

racial and ethnic groups from all geographic locations of the United States of America. All nominations will be fully considered, but applicants need to be aware of the specific representation sought as outlined in the Summary above. In addition, EPA is seeking nominees with knowledge in youth perspectives and youth development; environmental measures and use of LEAN principles; public health/health disparities; community sustainability and resiliency; green jobs and green infrastructure; land use and equitable development; and emerging inclusion of sub-populations such as the homeless, veterans, prisoners, etc.

Other criteria used to evaluate nominees will include:

- The background and experience that would help members contribute to the diversity of perspectives on the committee (e.g., geographic, economic, social, cultural, educational background, professional affiliations, and other considerations;
- demonstrated experience with environmental justice and community sustainability issues at the national, state, or local level;
- excellent interpersonal and consensus-building skills;
- ability to volunteer time to attend meetings 2–3 times a year, participate in teleconference meetings, attend listening sessions with the Administrator or other senior-level officials, develop policy recommendations to the Administrator, and prepare reports and advice letters; and
- willingness to commit time to the committee and demonstrated ability to work constructively and effectively on committees.

How to Submit Nominations: Any interested person or organization may nominate qualified persons to be considered for appointment to this advisory committee. Individuals are encouraged to self-nominate. Nominations can be submitted in electronic format (preferred) following the template available at <https://www.epa.gov/environmentaljustice/nominations-nejac>. To be considered, all nominations should include:

- Current contact information for the nominee/applicant, including the nominee's/applicant's name, organization (and position within that organization), current business address, email address, telephone numbers and the stakeholder category position you are interested in.
- Brief Statement describing the nominee's/applicant's interest in serving on the NEJAC.

- Résumé and a short biography describing the professional and educational qualifications of the nominee, including a list of relevant activities, and any current or previous service on advisory committees.

- Brief statements describing experience as it relates to engaging affected communities, understanding environmental justice/relevant issues, consensus building, communication skills and availability.

- Letter[s] of recommendation from a third party supporting the nomination. Letter[s] should describe how the nominee's experience and knowledge will bring value to the work of the NEJAC.

Other sources, in addition to this **Federal Register** notice, may also be utilized in the solicitation of nominees.

Dated: May 29, 2019.

Matthew Tejada,

Director, Office of Environmental Justice.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0221]

Information Collection Requirement Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information

collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before August 12, 2019. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the Title as shown in the **SUPPLEMENTARY INFORMATION** section below.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0221.

Title: Section 90.155, Time in Which Station Must Be Placed in Operation.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, and State, Local or Tribal Government.

Number of Respondents and Responses: 93 respondents; 701 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in 47 U.S.C. 154(i), 161, 303(r), 303(g), 332(c)(7), unless otherwise noted.

Total Annual Burden: 701 hours.

Annual Cost Burden: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: The information collection requirements contained in Section 90.155 provide that a period longer than 12 months may be granted to local government entities to place their stations in operation on a case-by-case basis upon a showing of need. This rule provides flexibility to state and local governments. An application for extension of time to commence service may be made on FCC Form 601.

Extensions of time must be filed prior to the expiration of the construction period. Extensions will be granted only if the licensee shows that the failure to commence service is due to causes beyond its control.

In 1995, via a Report and Order in PR Docket No. 93–61; FCC 95–41, published at 60 FR 15248, the Commission established construction deadlines for Location and Monitoring Service (LMS) licensees in the market-licensed multilateration LMS services. On July 8, 2004, the Commission adopted a Report and Order under WT Docket Nos. 02–381, 01–14, and 03–202; FCC 04–166, published at 69 FR 75144, that amended § 90.155 to provide holders of multilateration location service authorizations with five- and ten-year benchmarks to place in operation their base stations that utilize multilateration technology to provide multilateration location service to one-third of the Economic Area's (EA's) population within five years of initial license grant, and two-thirds of the population within ten years. At the five- and ten-year benchmarks, licensees are required to file a map and FCC Form 601 showing compliance with the coverage requirements pursuant to § 1.946 of the Commission's rules.

On January 31, 2007, via an Order on Reconsideration, and Memorandum Opinion and Order, under DA 07–479, the FCC granted two to three additional years to meet the five-year construction requirement for certain multilateration Location and Monitoring Service Economic Area licenses, and extended the 10-year requirement for such licenses two years.

These requirements will be used by Commission personnel to evaluate whether or not certain licensees are providing substantial service as a means of complying with their construction requirements, or have demonstrated that an extended period of time for construction is warranted.

Federal Communications Commission.

Katura Jackson,

Federal Register Liaison.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–1260]

Information Collection Approved by the Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for public information collection pursuant to the Paperwork Reduction Act of 1995. An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid control number. Comments concerning the accuracy of the burden estimates and any suggestions for reducing the burden should be directed to the person listed in the **FOR FURTHER INFORMATION CONTACT** section below.

FOR FURTHER INFORMATION CONTACT:

Cathy Williams, Office of the Managing Director, at (202) 418–2918, or email: Cathy.Williams@fcc.gov.

SUPPLEMENTARY INFORMATION:

The total annual reporting burdens and costs for the respondents are as follows:

OMB Control Number: 3060–1260.

OMB Approval Date: April 15, 2019.

OMB Expiration Date: April 30, 2022.

Title: Broadcast Incubator Program.

Form Number: N/A.

Respondents: Business or other for-profit entities; not-for-profit institutions; Tribal Governments.

Number of Respondents and Responses: 20 respondents; 123 responses.

Estimated Time per Response: 4 to 16 hours.

Frequency of Response: On occasion reporting requirement; annual reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority that covers this information collection is 47 U.S.C. 151, 152(a), 154(i), 257, 303, 307–310, and 403.

Total Annual Burden: 1,179 hours.

Total Annual Cost: \$326,700.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The need for confidentiality for this information collection is not anticipated; however, when submitting an incubation proposal (including the underlying contract and certified statements), applicants may, upon request, redact confidential or proprietary terms.

Needs and Uses: The Office of Management and Budget (OMB) approved the information collection titled “Broadcast Incubator Program” under OMB Control No. 3060–1260, as a result of a recent rulemaking, FCC 18–114.

On August 3, 2018, the Commission released a Report and Order (*Order*),

Rules and Policies to Promote New Entry and Ownership Diversity in the Broadcasting Services, FCC 18–114, in MB Docket No. 17–289, establishing the requirements that will govern the incubator program that the Commission previously decided to adopt to support the entry of new and diverse voices into the radio broadcast industry. The incubator program is designed for small businesses, struggling station owners, and new entrants that do not have any other means to access the financial assistance and operational support necessary for success in the broadcast industry. The goal is the pairing of these small aspiring, or struggling, broadcast station owners with established broadcasters. These incubation relationships will provide new entrants and struggling small broadcasters access to the financing, mentoring, and industry connections that are necessary for success in the industry, but to date have been unavailable to many. In return for successfully incubating a small aspiring, or struggling, broadcast station owner as part of the Commission's incubator program, an incumbent broadcaster will be eligible to receive a waiver (a reward waiver) of the Commission's Local Radio Ownership Rule following the successful conclusion of a successful qualifying incubation relationship. The standard term for an incubation relationship is three years.

Commission staff will use the applications, certified statements, and contracts submitted by potential incubating and incubated entities, along with any responses to Commission requests for additional information to determine qualifications for participation in the incubator program.

Commission staff will use the periodic reports to determine whether ongoing incubation relationships are proceeding in a manner consistent with the parties' initial filings and are likely to result in a successful incubation relationship. At the end of a successful incubation relationship, either the incubated entity will own and operate a full-service AM or FM station independently or the incubated station will be on a firmer footing if the station was struggling at the start of the relationship.

In the event the parties seek to extend the duration of their incubation relationship beyond the standard three-year term, the filing of a request for such an extension will enable Commission staff to gauge the types of problems incubating parties are experiencing. Information provided by the parties to the Commission no later than six months before the contract termination
