[EPA–HQ–SFUND–2000–0003; FRL–9984–45—Region 4]

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the Davis Timber Company Superfund Site

AGENCY: Environmental Protection Agency.

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) Region 4 announces the deletion of the Davis Timber Company Superfund Site (Site) located in Hattiesburg, Lamar County, Mississippi, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Mississippi, through the Mississippi Department of Environmental Quality (MDEQ), have determined that all appropriate response actions under CERCLA, other than operation and maintenance, and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

DATES: This action is effective September 25, 2018.

ADDRESSES: *Docket:* EPA has established a docket for this action under Docket Identification No. EPA–HQ–SFUND–2000–0003. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material,

is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the site information repositories. Locations, contacts, phone numbers and viewing hours are:

(1) USEPA Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960, Monday–Friday 7:30 a.m.–4:30 p.m., Contact Tina Terrell 404–562–8835; and

(2) Oak Grove Public Library (in the Reference Section), 4958 Old Highway 11, Hattiesburg, Mississippi, 39402, Monday–Friday 9:00 a.m.–6:00 p.m.; and Saturdays 10:00 a.m. to 2:00 p.m.; Phone: 601–296–1620.

FOR FURTHER INFORMATION CONTACT:

Scott Martin, Remedial Project Manager, Superfund Restoration and Sustainability Branch, Superfund Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960, (404) 562–8916, email: martin.scott@epa.gov.

SUPPLEMENTARY INFORMATION: The site to be deleted from the NPL is: Davis Timber Company Superfund Site (Site) located in Hattiesburg, Lamar County, Mississippi. A Notice of Intent to Delete for this Site was published in the **Federal Register** 83 FR 33182 on July 17, 2018.

The closing date for comments on the Notice of Intent to Delete was August 16, 2018. One public comment was received and it does not address the rule-making or deletion. Since the comment was not related to the deletion of this Site, EPA believes the deletion action is appropriate. A responsiveness summary was prepared and placed in both the docket, EPA–HQ–SFUND–2000–0003, on www.regulations.gov, and in the local repositories listed above.

EPA maintains the NPL as the list of sites that appear to present a significant risk to public health, welfare, or the environment. Deletion from the NPL does not preclude further remedial action. Whenever there is a significant release from a site deleted from the NPL, the deleted site may be restored to the NPL without application of the hazard ranking system. Deletion of a site from the NPL does not affect responsible party liability in the unlikely event that future conditions warrant further actions.

The closing date for comments on the Notice of Intent to Delete was August 30, 2018. One public comment was received. EPA believes this is not a site-specific adverse comment opposing the rule-making. EPA believes it is still appropriate to delete the site, and will proceed with the deletion action. A responsiveness summary was prepared and placed in both the docket, EPA-HQ-SFUND-2002-0001, on www.regulations.gov, and in the local repositories listed above.
