

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the

Secretary establishes a data collection period.

5. *Performance Measures:* The Secretary has established the following key performance measures for assessing the effectiveness of the PPOHA Program:

(a) The percentage change, over the five-year grant period, of the number of full-time degree-seeking graduate and professional students enrolled at HSIs currently receiving an award under this program.

(b) The percentage change, over the five-year grant period, of the number of master's, doctoral, and first-professional degrees and postbaccalaureate certificates awarded at HSIs currently receiving an award under this program; and

(c) Cost per successful outcome: The Federal cost per master's, doctoral, and first-professional degree and postbaccalaureate certificate awarded at HSIs currently receiving an award under this program.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

DEPARTMENT OF EDUCATION

[Docket No. ED-2019-ICCD-0049]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; 2019-20 National Postsecondary Student Aid Study (NPSAS:20) Institution Collection

AGENCY: National Center for Education Statistics (NCES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before July 11, 2019.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2019-ICCD-0049. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the [regulations.gov](http://www.regulations.gov) site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for

information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9089, Washington, DC 20202-0023.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Kashka Kubzdela, 202-245-7377 or email NCES.Information.Collections@ed.gov.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: 2019-20 National Postsecondary Student Aid Study (NPSAS:20) Institution Collection.

OMB Control Number: 1850-0666.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 6,073.

Total Estimated Number of Annual Burden Hours: 13,577.

Abstract: The 2019-20 National Postsecondary Student Aid Study (NPSAS:20) is a nationally representative cross-sectional study of how students and their families finance education beyond high school in a given academic year. NPSAS is conducted by the National Center for Education

Statistics (NCES) and was first implemented by NCES during the 1986-87 academic year and has been fielded every 2 to 4 years since. This request is to conduct the 11th cycle in the NPSAS series that will be conducted during the 2019-20 academic year. NPSAS:20 will be both nationally- and state-representative. NPSAS:20 also will serve as the base year data collection for the 2020 cohort of the Beginning Postsecondary Students Longitudinal Study (BPS:20), a study of first-time beginning postsecondary students that will be conducted three years (BPS:20/22) and six years (BPS:20/25) after beginning their postsecondary education. NPSAS:20 will consist of nationally-representative sample undergraduate and graduate students, and a nationally-representative sample of first-time beginning students (FTBs). Subsets of questions in the student interview will focus on describing aspects of the experience of beginning students in their first year of postsecondary education, including student debt and education experiences. This submission covers materials and procedures related to institution sampling, institution contacting, enrollment list collection, and matching to administrative data files as part of the NPSAS:20 data collection. NCES will submit a separate clearance package covering the NPSAS:20 student data collection, including student record data abstraction and student interviews, in the summer of 2019. The materials and procedures are based on those developed for previous institution-based data collections, including NPSAS:16, BPS:12 student record collection, and the 2018 NPSAS Administrative Collection (NPSAS:18-AC). The NPSAS:20 enrollment list collection from institutions will take place from October 2019 through July 2020, the student records collection will take place from February through November 2020, and the student survey data collection will take place from January through November 2020.

Dated: June 6, 2019.

Stephanie Valentine,

PRA Coordinator, Information Collection Clearance Program, Information Management Branch, Office of the Chief Information Officer.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Notice of Request for Information (RFI) on Marine Sciences Laboratory

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy (DOE).

ACTION: Request for information (RFI).

SUMMARY: The U.S. Department of Energy (DOE) invites public comment on the Marine Sciences Laboratory Request for Information (RFI). This RFI is seeking feedback addressing the growing Research and Development (R&D) interest in the use of the Department of Energy's Pacific Northwest National Laboratory (PNNL) Marine Sciences Laboratory (MSL) facilities for renewable energy, maritime markets, and energy storage research, technology development and testing. This information will help DOE and PNNL prioritize resources and investments at the MSL.

DATES: Responses to the RFI must be received by no later than 5:00 p.m. (ET) on July 31, 2019.

ADDRESSES: Interested parties should submit comments electronically to WPTORFI@ee.doe.gov. Include *Marine Sciences Laboratory Request for Information* in the subject line. Responses must be provided as attachments to an email. It is recommended that attachments with file size exceeding 25 MB be compressed (*i.e.*, zipped) to ensure message delivery. The complete RFI document is located at <https://eere-exchange.energy.gov/>.

FOR FURTHER INFORMATION CONTACT: Questions may be addressed to WPTORFI@ee.doe.gov or Carrie Noonan, Technical Project Officer, 240-562-1644. Further instruction can be found in the RFI document posted on EERE Exchange at <https://eere-exchange.energy.gov/> under DE-FOA-0002123.

SUPPLEMENTARY INFORMATION: Pacific Northwest National Laboratory's (PNNL) Marine Sciences Laboratory (MSL), located in Washington State, is the U.S. Department of Energy's (DOE) only marine research facility. The laboratory helps the Nation achieve sustainable energy, a healthy environment, and robust security in coastal settings. The purpose of this request for information is to solicit feedback from industry, academia, other national laboratories, government agencies, and private entities regarding the use of this unique DOE marine laboratory as a research, development, testing, and validation venue supporting multiple DOE missions as they relate to the coastal and ocean environment.
