SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP), for Hydrochloric Acid Production (40 CFR part 63, subpart NNNNN) were proposed on September 18, 2001, promulgated on April 17, 2003, and amended on April 7, 2006. These regulations apply to existing and new hydrochloric acid (HCl) production facilities. New facilities include those that commenced construction or reconstruction after the date of proposal. This information is being collected to assure compliance with 40 CFR part 63, subpart NNNNN. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NESHAP.

Form Numbers: None.

Respondents/affected entities: Hydrochloric acid production facilities.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart NNNNN).

Estimated number of respondents: 19 (total).

Frequency of response: Initially, occasionally and semiannually.

Total estimated burden: 22,600 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$2,742,000 (per year), which includes \$16,000 for annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is an adjustment decrease in burden and costs from the most recently-approved ICR. The adjustment decrease in burden is

due to more accurate estimates of existing and anticipated new sources, which are based on EPA's recent re-evaluation of the source category inventory as part of a proposed rulemaking and risk and technology review for 40 CFR 63, Subpart NNNNN. We have also corrected the previous assumption that existing respondents would record startup, shutdown, and malfunction events 100 times per year. Based on information received from industry in the development of the proposed risk and technology review, this assumption has been corrected to 10 times per year. Further, as a result of the decrease in existing and new sources, there is also an adjustment decrease in the number of total annual responses and the capital and operating and maintenance costs.

Courtney Kerwin,

Director, Regulatory Support Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NSPS for Stationary Compression Ignition Internal Combustion Engines (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NSPS for Stationary Compression Ignition Internal Combustion Engines (EPA ICR No. 2196.06, OMB Control No. 2060-0590), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through March 31, 2019. Public comments were previously requested, via the **Federal Register**, on May 30, 2018 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before April 25, 2019.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2011-0264 to: (1) EPA online using www.regulations.gov (our preferred method), or by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at

www.regulations.gov or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: The New Source Performance Standards (NSPS) for Stationary Compression Ignition Internal Combustion Engines (40 CFR part 60, subpart IIII) apply to manufacturers, owners and operators of new stationary compression ignition (CI) internal combustion engines (ICE). New facilities include those that commenced construction, modification or reconstruction after the date of proposal. For the purposes of this subpart, the date that construction commences is the date the engine is ordered by the owner or operator. In general, all NSPS standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any

startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NSPS. This information is being collected to assure compliance with 40 CFR part 60, subpart IIII.

Form Numbers: None.

Respondents/affected entities: Manufacturers, owners and operators of new stationary compression ignition (CI) internal combustion engines (ICE).

Respondent's obligation to respond: Mandatory (40 CFR part 60, subpart IIII).

Estimated number of respondents: 206,885 (total).

Frequency of response: Initially and annually.

Total estimated burden: 408,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$46,700,000 (per year), includes \$167,000 for annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is no significant increase in the burden hours in this ICR compared to the previous ICR. This because the regulations have not changed significantly over the past three years and are not anticipated to change over the next three years. The increase in labor costs from the most-recently approved ICR is due to adjustment in labor rates. We also updated the number of respondents to reflect new respondents since the approval of the prior ICR. There was no change in the capital or O&M costs. There is a small increase in the number of responses based on the adjustments to the number of respondents.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Foreign Purchaser Acknowledgement Statement of Unregistered Pesticides (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted the

following information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA): Foreign Purchaser Acknowledgement Statement of Unregistered Pesticides and identified by EPA ICR No. 0161.14 and OMB Control No. 2070-0027. This is a request to renew the approval of an existing ICR. The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized in this document. EPA did not receive any comments in response to the previously provided public review opportunity issued in the **Federal Register** on July 25, 2018. With this submission, EPA is providing an additional 30 days for public review and comment.

DATES: Comments must be received on or before April 25, 2019.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2018-0266 and OMB Control No. 2070-0027, to: (1) EPA online using <http://www.regulations.gov> (our preferred method) or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute. Do not submit electronically any information you consider to be CBI or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Carolyn Siu, Field External Affairs Division (7506P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (703) 543-9488; email address: siu.carolyn@epa.gov.

SUPPLEMENTARY INFORMATION:

Docket: Supporting documents, including the ICR that explains in detail the information collection activities and the related burden and cost estimates that are summarized in this document, are available in the docket for this ICR. The docket can be viewed online at <http://www.regulations.gov> or in person at the EPA Docket Center, West William

Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is (202) 566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

ICR status: This ICR is currently scheduled to expire on March 31, 2019. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. Under PRA, 44 U.S.C. 3501 *et seq.*, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number.

Abstract: This ICR addresses the information collection activities associated with the statutory mandate requiring EPA to provide notice to foreign purchasers of unregistered pesticides exported from the United States that the pesticide product cannot be sold in the United States. Section 17(a)(2) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) requires an exporter of any pesticide not registered under FIFRA section 3 or sold under FIFRA section 6(a)(1) to obtain a signed statement from the foreign purchaser acknowledging that the purchaser is aware that the pesticide is not registered for use in, and cannot be sold in, the United States. A copy of this statement; which is known as the Foreign Purchaser Acknowledgement Statement, or FPAS, must be transmitted to the Designated National Authority or appropriate official of the government in the importing country. This information is submitted in the form of annual or per-shipment statements to the EPA, which maintains original records and transmits copies, along with an explanatory letter to appropriate government officials of the countries that are importing the pesticide. In addition to the export notification for unregistered pesticides, FIFRA requires that all exported pesticides include appropriate labeling. There are different requirements for registered and unregistered products. Export labeling requirements meet the definition of third-party notification. In the interests of consolidating various related information collection requests, this ICR includes the burden estimates for the FPAS requirement for unregistered pesticides, as well as the labeling requirement for all exported pesticides, both registered and unregistered.

Respondents/Affected Entities: Individuals or entities that either manufacture and export pesticides or that reformulate or repackage and export
