Background on the CPSTF: The CPSTF is an independent, nonfederal panel whose members are appointed by the CDC Director. CPSTF members

represent a broad range of research, practice, and policy expertise in prevention, wellness, health promotion, and public health. The CPSTF was convened in 1996 by the Department of Health and Human Services (HHS) to identify community preventive programs, services, and policies that increase healthy longevity, save lives and dollars, and improve Americans' quality of life. CDC is mandated to provide ongoing administrative, research, and technical support for the operations of the CPSTF. During its meetings, the CPSTF considers the findings of systematic reviews on existing research and practice-based evidence and issues recommendations. CPSTF recommendations are not mandates for compliance or spending. Instead, they provide information about evidence-based options that decision makers and stakeholders can consider when they are determining what best meets the specific needs, preferences, available resources, and constraints of their jurisdictions and constituents. The CPSTF's recommendations, along with the systematic reviews of the evidence on which they are based, are compiled in *The Community Guide*.

Matters Proposed for Discussion: Cardiovascular Disease Prevention (Pharmacy-Based Interventions to Increase Medication Adherence); Mental Health (Effectiveness of School-Based Depression and Anxiety Prevention Interventions); Cancer Prevention and Control (Community Health Worker Interventions to Improve Screening Rates for Breast, Colorectal, and Cervical Cancer); Health Equity (Supportive Housing Policies to Address Homelessness); Obesity Prevention and Control (Combined School-Based Diet and Physical Activity Interventions); Economic Review (Active Travel to School); and discussion of Community Guide effectiveness methods. The agenda is subject to change without notice.

Roybal Campus Security Guidelines: The Edward R. Roybal Campus is the headquarters of the CDC and is located at 1600 Clifton Road NE, Atlanta, Georgia. The meeting is being held in a Federal government building; therefore, Federal security measures are applicable.

All meeting attendees must register by the dates outlined under MEETING ACCESSABILITY. In planning your arrival time, please take into account the need to park and clear security.
