

DATES: The workshop will be held on Wednesday, September 19, 2018 from 8:30 a.m. to 5:00 p.m. Eastern time.

ADDRESSES: The workshop will be held at the Loews Annapolis Hotel, 126 West St., Annapolis, MD 21401.

FOR FURTHER INFORMATION CONTACT: Mark Greene, Policy and Standards Division Director, Office of Science and Technology, National Institute of Justice, 810 7th Street NW, Washington, DC 20531; telephone number: (202) 307-3384; email address: mark.greene2@usdoj.gov.

SUPPLEMENTARY INFORMATION: NIJ Standard 0101.07—the proposed revision of NIJ Standard 0101.06, *Ballistic Resistance of Body Armor*—specifies minimum performance requirements and test methods for the ballistic resistance of body armor used by U.S. law enforcement that is intended to protect the torso against handgun and rifle ammunition. A request for public comment was published in the **Federal Register** on February 22, 2018 (<https://www.federalregister.gov/d/2018-03674>). The proposed specification *Threat Levels and Associated Ammunition to Test Equipment Intended to Protect U.S. Law Enforcement Against Handguns and Rifles* defines ballistic threats identified by U.S. law enforcement as representative of prevalent threats in the United States. A request for public comment was published in the **Federal Register** on February 22, 2018 (<https://www.federalregister.gov/d/2018-03672>).

David B. Muhlhausen,

Director, National Institute of Justice.

BILLING CODE 4410-18-P

DEPARTMENT OF JUSTICE

Office of Justice Programs

[OJP (NIJ) Docket No. 1749]

Recognizing Private Sector Certification Programs for Criminal Justice Restraints

AGENCY: National Institute of Justice, Justice.

ACTION: Notice.

SUMMARY: The National Institute of Justice (NIJ) has been transitioning certification of restraints and handcuffs from an NIJ-operated program to recognition of private sector programs, as previously reported in the **Federal Register** (<https://federalregister.gov/a/2017-14638>). NIJ recognizes the following certification program for restraints as in compliance with

Minimum Scheme Requirements to Certify Criminal Justice Restraints Described in NIJ Standard 1001.00: Safety Equipment Institute, Inc., 1307 Dolley Madison Boulevard, Suite 3A, McLean, VA 22101, Telephone: (703) 442-5732, Fax: (703) 442-5756, Email: info@seinet.org, <http://www.seinet.org/>.

FOR FURTHER INFORMATION CONTACT: Mark Greene, Policy and Standards Division Director, Office of Science and Technology, National Institute of Justice, 810 7th Street NW, Washington, DC 20531; telephone number: (202) 307-3384; email address: mark.greene2@usdoj.gov.

SUPPLEMENTARY INFORMATION: Criminal justice agencies may still obtain NIJ's Compliant Products List (CPL) for metallic handcuffs that are compliant with NIJ Standard 0307.01 via the contact information below until December 31, 2018 by sending a request from an agency email address. While the CPL has remained published during the transition period, agencies should be aware that NIJ discontinued the metallic handcuffs Compliance Test Program on September 14, 2016 (<https://www.federalregister.gov/d/2016-22057>) and the CPL has not been updated since then. For criminal justice agencies wishing to purchase or procure restraints certified to meet NIJ Standard 1001.00, NIJ suggests the following procurement language: "Restraints tested in accordance with NIJ Standard 1001.00 and certified by a certification body recognized by the National Institute of Justice." Please note that restraints are certified by the NIJ-recognized private sector organization. They are *not* certified by NIJ, and the products should *not* be referred to as "NIJ certified." More information on NIJ Standard 1001.00, *Criminal Justice Restraints Standard*, and certification of restraints may be found at <https://nij.gov/topics/technology/standards-testing/Pages/restraints.aspx>, or by using the shortened link <https://go.usa.gov/xU2Ay>.

David B. Muhlhausen,

Director, National Institute of Justice.

BILLING CODE 4410-18-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA-2012-0004]

The Cadmium in Construction Standard; Extension of the Office of Management and Budget's (OMB) Approval of Information Collection (Paperwork) Requirements

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for public comments.

SUMMARY: OSHA solicits public comments concerning the proposal to extend OMB approval of the information collection requirements contained in the Cadmium in General Industry Standard.

DATES: Comments must be submitted (postmarked, sent, or received) by October 15, 2018.

ADDRESSES:

Electronically: You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Facsimile: If your comments, including attachments, are not longer than 10 pages you may fax them to the OSHA Docket Office at (202) 693-1648.

Mail, hand delivery, express mail, messenger, or courier service: When using this method, you must submit a copy of your comments and attachments to the OSHA Docket Office, Docket No. OSHA-2012-0004, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-3653, 200 Constitution Avenue NW, Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the OSHA Docket Office's normal business hours, 10:00 a.m. to 3:00 p.m., ET.

Instructions: All submissions must include the Agency name and the OSHA docket number (OSHA-2012-0004) for the Information Collection Request (ICR). All comments, including any personal information you provide, are placed in the public docket without change, and may be made available online at <http://www.regulations.gov>. For further information on submitting comments, see the "Public Participation" heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

Docket: To read or download comments or other material in the docket, go to <http://www.regulations.gov>

or the OSHA Docket Office at the above address. All documents in the docket (including this **Federal Register** notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the website. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. You may also contact Christie Garner at (202) 693-2222 to obtain a copy of the ICR.

FOR FURTHER INFORMATION CONTACT: Thomas Mockler or Christie Garner, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, telephone (202) 693-2222.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance process to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, the reporting burden (time and costs) is minimal, the collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (see 29 U.S.C. 657). The OSH Act also requires OSHA to obtain such information with a minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of effort in obtaining said information (see 29 U.S.C. 657).

The collection of information requirements specified in the Cadmium in Construction Standard protect workers from the adverse health effects that may result from their exposure to cadmium. The major collection of information requirements of the Standard include: Conducting worker exposure monitoring, notifying workers of their cadmium exposures, implementing a written compliance program, implementing medical surveillance of workers, providing

examining physicians with specific information, ensuring that workers receive a copy of their medical surveillance results, maintaining workers' exposure monitoring and medical surveillance records for specific periods, and providing access to these records by the worker who is the subject of the records, the worker's representative, and other designated parties.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply—for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

The Agency is not seeking a burden-hour adjustment and will summarize any comments submitted in response to this notice and will include this summary in its request to OMB.

Type of Review: Extension of a currently approved collection.

Title: Cadmium in Construction (29 CFR 1926.1127).

OMB Control Number: 1218-0186.

Affected Public: Business or other for-profits.

Number of Respondents: 10,000.

Frequency: On occasion; Quarterly; Semi-annually; Annually.

Average Time per Response: Varies from five minutes (.08 hour) for an employer to notify a worker with exposure monitoring results to 1.5 hours to administer worker medical examinations.

Estimated Number of Responses: 258,250.

Estimated Total Burden Hours: 33,720.

Estimated Cost (Operation and Maintenance): \$2,211,445.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

(1) Electronically at <http://www.regulations.gov>, which is the

Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number (Docket No. OSHA-2012-0005) for the ICR. You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify electronic comments by your name, date, and the docket number so that the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350; TTY (877) 889-5627. Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and dates of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download through this website. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> website to submit comments and access the docket is available at the website's "User Tips" link. Contact the OSHA Docket Office for information about materials not available through the website, and for assistance in using the internet to locate docket submissions.

V. Authority and Signature

Loren Sweatt, Deputy Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 *et seq.*) and Secretary of Labor's Order No. 1-2012 (77 FR 3912).

Signed at Washington, DC, on August 9, 2018.

Loren Sweatt,

Deputy Assistant Secretary of Labor for Occupational Safety and Health.
