

**Phase 5: Review of the 2020 Census RDP and Recommendations for the 2030 Census RDP (2020 Post-Data Collection)**

As the final phase of the 2020 Census RDP, the Census Bureau will work with the states to conduct a thorough review of the RDP. The intent of this review, and the final report that results, is to provide guidance to the Secretary of Commerce and the Census Bureau Director in planning the 2030 Census RDP.

The Census Bureau issued invitation letters by mail (U.S. Postal Service) and follow-up emails to the officers or public bodies having initial responsibility for legislative reapportionment and redistricting. The 50 states, the District of Columbia, and the Commonwealth of Puerto Rico have identified non-partisan liaisons that are already working directly with the Census Bureau on the 2020 Census RDP.

In addition, to begin work on Phase 1 and Phase 2, the Census Bureau provides to states data from the Master Address File/Topologically Integrated Geographic Encoding and Referencing system, the Geographic Update Program Software (GUPS) (an optional software tool), and the procedures necessary for each state to participate. States are not required to use GUPS, but they have to submit their submission to the Census Bureau electronically in Census Bureau-specified formats. During the submission period, the Census Bureau provides training in the use of GUPS and assists the states in understanding the procedures necessary for processing files for their submission.

*Affected Public:* All 50 states, the District of Columbia, and the Commonwealth of Puerto Rico.

*Frequency:* Annual.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13, U.S.C., sections 16, 141, and 193.

*This information collection request may be viewed at [www.reginfo.gov](http://www.reginfo.gov). Follow the instructions to view Department of Commerce collections currently under review by OMB.*
