations of the United States (“U.S. Government Securities”), general obligations of any State or of any political subdivision thereof, and obligations fully guaranteed as to principal and interest by the United States.⁵ Regulation 1.25 expands the list of permitted investments but does not permit investment of customer funds in foreign sovereign debt.⁶

Regulation 1.25 previously included foreign sovereign debt as a permitted investment for customer funds.⁷ In 2011, the Commission removed this option from Regulation 1.25, but also acknowledged that the safety of sovereign debt issuances of one country may vary greatly from those of another, and stated that it was amenable to considering requests for section 4(c) exemptions from this restriction.⁸ Specifically, the Commission stated that it would consider permitting foreign sovereign debt investments (1) to the extent that the petitioner has balances in segregated accounts owed to customers or clearing member futures commission merchants in that country’s currency and (2) to the extent that the sovereign debt serves to preserve principal and maintain liquidity of customer funds as

² 7 U.S.C. 6d.

³ 17 CFR 1.25(a) (2017).

⁴ Although Regulation 1.25 by its terms applies only to futures customer funds, Regulation 22.3(d) requires that a DCO investing cleared swap customer funds comply with the requirements of Regulation 1.25.

⁵ See 7 U.S.C. 6d(a)(2) (futures), (f)(4) (cleared swaps).

⁶ Regulation 1.25 permits investment of customer funds in: (i) Obligations of the United States and obligations fully guaranteed as to principal and interest by the United States (U.S. government securities); (ii) General obligations of any State or of any political subdivision thereof (municipal securities); (iii) Obligations of any United States government corporation or enterprise sponsored by the United States government (U.S. agency obligations); (iv) Certificates of deposit issued by a bank (certificates of deposit) as defined in section 3(a)(6) of the Securities Exchange Act of 1934, or a domestic branch of a foreign bank that carries deposits insured by the Federal Deposit Insurance Corporation; (v) Commercial paper fully guaranteed as to principal and interest by the United States under the Temporary Liquidity Guarantee Program as administered by the Federal Deposit Insurance Corporation (commercial paper); (vi) Corporate notes or bonds fully guaranteed as to principal and interest by the United States under the Temporary Liquidity Guarantee Program as administered by the Federal Deposit Insurance Corporation (corporate notes or bonds); and (vii) Interests in money market mutual funds.

⁷ See 17 CFR 1.25(a) (2005).
