Title: Broadband Grant Program.

OMB Control Number: 0572-0127.

Type of Request: Extension of a currently approved information collection.

Abstract: The provision of broadband transmission service is vital to the economic development, education,

health, and safety of rural Americans. To further this objective, RUS provides financial assistance in the form of grant to eligible entities that propose, on a "community-oriented connectivity" basis, to provide broadband transmission service that fosters economic growth and delivers enhanced educational, health care, and public safety services to extremely rural, lower income communities. The Agency gives priority to rural areas that it believes have the greatest need for broadband transmission services. Grant authority is utilized to deploy broadband infrastructure to extremely rural, lower income communities on a "community-oriented connectivity" basis. The "community-oriented connectivity" concept integrates the deployment of broadband infrastructure with the practical, everyday uses and applications of the facilities. This broadband access is intended to promote economic development and provide enhanced educational and health care opportunities. The Agency provides financial assistance to eligible entities that are proposing to deploy broadband transmission service in rural communities where such service does not currently exist and who will connect the critical community facilities including the local schools, libraries, hospitals, police, fire and rescue services and who will operate a community center that provides free and open access to residents.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 140.84 hours per response.

Respondents: Public bodies, commercial companies, cooperatives, nonprofits, Indian tribes, and limited dividend or mutual associations and must be incorporated or a limited liability company.

Estimated Number of Respondents: 82.

Estimated Number of Responses per Respondent: 1.16.

Estimated Total Annual Burden on Respondents: 13,380.

Copies of this information collection can be obtained from Diane M. Berger, Rural Development Innovation Center—Regulatory Team, (715) 619-3124.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Chad Rupe,

Acting Administrator, Rural Utilities Service.

DEPARTMENT OF COMMERCE

[Docket No.: 190430420-9420-01]

Commerce Alternative Personnel System

AGENCY: Office of Administration, Office of Human Resources Management, Department of Commerce.

ACTION: Notice.

SUMMARY: This notice announces the expansion of employee coverage under the Commerce Alternative Personnel System (CAPS), formerly the Department of Commerce Personnel Management Demonstration Project, published in the **Federal Register** on December 24, 1997. This coverage is extended to include employees of the National Oceanic and Atmospheric Administration (NOAA), National Marine Fisheries Service (NMFS) located in the Northeast Fisheries Science Center.

DATES: The amended Commerce Alternative Personnel System is effective May 20, 2019.

FOR FURTHER INFORMATION CONTACT: Department of Commerce—Sandra Thompson, U.S. Department of Commerce, 1401 Constitution Avenue NW, Room 51020, Washington, DC 20230, (202) 482-0056 or Valerie Smith at (202) 482-0272.

SUPPLEMENTARY INFORMATION:

1. Background

The Office of Personnel Management (OPM) approved the Department of Commerce (DoC) demonstration project for an alternative personnel management system, and published the final plan in the **Federal Register** on Wednesday, December 24, 1997 (62 FR 67434). The demonstration project was designed to simplify current classification systems for greater flexibility in classifying work and paying employees; establish a performance management and rewards system for improving individual and organizational performance; and improve recruiting and examining to attract highly-qualified candidates. The purpose of the project was to strengthen the contribution of human resources management and test whether the same innovations conducted under the National Institute of Standards and Technology alternative personnel management system would produce similarly successful results in other DoC environments. The project was implemented on March 29, 1998. The project plan has been modified thirteen times to clarify certain DoC Demonstration Project authorities, and
