Title; Associated Form; and OMB Number: Nonappropriated Fund Human Resource Management System (NAF HRMS), OMB number 0703-XXXX.

Needs and Uses: The information collection requirement is necessary to manage and administer the Marine Corps Community Services (MCCS) employment application and hiring process.

Affected Public: Individuals or Households.

Annual Burden Hours: 38,933.

Respondents are applicants who are responding to an MCCS job posting on the MCCS Civilian Careers website, accessible at www.usmc-mccs.org/careers. The application delivers a systematic process which guides the applicants in completing the employment application and submitting it through the MCCS Civilian Careers website. Applicants are then able to login to their accounts and view their profile, track the status of their current application, and apply for future job postings. Maintaining the information collection in the NAF HRMS enables MCCS to successfully manage and administer an effective and efficient recruiting and hiring process. In addition, the NAF HRMS capabilities streamline the employment application process, reduce processing and recruiter response times, and decrease the need for applicant calls and inquiries; therefore, improving the applicant's experience.

If applicants were not permitted to provide their personal information on occasion at their discretion for employment applications the negative impacts could include a decreased amount of qualified applicants for MCCS employment opportunities, an inability to notify applicants on receipt of applications in a timely manner, and applicants not having a means to track the status of their applications. These negative impacts could result in poor experiences for jobseekers, unfavorable perspectives of MCCS as an employer, and ineffective practices in recruiting, hiring, and retention of valued employees.
