**INTERNATIONAL TRADE
COMMISSION**

[Investigation No. 337-TA-1108]

**Certain Jump Rope Systems; Notice of
Issuance of Limited Exclusion Order
Against Respondent Found in Default;
Termination of Investigation**

AGENCY: U.S. International Trade
Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has issued a limited exclusion order against certain jump rope systems thereof of Respondent Suzhou Everise Fitness Co, Ltd. of Jiangsu, China ("Respondent"). The investigation is terminated.

FOR FURTHER INFORMATION CONTACT: Carl P. Bretscher, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-2382. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: On April 18, 2018, the Commission instituted this investigation pursuant to a complaint filed by Jump Rope Systems, LLC of Louisville, Colorado ("Complainant"). 83 FR 17190 (Apr. 18, 2018). The complaint, as supplemented, alleges violations of Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), based upon the importation into the United States, sale for importation, or the sale within the United States after importation of certain jump rope systems that allegedly infringe one or more of the asserted claims of U.S. Patent Nos. 7,789,809 ("the '809 patent") and 8,136,208 ("the '208 patent"). The notice of investigation named one respondent, Suzhou Everise Fitness Co., Ltd. of Jiangsu, China. The Office of Unfair Import Investigations ("OUII") was also named a party to the investigation.

On August 6, 2018, the Commission determined not to review an initial determination (Order No. 6) that found Respondent to be in default under Commission Rule 210.16 (19 CFR 210.16). 83 FR 39460 (Aug. 9, 2018). The Commission further requested briefing from the parties and the public on the issues of remedy, the public interest, and bonding. *Id.*

On August 20, 2018, Complainant filed a submission requesting a limited exclusion order ("LEO") against Respondent and arguing that none of the public interest factors weighs against granting the LEO. Complainant requested that the bond be set at one hundred (100) percent of entered value in accordance with the Commission's

established practice for addressing defaulting respondents.

On August 20, 2018, OUII filed a submission that also recommended issuing an LEO against Respondent and setting the bond at one hundred (100) percent of entered value, per established Commission practice. OUII, like Complainant, argued that none of the public interest factors weighed against entering the LEO. On April 27, 2018, OUII filed a reply brief noting its agreement with Complainant's position.

The Commission has determined that the appropriate form of relief in this investigation is an LEO prohibiting the unlicensed entry of jump rope systems that infringe claim 1 of the '809 patent or claim 1 of the '208 patent and that are manufactured abroad by or on behalf of, or imported by or on behalf of, Respondent. The Commission has further determined that the public interest factors enumerated in Section 337(g)(1) (19 U.S.C. 1337(g)(1)) do not preclude issuance of the LEO. The Commission has determined that the bond for importation during the period of Presidential review shall be in the amount of one hundred (100) percent of the entered value of the imported subject articles of Respondent. The Commission's order was delivered to the President and the United States Trade Representative on the day of its issuance.

The authority for the Commission's determination is contained in Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: September 25, 2018.

Lisa Barton,

Secretary to the Commission.

**NATIONAL ARCHIVES AND RECORDS
ADMINISTRATION**

[NARA-2018-064]

**Records Schedules; Availability and
Request for Comments**

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for

records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records they no longer need to conduct agency business. NARA invites public comments on such records schedules.

DATES: NARA must receive requests for copies in writing by October 31, 2018. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send to you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Appraisal and Agency Assistance (ACRA) using one of the following means:

Mail: NARA (ACRA); 8601 Adelphi Road; College Park, MD 20740–6001.
Email: request.schedule@nara.gov.
Fax: 301–837–3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT: Margaret Hawkins, Director, by mail at Records Appraisal and Agency Assistance (ACRA), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740–6001, by phone at 301–837–1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: NARA publishes notice in the **Federal Register** for records schedules they no longer need to conduct agency business. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing records retention periods and

submit these schedules for NARA's approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize the agency to dispose of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless otherwise specified. An item in a schedule is media neutral when an agency may apply the disposition instructions to records regardless of the medium in which it creates or maintains the records. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is expressly limited to a specific medium. (See 36 CFR 1225.12(e).)

Agencies may not destroy Federal records without Archivist of the United States' approval. The Archivist approves destruction only after thoroughly considering the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value.

In addition to identifying the Federal agencies and any subdivisions requesting disposition authority, this notice lists the organizational unit(s) accumulating the records (or notes that the schedule has agency-wide applicability when schedules cover records that may be accumulated throughout an agency); provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction); and includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it also includes information about the records. You may request additional information about the disposition process at the addresses above.
