Foreign-Trade Zones Board

[B-18-2019]

Foreign-Trade Zone (FTZ) 47—Boone County, Kentucky; Notification of Proposed Production Activity; BWF America, Inc. (Textile/Felt Filter Bags and Other Filter Products for Industrial Use), Hebron, Kentucky

The Greater Cincinnati Foreign Trade Zone, Inc., grantee of FTZ 47, submitted

a notification of proposed production activity to the FTZ Board on behalf of BWF America, Inc. (BWF), located in Hebron, Kentucky. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on March 21, 2019.

The applicant indicates that it will be submitting a separate application for FTZ designation at the BWF facility under FTZ 47. The facility is used for the production of textile/felt filter bags and other filter products for industrial applications. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt BWF from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, BWF would be able to choose the duty rate during customs entry procedures that applies to textile/felt industrial filter bags, press filters, drum filters, press covers, filter belts, and filter discs (duty rate 3.8%). BWF would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Hydrated lime with fluorescent pigment tracing powder; plastic laminated film seam tape; textile rollers/rings (polyester fibers needled together and rolled into circular forms); fiberglass rolled goods (woven textile fiberglass with a polytetrafluorethylene (PTFE) membrane film laminated as a top layer on the material); and, stainless steel wire cages (wire frames used in air filtration to support the filtration bags). Foreign-sourced components also include fiberglass thread and rolled felt of polyester, polyphenylene sulfide, aramid, polyimide, PTFE, and acrylic, each of which can have any one or more combinations of the following coatings/finishes (for the purposes of product performance—primarily heat and speed of emissions)—mechanical: singe, glaze; chemical: bath treatments, Teflon, acrylic, fluorocarbon, silicone; and, lamination: PTFE and PTFE membrane. The duty rates on components/materials range from duty-free to 10.6%. The request indicates that certain materials/components are subject to special duties under Section 301 of the Trade Act of

1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 13, 2019.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: March 25, 2019.

Andrew McGilvray,
Executive Secretary.

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

Technical Advisory Committees; Notice of Recruitment of Members

SUMMARY: The Bureau of Industry and Security (BIS), Department of Commerce is announcing its recruitment of candidates to serve on one of its seven Technical Advisory Committees ("TACs" or "Committees"). TAC members advise the Department of Commerce on the technical parameters for export controls applicable to dual-use items (commodities, software, and technology) and on the administration of those controls. The TACs are composed of representatives from industry, academia, and the U.S. Government and reflect diverse points of view on the concerns of the exporting community. Industry representatives are selected from firms producing a broad range of items currently controlled for national security, non-proliferation, foreign policy, and short supply reasons or that are proposed for such controls. Representation from the private sector is balanced to the extent possible among large and small firms.

Six TACs are responsible for advising the Department of Commerce on the technical parameters for export controls and the administration of those controls within specified areas: Information

Systems TAC: Control List Categories 3 (electronics), 4 (computers), and 5 (telecommunications and information security); Materials TAC: Control List Category 1 (materials, chemicals, microorganisms, and toxins); Materials Processing Equipment TAC: Control List Category 2 (materials processing); Sensors and Instrumentation TAC: Control List Category 6 (sensors and lasers); Transportation and Related Equipment TAC: Control List Categories 7 (navigation and avionics), 8 (marine), and 9 (propulsion systems, space vehicles, and related equipment); and the Emerging Technology TAC (identification of emerging and foundational technologies that may be developed over a period of five to ten years with potential dual-use applications). The seventh TAC, the Regulations and Procedures TAC, focuses on the Export Administration Regulations (EAR) and procedures for implementing the EAR.

TAC members are appointed by the Secretary of Commerce and serve terms of not more than four consecutive years. TAC members must obtain secret-level clearances prior to their appointment. These clearances are necessary so that members may be permitted access to classified information that may be needed to formulate recommendations to the Department of Commerce. Applicants are strongly encouraged to review materials and information on each Committee website, including the Committee's charter, to gain an understanding of each Committee's responsibilities, matters on which the Committee will provide recommendations, and expectations for members. Members of any of the seven TACs may not be registered as foreign agents under the Foreign Agents Registration Act. No TAC member may represent a company that is majority owned or controlled by a foreign government entity (or foreign government entities). TAC members will not be compensated for their services or reimbursed for their travel expenses.

If you are interested in becoming a TAC member, please provide the following information: 1. Name of applicant; 2. affirmation of U.S. citizenship; 3. organizational affiliation and title, as appropriate; 4. mailing address; 5. work telephone number; 6. email address; 7. summary of qualifications for membership; 8. an affirmative statement that the candidate will be able to meet the expected commitments of Committee work. Committee work includes: (a) Attending in-person/teleconference Committee meetings roughly four times per year (lasting 1-2 days each); (b) undertaking
