The CCFH is responsible for:

- Developing basic provisions on food hygiene, applicable to all food or to specific food types;
- Considering and amending or endorsing provisions on food hygiene contained in Codex commodity standards and codes of practice developed by Codex commodity committees;
- Considering specific food hygiene problems assigned to it by the Commission;
- Suggesting and prioritizing areas where there is a need for microbiological risk assessment at the international level and developing questions to be addressed by the risk assessors; and

- Considering microbiological risk management matters in relation to food hygiene and in relation to the FAO/WHO risk assessments.

The CCFH is hosted by the United States. The 50th Session will be co-hosted by Panama and will convene in Panama City.
