SUPPLEMENTARY INFORMATION:

The decision to approve the Revised Forest Plan will be subject to the objection process identified in 36 CFR part 219 Subpart B (219.50 to 219.62). Individuals and entities who have submitted substantive formal comments related to the revision of the Forest Plan during the opportunities for public comment, as provided in 36 CFR part 219 Subpart A, during the planning process for that decision may file an objection. Objections must be based on previously submitted substantive formal comments attributed to the objector unless the objection concerns an issue that arose after the opportunities for formal comment. The burden is on the objector to demonstrate compliance with the requirements for objection. All objections must be filed, in writing, with the reviewing officer for the Revised Forest Plan. Objections received in response to this solicitation, including names and addresses of those who object, will be considered part of the public record on these proposed actions and will be available for public inspection. At a minimum, an objection must include the following (36 CFR 219.54(c)):

(1) The objector's name and address along with a telephone number or email address if available. In cases where no identifiable name is attached to an

objection, the Forest Service will attempt to verify the identity of the objector to confirm objection eligibility;

(2) Signature or other verification of authorship upon request (a scanned signature for electronic mail may be filed with the objection);

(3) Identification of the lead objector, when multiple names are listed on an objection. The Forest Service will communicate to all parties to an objection through the lead objector. Verification of the identity of the lead objector must also be provided if requested;

(4) The name of the Plan Revision document(s) being objected to, and the name and title of the responsible official;

(6) A concise statement explaining the objection and suggesting how the proposed Forest Plan decision may be improved. If the objector believes that the Plan Revision is inconsistent with law, regulation, or policy, an explanation should be included;

(7) A statement that demonstrates the link between the objector's prior substantive formal comments and the content of the objection, unless the objection concerns an issue that arose after the opportunities for formal comment; and

(8) All documents referenced in the objection (a bibliography is not sufficient), except that the following need not be provided:

a. All or any part of a Federal law or regulation,
b. Forest Service Directive System documents and land management Plans or other published Forest Service documents,

c. Documents referenced by the Forest Service in the planning documentation related to the proposal subject to objection, and

d. Formal comments previously provided to the Forest Service by the objector during the plan revision comment period.

Prior to the issuance of the reviewing officer's written response, either the reviewing officer or the objector may request to meet to discuss issues raised in the objection. Interested persons who wish to participate in meetings to discuss issues raised by objectors must have previously submitted substantive formal comments related to the objection issues. Interested persons must file a request to participate as an interested person within 10 days after legal notice of objections received has been published. Requests must be sent to the same email or address identified

for filing objections, above, and the interested person must identify the specific issues they have interest in discussing.
