

EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants have requested that EPA waive the 180-day comment period.

Accordingly, EPA will provide a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Requests

Registrants who choose to withdraw a request for product cancellation should submit the withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the action. If the requests for voluntary cancellation are granted, the Agency intends to publish the cancellation order in the **Federal Register**.

In any order issued in response to these requests for cancellation of product registrations, EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in Table 1 of Unit II.

For voluntary product cancellations, registrants will be permitted to sell and distribute existing stocks of voluntarily canceled products for 1 year after the effective date of the cancellation, which will be the date of publication of the cancellation order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the products identified in Table 1 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of canceled products until supplies are

exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

Authority: 7 U.S.C. 136 *et seq.*

Access by EPA Subcontractors to Information Claimed as Confidential Business Information (CBI) Submitted Under Titles I and II of the Clean Air Act (CAA) and the Prevent Pollution From Ships Act (APPS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Clean Air Act (CAA), Act to Prevent Pollution from Ships (APPS) and regulations require that the United States Environmental Protection Agency (EPA) provide notice to interested parties before any contractor may be provided access to confidential business information (CBI). EPA is providing notice that several subcontractors of a previously identified contractor will be given access to CBI. This permits the CBI owners and any other interested parties to comment on the subcontractors' proposed access to CBI so that EPA's Office of Enforcement and Compliance Assurance can utilize the named subcontractors to provide compliance assistance and enforcement services without providing individualized notice to CBI owners.

DATES: Comments must be received on or before June 3, 2019. Subcontractors' access to information collected under the CAA Titles I and II, and the APPS, will begin on June 4, 2019.

ADDRESSES: You may send comments, identified by Docket ID No. EPA HQ-OECA-2012-0978, by any of the following methods:

- **Federal eRulemaking Portal:** <https://www.regulations.gov/> (our preferred method). Follow the online instructions for submitting comments.

III. Description of Programs and Potential Disclosure of Information Claimed as CBI to Contractors

EPA's OECA has responsibility for protecting public health and the environment by regulating air pollution from motor vehicles, engines, and the fuels used to operate them, and by encouraging travel choices that minimize emissions. In order to implement various Clean Air Act programs, and to give regulated entities flexibility in meeting regulatory requirements (e.g., compliance on average), OECA collects compliance reports and other information from the regulated industry. Occasionally, the information submitted to, or obtained by, EPA, is claimed to be CBI by persons submitting data to EPA. Information submitted under such a claim is handled in accordance with EPA's regulations at 40 CFR part 2, subpart B, and in accordance with EPA procedures that are consistent with those regulations. When EPA has determined that disclosure of information claimed as CBI to EPA contractors or subcontractors is necessary, the corresponding contract must address the appropriate use and handling of the information by the EPA contractor and subcontractor and the EPA contractor and subcontractor must require its personnel who require access to information claimed as CBI to sign written non-disclosure agreements before they are granted access to data.

On March 12, 2019, EPA provided notice in the **Federal Register** of, and an opportunity to comment on, EPA's determination that its contractor Eastern Research Group, Incorporated, (ERG) 14555 Avion Parkway, Suite 200, Chantilly, VA 20151, required access to CBI submitted to EPA under Section 114 of the CAA, Section 208 of the CAA, and the APPS for the work ERG would be conducting under Contract Number 68HERH19C0004. See Access by United States Environmental Protection Agency (EPA) Contractors to Information Claimed as Confidential Business

Information (CBI) Submitted under Clean Air Act (CAA), Title I, Programs and Activities Air, and Title II Emission Standards for Moving Sources, and Act To Prevent Pollution From Ships (APPS), 84 FR 8859 (March 12, 2019). In accordance with 40 CFR 2.301(h), EPA has now determined that the subcontractors listed below also require access to CBI submitted to EPA under Section 114 of the CAA, Section 208 of the CAA, and the APPS, and we are providing notice and an opportunity to comment on EPA subcontractors' access to information claimed as CBI. OECA collects this data in order to monitor compliance with regulations promulgated under the CAA Title II Emission Standards for Moving Sources, the APPS, and the International Convention for the Prevention of Pollution from Ships (MARPOL), Annex VI. We are issuing this **Federal Register** notice to inform all affected submitters of information that we plan to grant access to material that may be claimed as CBI to the subcontractors identified below on a need-to-know basis.

Under Contract Number 68HERH19C0004, ERG provides enforcement support for EPA's CAA mobile source regulatory and enforcement activities, including field inspections, investigations, audits, and other CAA regulatory and enforcement support that involve access to information claimed as CBI. ERG also employs subcontractors, who support these activities, under the above-listed contract. These subcontractors include: Sunblock Systems, Inc.; PG Environmental, LLC; BDO USA, LLP; Dr. James J. Carroll; Dr. Yiqun Huang; Dr. Maureen Kaplan; and Capital Reporting Company. Access to data, including information claimed as CBI, will commence six days after the date of publication of this notice in the **Federal Register**, and will continue until March 1, 2024. If the contract and associated subcontracts are extended, this access will continue for the remainder of the ERG contract without further notice. If the contract expires prior to March 1, 2024, the access will cease at that time. If ERG employs additional subcontractors to support EPA on a regular basis or on a limited or one-time basis under the above-listed contract, and those subcontractors require access to CBI, EPA will notify affected companies of the contemplated disclosure and provide them with an opportunity to comment by either sending them a letter or by publishing an additional notice in the **Federal Register**.

Parties who wish to obtain further information about this **Federal Register**

notice, or about OECA's disclosure of information claimed as CBI to subcontractors, may contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: May 16, 2019.

Director, Air Enforcement Division.
