## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-85868; File No. SR-CboeBZX-2019-034]

### Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Allow the Main Sector Rotation ETF, a Series of the Northern Lights Fund Trust IV, To Hold Listed Options Contracts in a Manner That Does Not Comply With Rule 14.11(i), Managed Fund Shares

May 15, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on May 2, 2019, Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>3</sup> and Rule 19b-4(f)(6) thereunder.<sup>4</sup> The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes a rule change to allow the Main Sector Rotation ETF (the “Fund”), a series of the Northern Lights Fund Trust IV (the “Trust”), to hold listed options contracts in a manner that does not comply with Rule 14.11(i) (“Managed Fund Shares”). The shares of the Fund are referred to herein as the “Shares.”

The text of the proposed rule change is also available on the Exchange’s website ([http://markets.cboe.com/us/equities/regulation/rule\\_filings/bzx/](http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/)), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Fund began listing and trading on the Exchange pursuant to the generic listing standards under Rule 14.11(i) governing Managed Fund Shares on September 6, 2017 and remains currently listed on the Exchange pursuant to such rule.<sup>5</sup> The Exchange proposes to continue listing and trading the Shares. The Shares would continue to comply with all of the generic listing standards with the exception of the requirement of Rule 14.11(i)(4)(C)(iv)(b)<sup>6</sup> that prevents the aggregate gross notional value of listed derivatives based on any single underlying reference asset from exceeding 30% of the weight of the portfolio (including gross notional exposures) (the “30% Restriction”).<sup>7</sup>

<sup>5</sup> The Commission originally approved BZX Rule 14.11(i) in Securities Exchange Act Release No. 65225 (August 30, 2011), 76 FR 55148 (September 6, 2011) (SR-BATS-2011-018) and subsequently approved generic listing standards for Managed Fund Shares under Rule 14.11(i) in Securities Exchange Act Release No. 78396 (July 22, 2016), 81 FR 49698 (July 28, 2016) (SR-BATS-2015-100).

<sup>6</sup> Rule 14.11(i)(4)(C)(iv)(b) provides that “the aggregate gross notional value of listed derivatives based on any five or fewer underlying reference assets shall not exceed 65% of the weight of the portfolio (including gross notional exposures), and the aggregate gross notional value of listed derivatives based on any single underlying reference asset shall not exceed 30% of the weight of the portfolio (including gross notional exposures).” The Exchange is proposing that the Fund be exempt only from the requirement of Rule 14.11(i)(4)(C)(iv)(b) that prevents the aggregate gross notional value of listed derivatives based on any single underlying reference asset from exceeding 30% of the weight of the portfolio (including gross notional exposures). The Fund will meet the requirement that the aggregate gross notional value of listed derivatives based on any five or fewer underlying reference assets shall not exceed 65% of the weight of the portfolio (including gross notional exposures).

<sup>7</sup> The Exchange notes that this proposal is very similar to several previously submitted proposals to list and trade a series of Index Fund Shares and

The Shares are offered by the Trust, which was established as a Delaware statutory trust on June 2, 2015. The Trust is registered with the Commission as an open-end investment company and has filed a registration statement on behalf of the Fund on Form N-1A with the Commission.<sup>8</sup> The Fund’s adviser, Main Management ETF Advisors, LLC (the “Adviser”), is not registered as a broker-dealer, and is not affiliated with a broker-dealer. Personnel who make decisions on the Fund’s portfolio composition are currently and shall continue to be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio. In the event that (a) the Adviser becomes registered as a broker-dealer or newly affiliated with a broker-dealer; or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, the Adviser or such new adviser or sub-adviser will implement and maintain a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the Fund’s portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

The Fund intends to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended.

##### Main Sector Rotation ETF

The Fund seeks to outperform the S&P 500 Index in rising markets while limiting losses during periods of decline. In order to achieve its investment objective, under Normal

<sup>8</sup> The Trust filed a supplement to the Fund’s prospectus included in its Registration Statement on February 28, 2019 (as supplemented, the “Registration Statement”). See Registration Statement on Form N-1A for the Trust (File Nos. 333-204808 and 811-23066). The descriptions of the Fund and the Shares contained herein are based, in part, on information included in the Registration Statement. The Commission has issued an order granting certain exemptive relief to the Trust and affiliated persons under the Investment Company Act of 1940 (15 U.S.C. 80a-1). Market Conditions,<sup>9</sup> the Fund utilizes a “fund of funds” structure to invest in U.S. national securities exchange listed sector based equity exchange traded funds (“ETFs”). The Fund seeks to achieve its objective through dynamic sector rotation. The Adviser focuses its research primarily on sector selection by carefully reviewing the sector, industry, and sub-industries in the Fund’s portfolio. The Adviser chooses sectors it believes are undervalued and poised to respond favorably to financial market catalysts. The Fund will sell a security when it achieves its target price and is, in the opinion of the Adviser, no longer undervalued.

The Fund’s holdings in ETFs currently meet and will continue to meet the generic listing standards for U.S. Component Stocks in Rule 14.11(i)(4)(C)(i)(a). The Fund has the ability to buy or sell exchange-traded call and put options on the S&P 500 Index (“S&P 500 Index Options”) or exchange-traded options on ETFs that track the S&P 500 Index<sup>10</sup> (collectively, with S&P 500 Index Options, the “S&P 500 Options”). The S&P 500 Index is the index most correlated to the Fund’s underlying equity holdings. The options overlay is actively managed by the Adviser and will adapt to both changing market environments and shifts in the underlying equity holdings of the Fund, but is currently limited by the requirement under Rule 14.11(i)(4)(C)(iv)(b) that prevents the aggregate gross notional exposure of listed derivatives based on any single underlying reference asset from exceeding 30% of the weight of the portfolio (including gross notional exposures).

As noted above, Rule 14.11(i)(4)(C)(iv)(b) prevents the Fund from holding listed derivatives based on any single underlying reference asset in excess of 30% of the weight of its portfolio (including gross notional exposures). As proposed, the Fund seeks to hold up to 60% of the weight of its portfolio (including gross notional exposures) in S&P 500 Options in a

manner that may not comply with Rule 14.11(i)(4)(C)(iv)(b). The Fund will utilize S&P 500 Options by employing an option strategy of writing covered call or index-based options. The Fund seeks to earn income and gains both from dividends paid on the ETFs and cash premiums received from writing: (i) Covered call options or index-based options on equity-based ETFs held in the Fund’s portfolio; and (ii) cash secured put options against cash balances in the Fund. The Fund may also buy puts as a buffer to market selloffs. The ability to hold S&P 500 Options with exposure to a single reference asset up to 60% of the weight of the portfolio (including gross notional exposures) would allow the Fund the flexibility to fully implement its investment strategy. The Exchange notes that the Fund may also hold cash and Cash Equivalents<sup>11</sup> in compliance with Rule 14.11(i)(4)(C)(iii).

As noted above, the Fund’s investment in ETFs under Normal Market Conditions constitutes at least 80% of the Fund’s assets and such holdings will meet the requirements for U.S. Component Stocks in Rule 14.11(i)(4)(C)(i)(a). In addition to such ETFs holdings, the Fund may hold up to 20% of its assets in cash, Cash Equivalents, and the cash value of S&P 500 Options positions under Normal Market Conditions. The combination of ETFs, cash, Cash Equivalents, and the cash value of S&P 500 Options will constitute the entirety of the Fund’s holdings and the cash value of these holdings will be used to form the basis for these calculations. The Exchange notes that this is different than the calculation used to measure the Fund’s holdings in S&P 500 Options as it relates to the Fund holding up to 60% of the weight of its portfolio, which, as noted above, is calculated using gross notional exposures gained through the S&P 500 Options in both the numerator and denominator, which is consistent with the derivatives exposure

calculation under Rule 14.11(i)(4)(C)(iv). The Exchange represents that, except for the 30% Restriction in Rule 14.11(i)(4)(C)(iv)(b), the Fund’s investments will continue to satisfy all of the generic listing standards under BZX Rule 14.11(i)(4)(C) and all other applicable requirements for Managed Fund Shares under Rule 14.11(i).

The Trust is required to comply with Rule 10A–3 under the Act for the initial and continued listing of the Shares of the Fund. In addition, the Exchange represents that the Shares of the Fund will continue to comply with all other requirements applicable to Managed Fund Shares, which include the dissemination of key information such as the Disclosed Portfolio,<sup>12</sup> Net Asset Value,<sup>13</sup> and the Intraday Indicative Value,<sup>14</sup> suspension of trading or removal,<sup>15</sup> trading halts,<sup>16</sup> surveillance,<sup>17</sup> minimum price variation for quoting and order entry,<sup>18</sup> the information circular,<sup>19</sup> and firewalls<sup>20</sup> as set forth in Exchange rules applicable to Managed Fund Shares and the orders approving such rules. Moreover, all of the ETFs and S&P 500 Options held by the Fund will trade on markets that are a member of Intermarket Surveillance Group (“ISG”) or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.<sup>21</sup> All statements and representations made in this filing regarding the description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of reference asset and intraday indicative values (as applicable), or the applicability of Exchange listing rules specified in this filing shall constitute continued listing requirements for the Shares. The Fund has represented to the Exchange that it will advise the Exchange of any failure by the Fund or Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. FINRA conducts certain cross-market

<sup>9</sup> The term “Normal Market Conditions” includes, but is not limited to, the absence of trading halts in the applicable financial markets generally; operational issues causing dissemination of inaccurate market information or system failures; or force majeure type events such as natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption, or any similar intervening circumstance.

<sup>10</sup> Options on ETFs that track the S&P 500 Index will include only calls and puts on the five ETFs that track the performance of the S&P 500 Index that have the greatest total options consolidated average daily exchange trading volume in such options for the previous quarter. The Fund will not invest in options on leveraged (e.g., 2X, –2X, 3X, or –3X) ETFs.

<sup>11</sup> As defined in Exchange Rule 14.11(i)(4)(C)(iii)(b), Cash Equivalents are short-term instruments with maturities of less than three months, which includes only the following: (i) U.S. Government securities, including bills, notes, and bonds differing as to maturity and rates of interest, which are either issued or guaranteed by the U.S. Treasury or by U.S. Government agencies or instrumentalities; (ii) certificates of deposit issued against funds deposited in a bank or savings and loan association; (iii) bankers acceptances, which are short-term credit instruments used to finance commercial transactions; (iv) repurchase agreements and reverse repurchase agreements; (v) bank time deposits, which are monies kept on deposit with banks or savings and loan associations for a stated period of time at a fixed rate of interest; (vi) commercial paper, which are short-term unsecured promissory notes; and (vii) money market funds.

surveillances on behalf of the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA's performance under this regulatory services agreement. If the Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures with respect to such Fund under Exchange Rule 14.12.

#### Availability of Information

As noted above, the Fund will comply with the requirements under the Rule 14.11(i) related to Disclosed Portfolio, NAV, and the intraday indicative value. Additionally, the intra-day, closing and settlement prices of exchange-traded portfolio assets, specifically the ETFs and S&P 500 Options, will be readily available from the exchanges trading such securities or derivatives, as the case may be, automated quotation systems, published or other public sources, or online information services such as Bloomberg or Reuters. Quotation and last sale information for S&P 500 Options will be available via the Options Price Reporting Authority. Price information for Cash Equivalents will be available from major market data vendors. The Disclosed Portfolio will be available on the Fund's website ([www.mainmgtetfs.com](http://www.mainmgtetfs.com)) free of charge. The Fund's website will include a form of the prospectus for the Fund and additional information related to NAV and other applicable quantitative information. Information regarding market price and trading volume of the Shares will be continuously available throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume for the Shares will be published daily in the financial section of newspapers. Trading in the Shares may be halted for market conditions or for reasons that, in the view of the Exchange, make trading inadvisable. The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. The Exchange has appropriate rules to facilitate trading in the Shares during all trading sessions. The Exchange prohibits the distribution of material non-public information by its employees. Quotation and last sale information for the Shares and ETFs will be available via the CTA high-speed line.

#### 2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b)

of the Act<sup>22</sup> in general and Section 6(b)(5) of the Act<sup>23</sup> in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest in that the Shares will meet each of the continued listing criteria in BZX Rule 14.11(i) with the exception of the 30% Restriction in Rule 14.11(i)(4)(C)(iv)(b), which requires that the aggregate gross notional value of listed derivatives based on any five or fewer underlying reference assets shall not exceed 65% of the weight of the portfolio (including gross notional exposures), and the aggregate gross notional value of listed derivatives based on any single underlying reference asset shall not exceed 30% of the weight of the portfolio (including gross notional exposures).<sup>24</sup> The Exchange believes that the diversity, liquidity, and market cap of the securities underlying the S&P 500 Index are sufficient to protect against market manipulation of both the Fund's holdings and the Shares as it relates to the S&P 500 Options holdings. The Exchange also believes that the liquidity in the S&P 500 Index Options market<sup>25</sup> mitigates the concerns that Rule 14.11(i)(4)(C)(iv)(b) is intended to address and that such liquidity would also act to prevent other S&P 500 Options from being susceptible to manipulation, and thus, make the Shares less susceptible to manipulation. Further, allowing the Fund to hold a greater portion of its portfolio in S&P 500 Options would mean that the Fund would not be required to use over-the-counter ("OTC") derivatives if the Adviser deemed it necessary to get exposure in excess of the 30% Restriction in Rule 14.11(i)(4)(C)(iv)(b), which would reduce the Fund's

<sup>22</sup> 15 U.S.C. 78f(b).

<sup>23</sup> 15 U.S.C. 78f(b)(5).

<sup>24</sup> As noted above, the Exchange is proposing that the Fund be exempt only from the 30% Restriction of Rule 14.11(i)(4)(C)(iv)(b) that prevents the aggregate gross notional value of listed derivatives based on any single underlying reference asset from exceeding 30% of the weight of the portfolio (including gross notional exposures). The Fund will continue to meet the requirement that the aggregate gross notional value of listed derivatives based on any five or fewer underlying reference assets shall not exceed 65% of the weight of the portfolio (including gross notional exposures).

<sup>25</sup> In 2018, more than 1.48 million S&P 500 Index Options contracts were traded per day on Cboe Options, which is more than \$350 billion in notional volume traded on a daily basis.

operational burden by allowing the Fund to use listed options contracts to achieve its investment objective and would eliminate the counter-party risk associated with holding OTC derivative instruments.

The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of the Shares on the Exchange during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws. All of the ETFs and S&P 500 Options contracts held by the Fund will trade on markets that are a member of ISG or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. The Exchange may obtain information regarding trading in the Shares, ETFs, and the S&P 500 Options held by the Fund via the ISG from other exchanges who are a member of ISG or affiliated with a member of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement.<sup>26</sup> The Exchange further notes that the Fund will meet and be subject to all other requirements of the generic listing rules and other applicable continued listing requirements for Managed Fund Shares under Rule 14.11(i), including those requirements regarding the dissemination of key information such as the Disclosed Portfolio, Net Asset Value, and the Intraday Indicative Value, suspension of trading or removal, trading halts, surveillance, minimum price variation for quoting and order entry, the information circular, and firewalls as set forth in Exchange rules applicable to Managed Fund Shares.

For the above reasons, the Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange notes that the proposed rule change, rather will facilitate the options strategy of an actively-managed exchange-traded product that will allow the Fund to better compete in the marketplace, thus enhancing competition among both market participants and listing venues, to the benefit of investors and the marketplace.

<sup>26</sup> See note 21, supra.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange has neither solicited nor received written comments on the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>27</sup> and Rule 19b-4(f)(6) thereunder.<sup>28</sup>

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act<sup>29</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)<sup>30</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposed rule change may become operative upon filing. The Exchange represents that the Shares are currently listed and trading pursuant to the generic listing standards under Rule 14.11(i) governing Managed Fund Shares. The Exchange further represents that, while the Fund currently has the ability to buy or sell exchange-traded S&P 500 Options, under the proposal, the Fund seeks to hold up to 60% of the weight of its portfolio (including gross notional exposures) in S&P 500 Options in a manner that may not comply with Rule 14.11(i)(4)(C)(iv)(b).<sup>31</sup> The Exchange represents that, except for the 30% Restriction in Rule

14.11(i)(4)(C)(iv)(b), the Fund's investments will continue to satisfy all of the generic listing standards under BZX Rule 14.11(i)(4)(C) and all other applicable requirements for Managed Fund Shares under Rule 14.11(i). Further, waiver of the 30-day operative delay would allow the Fund to hold a greater portion of its portfolio in S&P 500 Options, which would allow the Fund the flexibility to fully implement its investment strategy and reduce the Fund's operational burden by allowing the Fund to continue to use listed options contracts to achieve its investment objective. The Commission believes that the proposal raises no novel or unique regulatory issues and that, under these circumstances, waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. For these reasons, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative upon filing.<sup>32</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

*Electronic Comments*

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-CboeBZX-2019-034 on the subject line.

*Paper Comments*

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

<sup>32</sup> For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

All submissions should refer to File Number SR-CboeBZX-2019-034. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CboeBZX-2019-034 and should be submitted on or before June 11, 2019.

<sup>31</sup> The Exchange notes that the regulated S&P 500 options markets, and the broad base and scope of the S&P 500 Index, make securities that derive their value from that index, including S&P 500 Options, less susceptible to potential market manipulation in view of market capitalization and liquidity of the S&P 500 Index components, price and quote transparency, and arbitrage opportunities.
