FOR FURTHER INFORMATION CONTACT: Lawrence Lyford by telephone at 202-693-3121 (this is not a toll free number) or by email at Lyford.Lawrence@dol.gov.

SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Job Corps is the nation's largest residential, educational, and career technical training program for the economically disadvantaged youths. The Economic Opportunity Act established Job Corps in 1964, and it currently operates under the authority of the Workforce Innovation and Opportunity Act (WIOA) of 2014. For over 54 years, Job Corps has helped prepare over three million at-risk young people between the ages of 16 and 24 for success in our nation's workforce. With 123 centers in 50 states, Puerto Rico, and the District of Columbia, Job Corps assists students across the nation in attaining academic credentials, including High School Diplomas (HSD) and/or High School Equivalency (HSE), and career technical training credentials, including industry-recognized certifications, state licensures, and pre-apprenticeship credentials.

Job Corps is a national program administered by the U.S. Department of Labor (DOL) through the Office of Job Corps and six Regional Offices. DOL awards and administers contracts for the recruiting and screening of new students, center operations, and the placement and transitional support of graduates and former enrollees. Large and small corporations and nonprofit organizations manage and operate 98 Job Corps centers under contractual agreements with DOL. These contract Center Operators are selected through a competitive procurement process that evaluates potential operators' technical expertise, proposed costs, past

performance, and other factors, in accordance with the Competition in Contracting Act and the Federal Acquisition Regulations. The U.S. Department of Agriculture operates the remaining 25 Job Corps centers, called Civilian Conservation Centers, via an interagency agreement. In addition, DOL awards experimental, research and demonstration grants, which requires collection of cost and performance information. The DOL has a direct role in the operation of Job Corps and does not serve as a pass-through agency for this program. The Workforce Innovation Opportunity Act (WIOA), Section 116(b) (2) (A) (i), Section 159(c) (4) and Section 156 (a) authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless OMB approves the collection under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB control number 1205-0426.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses).

NATIONAL CREDIT UNION ADMINISTRATION

Agency Information Collection Activities: Proposed Collection; Comment Request; NCUA Personnel Security Processing Form

AGENCY: National Credit Union Administration (NCUA).

ACTION: Notice and request for comment.

SUMMARY: The National Credit Union Administration (NCUA), as part of a continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on a new information collection, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments should be received on or before August 19, 2019 to be assured consideration.

ADDRESSES: Interested persons are invited to submit written comments on the information collections to the Mackie Malaka, National Credit Union Administration, 1775 Duke Street, Suite 6058, Alexandria, Virginia 22314, or email at PRAComments@NCUA.gov.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information should be directed to Mackie Malaka at the address above or telephone (703) 548-2704.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133-0201.

Title: NCUA Personnel Security Processing Forms.

Forms: NCUA 1092, 1093, and 1093C.

Abstract: Title 5, Code of Federal Regulations, Part 731 (suitability), Executive Order (E.O.) 13764 (contractor fitness), E.O. 12968/SEAD 4 (classified access), and Homeland Security Directive-12 (badging) requires all federal and contractor employees to undergo a background investigation when seeking employment with an agency. The NCUA Personnel Security Processing Forms (*Personnel Security Data Form-Contractor, Personnel Security Data Form-Employee and the Authorization for Release of Credit Information*) are used to collect information necessary for applying the government-established suitability/fitness criteria on employees before they can begin employment with or perform contractual services for the NCUA. It may be also required should a contract employee be moved to a new contract work. The background investigation process culminates in an adjudicative determination on whether or not these employees are fit to perform services on behalf of the agency.

Type of Review: New collection.

Affected Public: Individuals or Households.

Estimated No. of Respondents: 500.

Estimated Annual Frequency: 1.5.

Estimated Annual Number of Responses: 1,200.

Estimated Burden Hours per Response: 0.16.

Estimated Total Annual Burden Hours: 200.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper execution of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the

information on the respondents, including the use of automated collection techniques or other forms of information technology.

By Gerard Poliquin, Secretary of the Board, the National Credit Union Administration, on June 13, 2019.

Dated: June 13, 2019.

Mackie I. Malaka,

NCUA PRA Clearance Officer.

NATIONAL SCIENCE FOUNDATION**Request for Information on Update to Strategic Computing Objectives**

AGENCY: Networking and Information Technology Research and Development (NITRD) National Coordination Office (NCO), National Science Foundation.

ACTION: Notice of request for information.

SUMMARY: On behalf of the National Science and Technology Council's (NSTC) Fast-Track Action Committee (FTAC) on Strategic Computing (SC), NITRD NCO requests input from all interested parties on the goals and necessary approaches for sustaining and enhancing U.S. scientific, technological, and economic leadership in strategic computing.

DATES: Comments must be submitted on or before 11:59 p.m. (ET) on August 23, 2019.

ADDRESSES: Comments may be sent by any of the following methods:

- *Email:* StrategicComputing@nitrd.gov. Email submissions should be machine-readable and not be copy-protected. Submissions should include "RFI Response: Strategic Computing Research and Development" in the subject line of the message.
- *Fax:* (202) 459-9673, Attn: Ji Lee; or
- *Mail:* Attn: Ji Lee, NITRD NCO, 2415 Eisenhower Avenue, Alexandria, VA 22314, USA.

Instructions: Response to this RFI is voluntary. Each individual or institution is requested to submit only one response. Submissions must not exceed 10 pages in 12 point or larger font, with a page number provided on each page. Responses should include the name of the person(s) or organization(s) filing the comment.

Responses to this RFI may be posted online at <http://www.nitrd.gov>. Therefore, we request that no business proprietary information, copyrighted information, or personally identifiable information be submitted in response to this RFI.

In accordance with FAR 15.202(3), responses to this notice are not offers and cannot be accepted by the Federal government to form a binding contract. Responders are solely responsible for all expenses associated with responding to this RFI.

FOR FURTHER INFORMATION CONTACT: Ji Lee at (202) 459-9674 or StrategicComputing@nitrd.gov, or by mail to 2415 Eisenhower Avenue, Alexandria, VA 22314, USA.

Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The National Science and Technology Council's (NSTC) Fast-Track Action Committee (FTAC) on Strategic Computing (SC), NITRD NCO requests input from all interested parties on the goals and necessary approaches for sustaining and enhancing U.S. scientific, technological, and economic leadership in strategic computing. This includes the national high-performance computing ecosystem (as outlined in the National Strategic Computing Initiative Strategic Plan) as well as research, development, and deployment. This Request for Information (RFI) seeks input on whether the strategic computing objectives should be revised and, if so, how. Comments about existing strategic objectives (*i.e.*, suggestions to add, remove, or modify the objectives) and their past or future implementation by the Federal government are requested. All interested parties including those engaged in strategic computing research and development (R&D) and those affected by such R&D are welcome to respond. Responses will inform the NITRD NCO and the FTAC on SC on updating the goals and approaches for strategic computing R&D.

Background: In 2015, the *National Strategic Computing Initiative (NSCI)* was launched to sustain and enhance U.S. leadership in strategic computing. The NSCI Strategic Plan, released in 2016, established five strategic objectives in collaboration with industry and academia:

1. *Accelerating the delivery of capable exascale computing systems*
2. *Increasing technology coherence between technology base used for modeling and simulation and that used for data analytic computing*
3. *Establishing, over the next 15 years, a viable path forward for future HPC systems, even after the limits*
