**Background**

On December 3, 2018, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on steel wire garment hangers from Taiwan for the period of December 1, 2017, through November 30, 2018.<sup>1</sup> On December 14, 2018, in accordance with section 751(a) of the Tariff Act of 1930, as amended, (the Act) and 19 CFR 351.213(b), Commerce received a timely request from the petitioner<sup>2</sup> to conduct an administrative review of the antidumping duty order on steel wire garment hangers from Taiwan manufactured and/or exported by Charles Enterprise Co., Ltd.; Gee Ten Enterprise Co., Ltd.; Inmall Enterprises Co., Ltd.; Mindful Life and Coaching Co., Ltd.; Ocean Concept Corporation; Su-Chia International Ltd.; Taiwan Hanger Manufacturing Co., Ltd.; and Young Max Enterprises Co. Ltd.<sup>3</sup>

On March 14, 2019, Commerce published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order for the period December 1, 2017, through November 30, 2018.<sup>4</sup> On May 13, 2019, the petitioners timely withdrew their request for an administrative review for all companies under review.<sup>5</sup>

**Rescission of Review**

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, "in whole or in part, if the party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." The petitioner withdrew its request for review within the 90-day deadline. No other party requested an administrative review of the antidumping duty order. Therefore, in response to the timely withdrawal request and in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding the administrative review of the antidumping duty order on steel wire garment hangers from Taiwan in its entirety.

**Assessment**

Commerce intends to instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of steel wire garment hangers from Taiwan during the POR. Antidumping duties shall be assessed at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice in the **Federal Register**.

**Notification to Importers**

This notice serves as the only reminder to importers, whose entries will be liquidated as a result of this rescission, of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

**Notification Regarding Administrative Protective Order**

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). **Refillable Stainless Steel Kegs From the People's Republic of China: Preliminary Affirmative Determination, in Part, of Critical Circumstances in the Countervailing Duty Investigation**

**SUPPLEMENTARY INFORMATION:**

**Background**

On April 5, 2019, the Department of Commerce (Commerce) published the preliminary determination in the countervailing duty (CVD) investigation of imports of refillable stainless steel kegs (kegs) from the People's Republic of China.<sup>1</sup> On May 2, 2019, the American Keg Company LLC (petitioner) alleged that critical circumstances exist with respect to imports of kegs from China, pursuant to sections 703(e) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.206.<sup>2</sup>

In accordance with 19 CFR 351.206(c)(2)(ii), if the petitioner submits an allegation of critical circumstances later than 20 days before the scheduled date of the preliminary determination, Commerce must issue a

<sup>2</sup> See Letter from the petitioner, "Refillable Stainless Steel Kegs from the People's Republic of China: Petitioner's Critical Circumstances Allegation," dated May 2, 2019.

preliminary finding whether there is a reasonable basis to believe or suspect that critical circumstances exist within 30 days of the petitioner's allegation.

Section 703(e)(1) of the Act provides that Commerce, upon receipt of a timely allegation of critical circumstances, will preliminarily determine that critical circumstances exist in CVD investigations if there is a reasonable basis to believe or suspect that: (A) “the alleged countervailable subsidy” is inconsistent with the Subsidies and Countervailing Measures (SCM) Agreement of the World Trade Organization; and (B) there have been massive imports of the subject merchandise over a relatively short period. Sections 351.206(h)(2) and (i) of Commerce's regulations provide that imports must increase by at least 15 percent during the “relatively short period” to be considered “massive” and defines a “relatively short period” as normally being the period beginning on the date the proceeding begins (*i.e.*, the date the petition is filed) and ending at least three months later.

#### Critical Circumstances Analysis

To determine whether an alleged countervailable subsidy is inconsistent with the SCM Agreement, in accordance with section 703(e)(1)(A) of the Act, Commerce considered the evidence on the record of this CVD investigation. Specifically, as reflected in the *Preliminary Determination*, Commerce found that Ningbo Master International Trade Co., Ltd. (Ningbo Master), the one participating mandatory respondent in this investigation, benefitted from the following export-contingent subsidies: International Market Expansion Fund and Export Assistance Grants.<sup>3</sup>

In determining whether there are “massive imports” over a “relatively short period,” pursuant to section 703(e)(1)(B) of the Act, Commerce normally compares the import volumes of the subject merchandise for at least three months immediately preceding the filing of the petition (*i.e.*, the “base period”) to a comparable period of at least three months following the filing of the petition (*i.e.*, the “comparison period”).<sup>4</sup> Imports will normally be

considered massive when imports during the comparison period have increased by 15 percent or more compared to imports during the base period.<sup>5</sup>

Accordingly, to determine preliminarily whether there has been a massive surge in imports for Ningbo Master International Trade Co., Ltd. (Ningbo Master), the mandatory respondent in this investigation, which provided shipment data, Commerce compared the total volume of shipments from October 2018 through April 2019, the comparison period (*i.e.*, all months for which shipment data was available), with the preceding seven-month period of March 2018 through September 2018, the base period. After analyzing the data submitted, we preliminarily determine imports from Ningbo Master were not massive (*i.e.*, did not increase by more than 15 percent between the base and comparison periods) over a relatively short period of time within the context of 19 CFR 351.206(h).<sup>6</sup>

As detailed in the *Preliminary Determination*, Commerce applied an Adverse Facts Available (AFA) rate for certain companies that did not act to the best of their ability to respond to Commerce's requests for information.<sup>7</sup> Therefore, we preliminarily determine, on the basis of AFA,<sup>8</sup> that there has been a massive surge in imports for these 19 companies that chose not to participate in this investigation. Further, in the *Preliminary Determination*, we preliminarily determined that all 19 companies benefitted from export-contingent countervailable subsidies, including the “International Market

Expansion Fund” and “Export Assistance Grants” programs.<sup>9</sup> Therefore, we preliminarily find that these companies received countervailable subsidies that are inconsistent with the SCM Agreement, in accordance with section 703(e)(1)(A) of the Act. As such, we preliminarily determine that critical circumstances exist with respect to these AFA companies only.

To determine whether imports were massive for all other producers/exporters, Commerce's normal practice is to subtract shipments reported by the cooperating mandatory respondents from shipment data of subject merchandise compiled by the ITC.<sup>10</sup> However, as discussed in the *Initiation Notice*<sup>11</sup> for this investigation, the Harmonized Tariff Schedule of the United States (HTSUS) numbers under which the subject merchandise would enter are basket categories containing a wide variety of manufactured steel products unrelated to kegs. Therefore, consistent with prior practice, we have preliminarily relied upon the participating respondent company's data as “facts available” in accordance with section 776(a)(1) of the Act to determine whether imports from all other producers/exporters were massive.<sup>12</sup> Based on the import data submitted by Ningbo Master, we have preliminarily determined that imports from all other producers/exporters likewise were not massive.

#### Final Critical Circumstances Determination

We will issue our final determinations concerning critical circumstances when we issue our final CVD determination. All interested parties will have the opportunity to address this determination. Case briefs, addressing critical circumstances only, may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the publication date of this notice. Rebuttal briefs, limited to issues raised in these critical circumstances-only case briefs, may be

#### ITC Notification

In accordance with section 703(f) of the Act, we will notify the ITC of this preliminary determination of critical circumstances.

#### Suspension of Liquidation

In accordance with section 703(e)(2)(A) of the Act, for the 19 companies that chose not to participate in this investigation, we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of any unliquidated entries of subject merchandise from China entered, or withdrawn from warehouse for consumption, on or after January 5, 2019, which is 90 days prior to the date of publication of the *Preliminary Determination* in the **Federal Register**. For such entries, CBP shall require a cash deposit equal to the estimated preliminary subsidy rates established for these companies in the *Preliminary Determination*. This suspension of liquidation will remain in effect until further notice.

This determination is issued and published pursuant to section 777(i) of the Act.
