

Paperwork Reduction Act of 1995

This action does not impose a new collection of information under the Paperwork Reduction Act of 1995. 44 U.S.C. 3501–3521. This action will not impose recordkeeping or reporting requirements on State or local governments, individuals, businesses, or organizations. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Congressional Review Act

This final rule is not a major rule as defined by section 804 of the Small Business Regulatory Enforcement Fairness Act of 1996 (Congressional Review Act (CRA)). This rule will not result in: An annual effect on the economy of \$100,000,000 or more; a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic and

export markets. However, pursuant to the CRA, the DEA has submitted a copy of this final rule to both Houses of Congress and to the Comptroller General.

Determination To Make Rule Effective Immediately

The DEA is making the rule effective on the date of publication in the **Federal Register** as allowed under the good cause exception in 5 U.S.C. 553(d)(3). This final rule amends the regulations to permanently control *beta*-hydroxythiofentanyl in schedule I of the CSA. This action continues control of the substance as it is currently controlled until May 12, 2019 by virtue of the temporary scheduling order (83 FR 21834, May 10, 2018). The May 2018 temporary scheduling order extended temporary control of the substance, which was first established in the May 10, 2016, final order. 81 FR 29492. That May 2016 final order was effective on the date of publication, and was based on findings by the Acting Administrator of the DEA that the temporary scheduling of *beta*-hydroxythiofentanyl was necessary to avoid an imminent hazard to the public safety pursuant to 21 U.S.C. 811(h)(1). Therefore, the DEA

believes it is unnecessary and contrary to the public interest to delay the effectiveness of this final rule by 30 days.

List of Subjects in 21 CFR Part 1308
