

update of already adopted standards in follow up to the July 2018 meeting on Health Terminologies and Vocabularies; and (2) draft of the NCVHS Thirteenth Report to Congress focused on actions that Congress might take in coordination with the executive branch and the industry to improve administrative simplification and reductions in burden for stakeholders involved in producing and using health data. In addition, the Committee will review proceedings from the December 2018 hearing on the Predictability Roadmap to identify recommendations for approaches to improve predictability and timeliness of the adoption and implementation processes related to updating standards and operating rules adopted under the authority of the Health Insurance Portability and Accountability Act (HIPAA).

The Privacy, Confidentiality and Security Subcommittee will provide an update on plans for a hearing in March 2019 focused on health information privacy and security beyond HIPAA. The Subcommittee on Population Health will discuss several topics including: Follow up with the Institute for Healthcare Improvement/100 Million Healthier Lives on the public-private partnership to achieve implementation of the NCVHS Measurement Framework for Community Health and Well-being; the federal role in supporting state, local and community measurement as it relates to Healthy People 2030; and the essential role of vital registration data and statistics in measuring, monitoring and understanding health at the community level.

The Committee will further refine its 2019 workplan and discuss activities of mutual significance with the Office of the National Coordinator for Health Information and Technology (ONC).

The times and topics are subject to change. Please refer to the posted agenda for any updates.
