ENVIRONMENTAL PROTECTION AGENCY

[FRL-9995-15-OA]

Request for Nominations of Candidates for EPA's Science Advisory Board Economic Guidelines Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office invites nominations of environmental economists to be considered for appointment to the SAB's Economic Guidelines Review Panel.

DATES: Nominations should be submitted in time to arrive no later than July 3, 2019.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding this Notice and Request for Nominations may contact Dr. Holly Stallworth, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office (1400R), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, DC 20460; by telephone at (202) 564-2073 or at stallworth.holly@epa.gov.

General information concerning the EPA SAB can be found at the EPA SAB website at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: The SAB (42 U.S.C. 4365) is a chartered Federal Advisory Committee that provides independent scientific and technical peer review, advice and recommendations to the EPA Administrator on the technical basis for EPA actions. As a Federal Advisory Committee, the SAB conducts business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2) and related regulations. The SAB Economic Guidelines Review Panel will be an ad hoc panel of the SAB that provides advice through the chartered SAB. It will be charged with reviewing revised chapters of the *Guidelines for Preparing Economic Analyses* by EPA's National Center for Environmental Economics (NCEE). The EPA relies on the *Guidelines for Preparing Economic Analyses* when evaluating the economic consequences of its regulations and policies and it is critical that the *Guidelines* reflect the most current, peer-reviewed and established practices in the economics profession. The NCEE has been working to improve the *Guidelines* by updating and revising selected chapters as appropriate. While most chapters will be revised, NCEE anticipates more substantive changes in chapters addressing the following topics: baselines and other analytic design considerations, discounting future benefits and costs, analyzing benefits (including health, ecosystem services valuation and benefit transfer), analyzing costs, economic impact analysis (including employment effects), distributional effects (including environmental justice). The Economic Guidelines Review Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. The SAB Economic Guidelines Review Panel will operate under the auspices of the SAB.

Request For Nominations: The SAB Staff Office is seeking nominations of

environmental economists with extensive experience and expertise estimating benefits and/or costs of environmental outcomes, conducting and/or evaluating benefit cost analyses, and assessing distributional effects, including economic impacts of environmental regulation. Peer reviewed economics journal publications within the last ten years focused on cost estimation, benefits valuation, evaluation of benefit cost analyses or economic impact analyses is highly desirable.

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate qualified individuals with relevant experience for possible service on the SAB Economic Guidelines Review Panel identified in this notice. Nominations should be submitted in electronic format (preferred) following the instructions for "Nominating Experts to Advisory Panels and Ad hoc Committees Being Formed," provided on the SAB website (see the "Nomination of Experts" link under "Current Activities") at <http://www.epa.gov/sab>.

To receive full consideration, EPA's SAB Staff Office requests contact information about the person making the nomination; contact information about the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's resume or curriculum vitae; sources of recent grant and/or contract support; and a biographical sketch of the nominee indicating current position, educational background, research activities, and recent service on other national advisory committees or national professional organizations.

Persons having questions about the nomination procedures, or who are unable to submit nominations through the SAB website, should contact Dr. Holly Stallworth as indicated above in this notice. Nominations should be submitted in time to arrive no later than July 3, 2019. EPA values and welcomes diversity. All qualified candidates are encouraged to apply regardless of sex, race, disability, or ethnicity.

The EPA SAB Staff Office will acknowledge receipt of nominations. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff, will be posted in a List of Candidates on the SAB website at <http://www.epa.gov/sab>. Public comments on the List of Candidates will be accepted for 21 days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office
