

Under section 1137 of the Act, States are required to use an income and eligibility verification system to administer specified federally funded benefit programs, including the state-funded state supplementary payment programs under Title XVI of the Act. To assist the State Agencies in determining entitlement to and eligibility for benefits under those programs, as well as other federally funded benefit programs, SSA verifies the Social Security number (SSN) and discloses certain data about applicants (and in limited circumstances, members of an applicant's household) for state-administered benefits from its Privacy Act SORs.

SSA has separate agreements with the State Agencies, which describe the information SSA will disclose for specified federally funded benefit programs.

Categories of Individuals: The individuals whose information is involved in this matching program are those who apply for federally funded, state-administered benefits, as well as current beneficiaries, recipients, and annuitants under the programs covered by the Agreement.

Categories of Records: The maximum number of records involved in this matching activity is the number of records maintained in SSA's SORs. Data elements disclosed in computer matching governed by the Agreement are Personally Identifiable Information from SSA's specified SORs, including names, SSNs, addresses, amounts, and other information related to SSA's benefits and earnings information. Specific listings of data elements are available at: <http://www.ssa.gov/dataexchange/>.

System(s) of Records: Our SORs used for purposes of the subject data exchanges include:

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Implementing Modification to Section 301 Action: China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of implementing modification.

SUMMARY: In a notice published on May 9, 2019 (May 9 Notice), the U.S. Trade Representative (Trade Representative) increased the rate of additional duty from 10 percent to 25 percent for the products of China covered by the September 2018 action that are (i) entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern daylight time on May 10, 2019, and (ii) exported to the United States on or after May 10, 2019. This notice provides that products of China that are covered by the September 2018 action and that were exported to the United States prior to May 10, 2019, are not subject to the additional duty of 25 percent, as long as such products are entered into the United States prior to June 1, 2019. Such products remain subject to the additional duty of 10 percent for this interim period.

DATES: HTSUS heading 9903.88.09, which is set out in the Annex to this notice, applies to products of China covered by the September 2018 action that were exported before May 10, 2019, and entered into the United States on or after May 10, 2019, and before June 1, 2019.

FOR FURTHER INFORMATION CONTACT: For questions about this notice, contact Associate General Counsel Arthur Tsao or Assistant General Counsel Juli Schwartz, or Director of Industrial Goods Justin Hoffmann at (202) 395–5725. For questions on customs classification or implementation of additional duties on products covered in the supplemental action, contact traderemedy@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION: In the May 9 Notice, the Trade Representative modified the action being taken in the Section 301 investigation by increasing the rate of additional duty from 10 percent to 25 percent for the products of China covered by the September 2018 action in this investigation. The “September 2018 action” refers to the additional duties on products of China with an annual trade value of approximately \$200 billion, published at 83 FR 47974 (Sep. 21, 2018), as subsequently modified by the notice published at 83 FR 49153 (September 28, 2018). The increase in the rate of additional duty became effective on May 10, 2019.

Under this implementing modification, and as specified in the Annex to this notice, products of China that are covered by the September 2018 action that were exported prior to May 10, 2019, are not subject to the

additional duty of 25 percent as long as such products are entered into the United States prior to June 1, 2019. Such products remain subject to the additional duty of 10 percent for a transitional period of time before June 1, 2019. The covered products of China that are entered into the United States on or after June 1, 2019, are subject to the 25 percent rate of additional duty.

To distinguish between covered products of China subject to the 10 percent rate of additional duty from those subject to the 25 percent rate, the Annex to this notice creates a new heading in Chapter 99 of the HTSUS (9903.88.09) for products of China covered by the September 2018 action that were exported before May 10, 2019, and entered into the United States on or after May 10, 2019 and before June 1, 2019. HTSUS heading 9903.88.09 is limited to covered products of China entered into the United States during this period of time to account for customs enforcement factors and the average transit time between China and the United States by sea.

The products of China covered by the September 2018 action that are admitted into a foreign-trade zone (FTZ) in “Privileged Foreign” status shall retain that status consistent with 19 CFR 146.41(e) and will be subject, at the time of entry for consumption, to the additional duty rate that was in effect at the time of FTZ admission of said product.

U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.

Joseph Barloon,

General Counsel, Office of the U.S. Trade Representative.
