A. Program Description

The FAST Act, Public Law 114-94, section 1123, established the NSFLTP Program to fund projects to construct, reconstruct, or rehabilitate transportation facilities within, adjacent to, or accessing Federal and Tribal lands.

The NSFLTP Program provides an opportunity to address significant challenges across the Nation for transportation facilities that serve Federal and Tribal lands.

B. Federal Award Information

1. Amount Available—For FY 2018, the Secretary may award up to \$300 million in grants on a competitive basis to Federal and Tribal lands projects of national significance that meet the requirements. The \$300 million funding amount is based on the amount appropriated for the NSFLTP Program in the Department of Transportation Appropriations Act, 2018.

2. Award Size—The NSFLTP Program provides discretionary funding for projects that have an estimated construction cost of at least \$25 million, with construction projects with an estimated cost equal to or exceeding \$50 million receiving priority consideration in the selection process.

3. Availability of Funds—The funds provided for this program under the FY 2018 Appropriations Act are available until expended.

C. Eligibility Information

1. Eligible Applicants

a. Entities eligible to receive funds under the Federal Lands Access Program (23 United State Code (U.S.C.) 204), the Federal Lands Transportation Program (23 U.S.C. 203), the Tribal Transportation Program (23 U.S.C. 202), and the Federal Lands Planning Program (23 U.S.C. 201) may apply for funding under the NSFLTP Program, except that a State, county, or unit of local government may only apply for funding under the NSFLTP Program if sponsored by an eligible Federal land management agency (FLMA) or federally recognized Indian Tribe.

b. As sponsors, FLMAs and Tribes will provide quarterly a list of project applications they are sponsoring from their organization on behalf of State or local governments.

I. To promote effective communication and coordination, an FLMA or Tribe should identify one individual within their organization who will serve as Sponsorship Coordinator.

II. The Sponsorship Coordinator is responsible for providing the list of sponsored projects to the NSFLTP Program contacts listed on page 1 of this NOFO. The use of *Grants.gov* permits a wide range of eligible applicants to enter project applications.
