Title of Collection: Evaluation of Financial Empowerment Training Program.

OMB Control Number: 3170–0067.

Type of Review: Extension with revision of a currently approved collection.

Abstract: The Bureau's Office of Community Affairs (OCA) is responsible for developing strategies to improve the financial capability of low-income and economically vulnerable consumers, such as consumers who are unbanked or underbanked, those with thin or no credit file, and households with limited savings. To address the needs of these consumers, OCA has developed Your Money, Your Goals, a suite of financial empowerment materials with an accompanying training program. These resources equip frontline staff and volunteers in a range of organizations to provide relevant and effective information, tools, and resources designed to improve the financial outcomes and capability of these vulnerable consumers. The Bureau seeks to renew approval of the information collection plan titled, "Evaluation of Financial Empowerment Training Program," in order to collect qualitative data related to evaluating the effectiveness of the Your Money, Your Goals training program. The proposed collections will focus on (1) evaluating Your Money, Your Goals training practices in enhancing the ability of frontline staff and volunteers to inform and educate low-income consumers about managing their finances; and (2) assessing the extent of workshop participants' execution of follow-on trainings, designed to share Your Money, Your Goals tools and resources with other frontline staff and volunteers, so they can use them with the people they serve. The Bureau expects to collect qualitative data through paper-based and web-based surveys.

Request for Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the

information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record.

Comments from the public can range from insight on child maltreatment-related health issues to personal accounts and objective input, focusing on the following:

- Feedback on mechanisms to advocate treatment options in health care settings that address potential factors for increased risk of child abuse and neglect (*i.e.*, mental health or relationship counseling, nonclinical counseling such as provided by Military OneSource, referral to programs focusing on socioeconomic factors such as food insecurity, etc.).

- Assessment of how child abuse and neglect victims are identified and treated in the military health care setting, with a focus on consistency within treatment protocols; record keeping; standardized treatments and protocols; medical and mental health treatment programs; and processes to connect victims to appropriate support programs within the MHS or civilian sector, and if there is an overlap.
