

with the requirements of 39 CFR 3007.301.¹

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern market dominant product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39 U.S.C. 3642, 39 CFR part 3010, and 39 CFR part 3020, subpart B. For request(s) that the Postal Service states concern competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3015, and 39 CFR part 3020, subpart B. Comment deadline(s) for each request appear in section II.

II. Docketed Proceeding(s)

1. *Docket No(s)*: CP2019–159; *Filing Title*: Notice of the United States Postal Service of Filing a Functionally Equivalent Global Plus 1E Negotiated Service Agreement and Application for Non-Public Treatment of Materials Filed Under Seal; *Filing Acceptance Date*: May 23, 2019; *Filing Authority*: 39 CFR 3015.5; *Public Representative*: Christopher C. Mohr; *Comments Due*: June 3, 2019.

This Notice will be published in the **Federal Register**.

Stacy L. Ruble,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–85931; File No. SR–C2–2019–011]

Self-Regulatory Organizations; Cboe C2 Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating To Amend Rule 6.11

May 23, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,²

notice is hereby given that on May 16, 2019, Cboe C2 Exchange, Inc. (the “Exchange” or “C2”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b–4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe C2 Exchange, Inc. (the “Exchange” or “C2”) proposes to amend Rule 6.11. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/options/regulation/rule_filings/ctwo/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed rule change makes enhancements to the Exchange's opening auction process. The Exchange recently adopted an opening auction process, which the Exchange intends to implement on June 17, 2019.⁵ The Exchange intends to implement the

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b–4(f)(6).

⁵ See Securities Exchange Act Release No. 85788 (May 6, 2019), 84 FR 20673 (May 10, 2019), SR–C2–2019–009. The changes in SR–C2–2019–009 are currently effective but not yet operative; however, the proposed rule text in this rule filing assume operativeness of those effective changes.

¹ See Docket No. RM2018–3, Order Adopting Final Rules Relating to Non-Public Information, June 27, 2018, Attachment A at 19–22 (Order No. 4679).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

enhancements proposed in this rule filing at that time.

First, the proposed rule change amends the definition of Composite Market in Rule 6.11(a). The term “Composite Market” means the market for a series comprised of (1) the higher of the then-current best appointed Market-Maker bulk message bid on the Queuing Book and the away best bid (“ABB”) (if there is an ABB) and (2) the lower of the then-current best appointed Market-Maker bulk message offer on the Queuing Book and the away best offer (“ABO”) (if there is an ABO).⁶ The Queuing Book means the book into which Users may submit orders and quotes (and onto which good-til-cancelled and good-til-day orders remaining on the Book from the previous trading session or trading day, as applicable, are entered) during the Queuing Period for participation in the applicable opening rotation. The Queuing Period means the time period prior to the initiation of an opening rotation during which the System accepts orders and quotes for participation in the opening rotation for the applicable trading session. Therefore, in an All Sessions Class (*i.e.*, a class that trades during both the Global Trading Hours (“GTH”) and Regular Trading Hours (“RTH”) trading sessions), the Composite Market will be based on the appointed Market-Maker bulk message bids and offers in the RTH Queuing Book (available from 7:30 a.m. through the opening of trading). It currently will not consider any appointed Market-Maker bulk message bids and offers in that class in the GTH book (on which trading will be occurring in that class from 8:30 a.m. through 9:15 a.m.).

Market-Makers are generally responsible for pricing the markets in their appointed classes, which is why the Exchange considers Market-Makers’ bulk message bids and offers when determining the Composite Market in connection with the opening auction process. For that reason, the price protection measures applied during the opening auction process (the Maximum Composite Width check and the Opening Collar) are based on the Composite Market. The Exchange believes it would be beneficial, and may lead to more accurate pricing during the opening auction process, for the Composite Market to be used for the RTH opening auction process to incorporate all available bulk message bids and offers from appointed Market-Makers, including any in the GTH book.

Therefore, the proposed rule change amends the definition of Composite Market to provide that it will be comprised of the higher (lower) of the then-current best appointed Market-Maker bulk message bid (offer) on the Exchange (which includes both the RTH Queuing Book and the GTH book), rather than just the Queuing Book.

Second, the proposed rule change amends Rule 6.11(e)(1) to provide that a series is not eligible to open if the Composite Market is crossed (*i.e.*, the Composite Bid is higher than the Composite Offer). A series will be eligible to open if the Composite Width is less than or equal to the Maximum Composite Width, or is greater than the Maximum Composite Width but there are no non-M Capacity market orders or buy (sell) limit orders with prices higher (lower) than the Composite Bid (Offer) and no orders or quotes marketable against each other (*i.e.*, locked or crossed).⁷ The Maximum Composite Width Check is a price protection measure intended to prevent orders from executing at extreme prices at the open. A crossed market is generally unreliable, and opening with a crossed Composite Market may create price risk for any executions that may occur during the opening rotation (pursuant to subparagraph (e)(3)). Therefore, the proposed rule change enhances the Maximum Composite Width check price protection to provide that the Composite Market may not be crossed for a series to be eligible to open.

Third, the proposed rule change harmonizes how the opening auction process will be used following all trading halts. Current Rule 6.11(g) provides that if there is a Regulatory Halt,⁸ the Queuing Period begins immediately when the Exchange halts trading in the class. If the Exchange declares any other type of halt in a class (*i.e.*, a non-Regulatory Halt), there will be no Queuing Period. Additionally, if there is a Regulatory Halt, the System queues a User’s open orders or quotes, unless the User entered instructions to cancel its open resting orders and quotes, but if there is a non-Regulatory Halt, the System cancels a User’s open orders and quotes. The Exchange has determined to eliminate the distinction between how the opening auction

process applies following a Regulatory Halt and a non-Regulatory Halt. The proposed rule change provides that the opening auction process following any trading halt will apply in the manner it currently applies following a Regulatory Halt. In other words, following a non-Regulatory Halt, there will be a Queuing Period during the trading halt.

Additionally, in the event of a non-Regulatory Halt, the System will queue a User’s orders and quotes resting on the book at the time of the trading halt for participation in the opening rotation following the trading halt, unless the User entered instructions to cancel its resting orders and quotes. This will provide Users with the ability to decide how its resting orders and quotes should be handled in the event of a non-Regulatory Halt, as they are currently able to do in the event of a Regulatory Halt. The Exchange also believes elimination of this distinction will eliminate potential investor confusion regarding how the System will handle orders and quotes in the event of a trading halt.⁹

Finally, the proposed rule change makes several nonsubstantive changes in Rule 6.11:

- The proposed rule change makes a grammatical change in subparagraph (b)(2).
- The proposed rule change adds the word “process” in subparagraph (b)(2)(E) after the term “opening auction,” as it was inadvertently omitted (throughout Rule 6.11, the entire opening is referred to as the “opening auction process”).

The proposed rule change updates subparagraph (e)(2) to clarify when the System will and will not be able to determine an Opening Trade Price. The System determines an Opening Trade Price if there are orders and quotes marketable against each other at a price not outside the Opening Collar (this is consistent with the current rule, which states there is no Opening Trade Price if there are no locked or crossed orders or quotes (*i.e.*, marketable orders and quotes) at a price not outside the Opening Collar). The proposed rule change merely modifies the language, which the Exchange believes is clearer, and makes corresponding changes to the paragraph numbering and lettering. Additionally, the proposed rule change adds the defined term “VMIM price”, which is the price determined by the process described in current subparagraphs (e)(2)(A)(i) through (iii) (proposed subparagraphs (e)(2)(A) through (3)). The proposed rule change

⁷ The proposed rule change makes a nonsubstantive change to this language in Rule 6.11(e)(1)(B). Once a series satisfies the conditions in the Maximum Composite Width Check, the System will determine an Opening Trading Price pursuant to Rule 6.11(e)(2), and then open the series pursuant to Rule 6.11(e)(3).

⁸ If the primary market for the applicable underlying security declares a regulatory trading halt, suspension, or pause with respect to such security, it is referred to as a “Regulatory Halt.”

⁶ The term “Composite Bid (Offer)” means the bid (offer) used to determine the Composite Market.

⁹ The proposed rule change also makes nonsubstantive changes to paragraph (g).

does not modify the process used to determine that price.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹⁰ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹² requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the proposed revision to the definition of Composite Market will remove impediments to and perfect the mechanism of a free and open market and a national market system and protect investors, because it will ensure the price protection measures used during the opening auction process, which are based on the Composite Market, for the RTH opening in an All Sessions Class will incorporate all available pricing information on the Exchange from appointed Market-Makers in that class. The Exchange believes this may lead to a more accurate Opening Trade Price. The proposed rule change to not open a series if the Composite Market is crossed will promote just and equitable principles of trade and protect investors, because crossed markets are generally unreliable. The Exchange believes not opening a series if the Composite Market is crossed may reduce the risk of erroneously priced executions during the opening rotation. The proposed rule change to harmonize the opening auction process following all types of trading halts will protect investors by eliminating potential confusion regarding how the Exchange will open series following trading halts, and by

providing Users with flexibility regarding how the System will handle their orders and quotes following a non-Regulatory Halt (as they currently have following a Regulatory Halt). The proposed nonsubstantive changes will benefit investors by providing additional clarity to the Rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will not impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes to the price protection measures used during the opening auction process will apply in the same manner to all orders and quotes of all Users. All Users will have the same flexibility regarding how the System will handle their orders and quotes following non-Regulatory Halts, which is the same flexibility currently available to Users following Regulatory Halts. If a User wants its orders and quotes to be handled following a non-Regulatory Halt in the manner they are today, that User can instruct the Exchange to do so. The proposed rule change will not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes to the price protections used during the opening auction process only impact how series will open on the Exchange prior to the opening of trading. The proposed changes are intended to enhance the price protections used during the opening process and are not intended as competitive changes, and to provide Users with flexibility with respect to the handling of their orders and quotes following a non-Regulatory Halt. The proposed nonsubstantive changes do not impact trading, and thus have no competitive impact; they merely provide additional clarity to the Rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule does not (i) significantly affect the protection of

investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission,¹³ the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-C2-2019-011 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-C2-2019-011. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-85924; File No. SR-OCC-2019-803]

Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing of Advance Notice Concerning the Options Clearing Corporation's Proposal To Enter Into a New Credit Facility Agreement

May 23, 2019.

Pursuant to Section 806(e)(1) of Title VIII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, entitled Payment, Clearing and Settlement Supervision Act of 2010 ("Clearing Supervision Act")¹ and Rule 19b-4(n)(1)(i)² under the Securities Exchange Act of 1934 ("Exchange Act" or "Act"),³ notice is hereby given that on April 26, 2019, the Options Clearing Corporation ("OCC") filed with the Securities and Exchange Commission

("Commission") an advance notice ("Advance Notice") as described in Items I, II and III below, which Items have been prepared by OCC. The Commission is publishing this notice to solicit comments on the advance notice from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Advance Notice

This advance notice is submitted in connection with a proposed change to OCC's operations in the form of the replacement of a revolving credit facility that OCC maintains for a 364-day term and that it may use: (i) In anticipation of a potential default by or suspension of a Clearing Member; (ii) to meet obligations arising out of the default or suspension of a Clearing Member; (iii) to meet reasonably anticipated liquidity needs for same-day settlement as a result of the failure of any bank or securities or commodities clearing organization to achieve daily settlement; or (iv) to meet obligations arising out of the failure of a bank or securities or commodities clearing organization to perform its obligations due to its bankruptcy, insolvency, receivership or suspension of operations. OCC has provided a summary of the terms and conditions of the proposed renewal in confidential Exhibit 3. The proposed change is described in additional detail in Item 10 below.

The advance notice is available on OCC's website at <https://www.theocc.com/about/publications/bylaws.jsp>. All terms with initial capitalization that are not otherwise defined herein have the same meaning as set forth in the OCC By-Laws and Rules.⁴

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Advance Notice

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the advance notice and discussed any comments it received on the advance notice. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections A and B below, of the most significant aspects of these statements.

(A) Clearing Agency's Statement on Comments on the Advance Notice Received From Members, Participants or Others

Written comments were not and are not intended to be solicited with respect

to the advance notice and none have been received. OCC will notify the Commission of any written comments received by OCC.

(B) Advance Notices Filed Pursuant to Section 806(e) of the Payment, Clearing, and Settlement Supervision Act

Description of Proposed Change Background

This advance notice is being filed in connection with a proposed change in the form of the replacement of a revolving credit facility that OCC maintains for a 364-day term and that it may use: (i) In anticipation of a potential default by or suspension of a Clearing Member; (ii) to meet obligations arising out of the default or suspension of a Clearing Member; (iii) to meet reasonably anticipated liquidity needs for same-day settlement as a result of the failure of any bank or securities or commodities clearing organization to achieve daily settlement; or (iv) to meet obligations arising out of the failure of a bank or securities or commodities clearing organization to perform its obligations due to its bankruptcy, insolvency, receivership or suspension of operations ("Permitted Use Circumstances"). In any such Permitted Use Circumstance, OCC has certain conditional authority under its By-Laws and Rules to borrow or otherwise obtain funds from third parties using Clearing Member margin deposits and/or Clearing Fund contributions.⁵

OCC's existing credit facility ("Existing Facility") was implemented as of June 28, 2018, through the execution of a credit agreement among OCC, the administrative agent, collateral agent and the lenders that are parties to the agreement from time to time. The Existing Facility provides short-term secured borrowings in an aggregate principal amount of \$2 billion but may be increased to \$3 billion if OCC so requests and sufficient commitments from lenders are received and accepted. To obtain a loan under the Existing Facility, OCC must pledge as collateral U.S. dollars, securities issued or guaranteed by the U.S. Government or the Government of Canada, S&P 500 Market Index equities, Exchange-Traded Funds ("ETFs"), American Depositary Receipts ("ADRs") or certain government-sponsored enterprise ("GSE") debt securities. Certain mandatory prepayments or deposits of additional collateral are required depending on changes in the collateral's
