RIN 1625-AA00

Safety Zone; Prom Fireworks Display; San Francisco Bay, San Francisco, CA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone in the navigable waters of San Francisco Bay near Pier 15 in support of the Pier 15 Prom Fireworks Display on May 25, 2019. This safety zone is necessary to protect personnel, vessels, and the marine environment from the dangers associated with pyrotechnics. Unauthorized persons or vessels are prohibited from entering into, transiting through, or remaining in the safety zone without permission of the Captain of the Port or a designated representative.

DATES: This rule is effective from noon to 10:50 p.m. on May 25, 2019.

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are

“impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule. Because the Coast Guard received notice of this event on May 20, 2019, notice and comment procedures would be impracticable in this instance.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. For similar reasons as stated above, notice and comment procedures would be impractical in this instance due to the short notice provided for this event.

III. Legal Authority and Need for Rule

The Coast Guard is establishing a safety zone under authority 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port San Francisco has determined that potential hazards associated with the Pier 15 Prom Fireworks Display on May 25, 2019, will be a safety concern for anyone within a 100-foot radius of the fireworks barge and anyone within a 280-foot radius of the fireworks firing site. For this reason, a safety zone is needed to protect personnel, vessels, and the marine environment in the navigable waters around the fireworks barge during the fireworks display.

IV. Discussion of the Rule

This rule establishes a safety zone from 12:00 p.m. until 10:50 p.m. on May 25, 2019 during the loading, staging, and transit of the fireworks barge, and the fireworks display, until approximately 30 minutes after completion of the fireworks display. During the loading and staging of the pyrotechnics onto the fireworks barge, scheduled to take place from noon to 4:00 p.m. on May 25, 2019, at Pier 50 in San Francisco, CA, the safety zone will encompass the navigable waters around and under the fireworks barge, from surface to bottom, within a radius of 100 feet. This 100-foot zone will remain in place while the barge is at the pier and while it is being towed to the display location.

The fireworks barge will remain at Pier 50 until the start of its transit to the display location. Towing of the barge from Pier 50 to the display location is scheduled to take place from 9:15 p.m. to 9:40 p.m. on May 25, 2019, where it will remain until the conclusion of the fireworks display.

At 9:45 p.m. on May 25, 2019, 30 minutes prior to the commencement of the 5-minute Pier 15 Prom Fireworks
