[Docket No. FR-6168-N-01]

Housing Trust Fund Federal Register Allocation Notice

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice of fiscal year 2019 funding awards.

SUMMARY: The Housing and Economic Recovery Act of 2008 (HERA) established the Housing Trust Fund (HTF) to be administered by HUD. Pursuant to the Federal Housing Enterprises Financial Security and Soundness Act of 1992 (the Act), as amended by HERA, Division A, eligible HTF grantees are the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, Guam, the Commonwealth of Northern Mariana Islands, and the United States Virgin Islands. In accordance with Section 1338 (c)(4)(A) of the Act, this notice announces the formula allocation amount for each eligible HTF grantee.

FOR FURTHER INFORMATION CONTACT: Virginia Sardone, Director, Office of Affordable Housing Programs, Room 7164, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410-7000; telephone (202) 708-268 (not a toll-free number). A telecommunications device for persons with hearing- and speech-impairments (TTY) is available by Federal Relay at (800) 877-8339 (this is a toll-free number).

SUPPLEMENTARY INFORMATION: Section 1131 of HERA Division A amended the Act to add a new section 1337 entitled "Affordable Housing Allocations" and a new section 1338 entitled "Housing Trust Fund." HUD's implementing regulations are codified at 24 CFR part 93. Congress authorized the HTF with the stated purpose of: (1) Increasing and preserving the supply of rental housing for extremely low-income families with incomes between 0 and 30 percent of area median income and very low-income families with incomes between 30 and 50 percent of area median

income, including homeless families, and (2) increasing homeownership for extremely low-income and very low-income families. Section 1337 of the Act provides for the HTF (and other programs) to be funded with an affordable housing set-aside by Fannie Mae and Freddie Mac. The total set-aside amount is equal to 4.2 basis points (.042 percent) of Fannie Mae and Freddie Mac's new mortgage purchases, a portion of which is for the HTF. Section 1338 of the Act directs HUD to establish, through regulation, the formula for distribution of amounts made available for the HTF. The statute specifies the factors to be used for the formula and priority for certain factors. The factors and methodology HUD uses to allocate HTF funds among eligible grantees are established in the HTF regulation. The funding announced for Fiscal Year 2019 through this notice is \$247,666,778.80. Appendix A to this notice provides the names of the grantees and the amounts of the awards.

Dated: May 7, 2019.

David C. Woll, Jr.,

Acting Assistant Secretary for Community Planning and Development.

Notice of Availability of the Final Environmental Impact Statement for the Proposed Caldwell Canyon Mine Project, Caribou County, Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (NEPA), as amended, the Bureau of Land Management (BLM) has prepared a Final Environmental Impact Statement (EIS) for the proposed Caldwell Canyon Mine Project and by this notice is announcing its availability.

DATES: The BLM will not issue a final decision on the proposal for a minimum of 30 days after the date that the Environmental Protection Agency publishes its Notice of Availability in the **Federal Register**.

ADDRESSES: Copies of the Caldwell Canyon Mine Final EIS are available for public inspection at the BLM Pocatello Field Office at the following address: 4350 Cliffs Drive, Pocatello, ID 83204. Interested persons may also review the Final EIS online at the BLM Land Use Planning and NEPA Register website: <https://bit.ly/2SaxWcO>.

FOR FURTHER INFORMATION CONTACT: Bill Volk, Planning and NEPA Specialist, BLM Pocatello Field Office by mail or in person at 4350 Cliffs Drive, Pocatello, ID 83204; by phone at 208-236-7503; by email at wvolk@blm.gov; and by fax at 208-478-6376. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact Mr. Volk. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question for Mr. Volk. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: P4 Production, LLC (P4 Production), a subsidiary of Bayer AG, developed and submitted a Mine and Reclamation Plan (M&RP) application (the proposed action in the Final EIS) for the Caldwell Canyon Mine. The proposed action reflects P4 Production's desire to exercise its exclusive mineral development rights granted by the United States Federal phosphate leases IDI-000002, IDI-014080, and IDI-013738; and by the State of Idaho mineral lease E07959. P4 Production proposes to construct and operate a new 1,559-acre surface mine with associated haul roads, a rail shipping point, and other ancillary facilities. The mine would place waste rock into the nearby inactive Dry Valley Mine pit on Federal phosphate lease IDI-014184. Modifications to enlarge the phosphate lease boundaries are necessary to recover all ore that exists adjacent to the leased deposit. The M&RP requests authorization for a related haul road across BLM-managed land as described in the Final EIS. The mine would operate for approximately 40 years. The Final EIS fully evaluates alternatives to the proposed action, including a No Action alternative, and addresses issues identified during initial scoping for the EIS, from public comments on the Draft EIS, and from the BLM's analysis. In accordance with 40 CFR 1502.14(e), the BLM has identified Alternative 1 in the Final EIS as the preferred alternative.

The BLM will make decisions to either approve, approve with modification, or deny the M&RP application. In addition, the BLM will decide whether to modify (enlarge) the lease boundaries and grant authorization for a haul road across Federal land. The Notice of Availability of the Draft EIS published on November 30, 2018, initiating a 45-day public comment period. The public comments resulted in additional information regarding water quality and quantity, wildlife, habitat conversion, noise, safety, socioeconomics, tribal interests,

cultural resources, vegetation, visual quality, mine reclamation, financial assurance, mitigation measures, and environmental monitoring of mine operations being included in the Final EIS.

The Idaho Department of Environmental Quality, Idaho Department of Lands, the U.S. Army Corps of Engineers, and the Idaho Governor's Office of Energy and Mineral Resources are cooperating agencies.

Authority: 40 CFR 1506.6, 40 CFR 1506.10.

John F. Ruhs,
Idaho State Director.

The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Missoula Draft RMP/Draft EIS covers approximately 163,000 acres of BLM-managed public lands and 267,000 acres of Federal mineral estate in western Montana in Flathead, Granite, Lake, Lincoln, Mineral, Missoula, Powell, Ravalli, and Sanders counties. Over 99 percent of the BLM-managed public lands are in Granite, Missoula and Powell counties. The planning area is currently managed under the Garnet Resource Area RMP (1986). This planning effort would update management guidance from the Garnet Resource Area RMP, as amended, and create a new Missoula RMP.

The planning effort is needed to identify goals, objectives, and management actions for the BLM-managed public lands. Public involvement opportunities occurred during scoping to help identify planning issues that directed the formulation of alternatives and framed the scope of analysis in the Draft RMP/Draft EIS. Key issues identified included forest vegetation management, wildland fire resiliency and management, forest products, Threatened and Endangered species management, big game habitat management, livestock grazing, access, recreation management, and special designation management including the Lewis and Clark National Historic Trail. This plan also considers lands with wilderness characteristics, wild and scenic rivers, Areas of Critical Environmental Concern (ACECs), lands and realty, minerals, and visual resources.

The Draft RMP/Draft EIS evaluates three alternatives in detail. Alternative A is the No Action Alternative, which is a continuation of current management in the existing Garnet Resource Area RMP (1986).
