AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping order on 1,1,1,2-tetrafluoroethane (R–134A) from the People’s Republic of China (China) covering the October 7, 2016, through March 31, 2018, period of review (POR).

DATES: Applicable September 11, 2018.

FOR FURTHER INFORMATION CONTACT: Paul Stolz, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4474.

SUPPLEMENTARY INFORMATION:

Background

On April 2, 2018, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on R–134A from China.¹ On April 27, and April 30, 2018, Commerce received timely requests for review from two producers and/or exporters of the subject merchandise: T.T. International Co., Ltd. (TTI) and Zhejiang Sanmei Chemical Ind. Co., Ltd. (also known as Zhejiang Sanmei Chemical Industry Co., Ltd. or “Zhejiang Sanmei”) (Sanmei).²

¹ See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 83 FR 13949 (April 2, 2018).

² See the letter from TTI, “1,1,1,3-Tetrafluoroethane (R–134A) from the People’s Republic of China: Request for Antidumping Duty

Based on these requests, on June 6, 2018, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), Commerce published in the **Federal Register** a notice of initiation of an administrative review covering the October 7, 2016, through March 31, 2018 POR, with respect to TTI and Sanmei.³ On August 7 and 21, 2018, TTI and Sanmei, respectively, timely withdrew their requests for an antidumping duty administrative review, pursuant to 19 CFR 351.213(d)(1).⁴ No other party requested a review of this order.

Rescission

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested a review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. TTI and Sanmei both timely withdrew their requests for an administrative review within the 90-day deadline, and no other party requested an administrative review of this order. Therefore, we are rescinding the administrative review of antidumping duty order on R–134A from China covering the period October 7, 2016 through March 31, 2018, in its entirety.

Assessment

Because Commerce is rescinding this administrative review in its entirety, Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of R–134A from China. The entries to which this administrative review pertains shall be assessed antidumping duties at rates equal to the cash deposits of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice in the **Federal Register**.

Administrative Review,” dated April 27, 2018 and the letter from Sanmei, “1,1,1,2-Tetrafluoroethane (R–134A) from the People’s Republic of China: Request for Administrative Review,” dated April 30, 2018.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Certain Steel Nails From the People’s Republic of China: Preliminary Results of the Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2016–2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that certain steel nails (nails) from the People’s Republic of China (China) were

sold in the United States at less than normal value (NV) during the period of review (POR), August 1, 2016, through July 31, 2017.

DATES: Applicable September 11, 2018.

FOR FURTHER INFORMATION CONTACT:

Susan Pulongbarit or Benito Ballesteros, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4031 or (202) 482-7425, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 16, 2017, Commerce published in the **Federal Register** the notice of initiation of an administrative review of the antidumping duty order on nails from China¹ for the POR, August 1, 2016, through July 31, 2017.² Commerce initiated a review with respect to 145 companies.³ Pursuant to section 777A(c)(2)(A) of the Tariff Act of 1930, as amended (the Act), Commerce selected three mandatory respondents, The Stanley Works (Langfang) Fastening Systems Co., Ltd. and Stanley Black & Decker, Inc. (collectively, Stanley), Dezhou Hualude Hardware Products Co. Ltd. (Dezhou Hualude), and Shandong Dinglong Import & Export Co., Ltd. (Shandong Dinglong).⁴ On April 30, 2018, Commerce extended the deadline for issuing the preliminary results by 90 days.⁵ On August 1, 2018, Commerce fully extended the deadline for issuing the preliminary results to September 4, 2018.⁶

Scope of the Order

The products covered by this review are nails from China. For a full

description of the scope, see the Preliminary Decision Memorandum, dated concurrently with and hereby adopted by this notice.⁷

Preliminary Determination of No Shipments

Based on the no-shipments letters filed by nine companies,⁸ Commerce preliminarily determined that these companies had no shipments during the POR. For additional information regarding this determination, including a list of these companies, see the Preliminary Decision Memorandum. Consistent with our assessment practice in non-market economy (NME) administrative reviews, Commerce is not rescinding this review for these companies, but intends to complete the review and issue appropriate instructions to CBP based on the final results of the review.⁹

Separate Rates

Commerce preliminarily determined that information placed on the record by the three mandatory respondents, as well as by the 19 other separate rate applicants, demonstrates that these companies are entitled to separate rate status. See Preliminary Results of Review section below. For additional information, see the Preliminary Decision Memorandum.

China-Wide Entity

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.¹⁰ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in this review, the entity is not under review and the weighted-average dumping

margin determined for the China-wide entity is not subject to change (*i.e.*, 118.04 percent) as a result of this review.¹¹ Aside from the companies discussed above, Commerce considers all other companies for which a review was requested¹² to be part of the China-wide entity. For additional information, see the Preliminary Decision Memorandum; *see also* Appendix I for a list of companies considered as part of the China-wide entity.

Sample Rate Calculation

In the *Sampling Methodology Notice*, we stated that, in order to calculate a rate to assign the non-selected companies when using a sampling procedure, Commerce will calculate a "sample rate" based upon an average of the rates for the selected respondents, weighted by the import share of their corresponding strata.¹³ The respondents selected for individual examination through the sampling process will receive their own rates; all companies in the sample population who were not selected for individual examination will receive the sample rate.¹⁴ Accordingly, we have calculated the sample rate by averaging the rates for the three selected respondents, weighted by the import share of their corresponding strata.¹⁵ The non-selected companies entitled to a separate rate have been assigned the sample rate. For additional information and a discussion of the issues examined with regard to the calculation of the sample rate, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and 751(a)(2)(A) of the Act. Constructed export prices and export prices have been calculated in accordance with section 772 of the Act. Because China is an NME country within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary

⁸ Although Shanxi Yuci Broad Wire Products Co., Ltd. and Certified Products International Inc. each submitted a no shipments letter, they are not among the 145 companies initiated on in this review, and therefore are not subject to this review. Therefore, we only evaluated the no shipment claims of the nine companies that submitted no shipments letters and for which this review was initiated.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁷ Commerce intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

For any individually examined respondent whose weighted average dumping margin is not zero or *de minimis* (i.e., less than 0.50 percent) in the final results of this review, Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those sales, in accordance with 19 CFR 351.212(b)(1). Where an importer-specific *ad valorem* rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.¹⁸ Where either a respondent's weighted-average

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is *de minimis*, then cash deposit rate will be zero); (2) for previously examined China and non-China exporters not listed above that at the time of entry are eligible for a separate rate based on a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all China exporters of subject merchandise that have not been found to be entitled to a separate rate at the time of entry, the cash deposit rate will be that for the China-wide entity (*i.e.*, 118.04 percent); and (4) for all non-China exporters of subject merchandise which at the time of entry are not eligible for a separate rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-China exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This preliminary determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Filing Information

As a courtesy, we are making information related to sunset proceedings, including copies of the pertinent statute and Commerce's regulations, Commerce's schedule for Sunset Reviews, a listing of past revocations and continuations, and current service lists, available to the public on Commerce's website at the following address: <http://enforcement.trade.gov/sunset/>. All submissions in these Sunset Reviews must be filed in accordance with Commerce's regulations regarding format, translation, and service of documents. These rules, including electronic filing requirements via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), can be found at 19 CFR 351.303.¹

Any party submitting factual information in an AD/CVD proceeding must certify to the accuracy and

completeness of that information.² Parties must use the certification formats provided in 19 CFR 351.303(g).³ Commerce intends to reject factual submissions if the submitting party does not comply with applicable revised certification requirements.

On April 10, 2013, Commerce modified two regulations related to AD/CVD proceedings: The definition of factual information (19 CFR 351.102(b)(21)), and the time limits for the submission of factual information (19 CFR 351.301).⁴ Parties are advised to review the final rule, available at <http://enforcement.trade.gov/frn/2013/1304frn/2013-08227.txt>, prior to submitting factual information in these segments. To the extent that other regulations govern the submission of factual information in a segment (such

as 19 CFR 351.218), these time limits will continue to be applied. Parties are also advised to review the final rule concerning the extension of time limits for submissions in AD/CVD proceedings, available at <http://enforcement.trade.gov/frn/2013/1309frn/2013-22853.txt>, prior to submitting factual information in these segments.⁵

Letters of Appearance and Administrative Protective Orders

Pursuant to 19 CFR 351.103(d), Commerce will maintain and make available a public service list for these proceedings. Parties wishing to participate in any of these five-year reviews must file letters of appearance as discussed at 19 CFR 351.103(d)). To facilitate the timely preparation of the public service list, it is requested that those seeking recognition as interested parties to a proceeding submit an entry of appearance within 10 days of the publication of the Notice of Initiation. Because deadlines in Sunset Reviews can be very short, we urge interested parties who want access to proprietary
