SUPPLEMENTARY INFORMATION:

Background

On October 26, 2018, Commerce published the *Preliminary Determination*.¹ In the *Preliminary Determination*, Commerce aligned the final determination in this countervailing duty investigation with the final determination in the companion less-than-fair-value investigation, in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(4). A complete summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum.²

The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and to all parties in the Central Records Unit, Room B-8024 of Commerce's main building. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and electronic version are identical in content.

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29,

The period of investigation is January 1, 2017 through December 31, 2017.

Scope of the Investigation

The merchandise covered by this investigation is steel propane cylinders from China. For a complete description of the scope of this investigation, see Appendix I of this notice.
