Below is a brief description of each of the five awards programs.

The Secretary's Award for Public-Philanthropic Partnerships—Housing and Community Development in Action

HUD, in partnership with the Council on Foundations, announces the HUD's Secretary's Awards for Public-Philanthropic Partnerships which recognize excellence in partnerships that have both transformed the relationships between the sectors and led to measurable benefits in terms of increased economic development, health, safety, education, disaster resilience, inclusivity and cultural opportunities, and/or housing access for low- and moderate-income families. By strengthening the connection between the HUD and philanthropy, these

awards highlight the power of collective impact that can be achieved through public-philanthropic partnerships between government entities and foundations.

The Secretary's Award for Healthy Homes

HUD, through its Office of Lead Hazard Control and Healthy Homes (OLHCHH), and in partnership with the National Environmental Health Association (NEHA), recognizes excellence in making indoor environments healthier through healthy homes research, education, and through program delivery, especially in diverse, low to moderate income communities.

ACHP/HUD Secretary's Award for Excellence in Historic Preservation

American Planning Association—Opportunity and Empowerment

HUD, through its Office of Policy Development and Research, and in partnership with the American Planning Association, honors excellence in community planning that has led to measurable benefits in terms of increased economic development, employment, education, or housing choice and mobility for low- and moderate-income residents. The award stresses tangible results and recognizes the planning discipline as an important community resource. The award emphasizes how creative housing, economic development, and private investments are used in, or in tandem with, a comprehensive community development plan.

American Institute of Architects—Housing and Community Design

HUD, through its Office of Policy Development and Research, and in conjunction with the Residential Knowledge Community of The American Institute of Architects (AIA), recognizes excellence in affordable housing, community-based design, participatory design, and accessibility.
