

information can be found at <http://www.cbp.gov/trade/stakeholder-engagement/trade-symposium>.

For information on facilities or services for individuals with disabilities or to request special assistance at the meeting, contact OTR at (202) 344-1440, or at tradeevents@cbp.dhs.gov as soon as possible.

SUPPLEMENTARY INFORMATION: This document announces that CBP will convene the 2019 Trade Symposium in Chicago, IL, on Tuesday, July 23, 2019, and Wednesday, July 24, 2019. The format of the 2019 Trade Symposium will be general sessions on the first day and breakout sessions on the second day. The 2019 Trade Symposium will feature panels composed of agency personnel, members of the trade community and other government agencies. The panel discussions will address trade remedies, e-commerce, the status of affairs in the Northern Triangle (El Salvador, Guatemala, Honduras), the 21st Century Customs Framework, forced labor issues, and other topics. In addition, there will be a working session to obtain feedback on export modernization and one-on-one sessions with the Centers of Excellence and Expertise. The 2019 Trade Symposium agenda can be found on the CBP website: <http://www.cbp.gov/trade/stakeholder-engagement/trade-symposium>.

Hotel accommodations have been made at the Marriott Marquis at 2121 South Prairie Ave, Chicago, IL 60616. Hotel room block reservation information can be found on the CBP website (<http://www.cbp.gov/trade/stakeholder-engagement/trade-symposium>).

Dated: June 21, 2019.

Bradley F. Hayes,

Executive Director, Office of Trade Relations.

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

[Docket No. CISA-2019-0004]

Sector Outreach and Programs Online Meeting Registration Tool

AGENCY: Infrastructure Security Division (ISD), Cybersecurity and Infrastructure Security Agency (CISA), Department of Homeland Security (DHS).

ACTION: 60-Day notice and request for comments; revision, 1670-0019.

SUMMARY: DHS CISA ISD will submit the following information collection request (ICR) to the Office of

Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are due by August 26, 2019.

ADDRESSES: You may submit comments, identified by docket number CISA-2019-0004, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Please follow the instructions for submitting comments.

- *Email:* sopd_feedback@HQ.DHS.GOV. Please include docket number CISA-2019-0004 in the subject line of the message.

- *Mail:* Written comments and questions about this Information Collection Request should be forwarded to DHS/CISA/ISD, ATTN: 1670-0019, 245 Murray Lane SW, Mail Stop 0608, Washington, DC 20598-0608.

Instructions: All submissions received must include the words "Department of Homeland Security" and the docket number for this action. Comments received will be posted without alteration at <http://www.regulations.gov>, including any personal information provided.

Docket: For access to the docket and comments received, please go to www.regulations.gov and enter docket number CISA-2019-0004.

Comments submitted in response to this notice may be made available to the public through relevant websites. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comments that may be made available to the public notwithstanding the inclusion of the routine notice.

FOR FURTHER INFORMATION CONTACT:

Auco Ho, 703-603-5205, sopd_feedback@HQ.DHS.GOV.

SUPPLEMENTARY INFORMATION: The Critical Infrastructure Protection Act of 2001, 42 U.S.C. 5195c, states that any physical or virtual disruption of the operation of the critical infrastructures of the United States be rare, brief, geographically limited in effect, manageable, and minimally detrimental to the economy, human and government services, and national security of the

United States; and that actions necessary to achieve the policy stated be carried out in a public-private partnership involving corporate and non-governmental organizations. On behalf of the DHS, CISA ISD manages the Department's program to protect the Nation's 16 critical infrastructure sectors by implementing the National Infrastructure Protection Plan (NIPP) 2013, Partnering for Critical Infrastructure Security and Resilience. Pursuant to Presidential Policy Directive 21 on Critical Infrastructure Security and Resilience (February 2013), each sector is assigned a Sector-Specific Agency (SSA) to oversee Federal interaction with the array of sector security partners, both public and private. An SSA is responsible for leading a unified public-private sector effort to develop, coordinate, and implement a comprehensive physical, human, and cyber security strategy for its assigned sector. CISA ISD Sector Outreach and Programs (SOP) executes the SSA responsibilities for the six critical infrastructure sectors assigned to ISD: Chemical, Commercial Facilities, Critical Manufacturing, Dams, Emergency Services, and Nuclear Reactors, Materials and Waste (Nuclear).

The mission of SOP is to enhance the resiliency of the Nation by leading the unified public-private sector effort to ensure its assigned critical infrastructure are prepared, more secure, and safer from terrorist attacks, natural disasters, and other incidents. To achieve this mission, SOP leverages the resources and knowledge of its critical infrastructure sectors to develop and apply security initiatives that result in significant, measurable benefits to the Nation.

Each SOP branch builds sustainable partnerships with its public and private sector stakeholders to enable more effective sector coordination, information sharing, and program development and implementation. These partnerships are sustained through the Sector Partnership Model, described in the 2013 NIPP pages 10-12.

Information sharing is a key component of the NIPP Partnership Model, and DHS sponsored conferences are one mechanism for information sharing. To facilitate conference planning and organization, SOP has established an online event registration tool for use by all of its branches. The information collection is voluntary and is used by the SSAs within SOP. The six SSAs within SOP uses this information to register public and private sector stakeholders for meetings hosted by the SSA. The SOP uses the information collected to reserve space at a meeting

for the registrant; contact the registrant with a reminder about the event; develop meeting materials for attendees; determine topics of most interest; and efficiently generate attendee and speaker nametags. Additionally, it allows SOP to have a better understanding of the organizations participating in the critical infrastructure protection partnership events. By understanding who is participating, the SSA can identify portions of a sector that are underrepresented, and the SSA could then target that underrepresented sector elements through outreach and awareness initiatives.

The changes to the collection include: Changes to the burden costs, annual government costs, and adding data fields. The registration has been updated to add the following data fields: Attendee ADA Specific Aids or Services Requested (Yes/No), Attendee Organization Company Size, Attendee First Time Attending, Organization Category, Attendee Organization Private Sector Category, Public Sector Category. The annual burden cost for the collection has increased by \$175, from \$1,627 to \$1,802, due to updated compensation rates. The annual government cost for the collection has decreased by \$3,269, from \$11,615 to \$8,347, due to reduced online registration tool annual use fee and a decrease in the cost per registrant from \$9.73 to \$7.19 per registrant.

This is a revision and renewal of an information collection.

OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Title of Collection: Sector Outreach and Programs Online Meeting Registration Tool.

OMB Control Number: 1670-0019.

Frequency: Annually.

Affected Public: State, Local, Tribal, and Territorial Governments and Private Sector Individuals.

Number of Annualized Respondents: 400.

Estimated Time per Respondent: 0.05 hours.

Total Annualized Burden Hours: 20 hours.

Total Annualized Respondent Opportunity Cost: \$1,802.

Total Annualized Respondent Out-of-Pocket Cost: \$0.

Total Annualized Government Cost: \$8,346.79.

Scott Libby,

Deputy Chief Information Officer.

BILLING CODE 9110-9P-P

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX19ED00CPN00; OMB Control Number 1028-0119]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Earth Explorer User Registration Service

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Geological Survey (USGS) are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before July 26, 2019.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395-5806. Please provide a copy of your comments to USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028-0119 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Ryan Longhenry by email at rlonghenry@usgs.gov, or by telephone at 605-594-6179. You may

also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: We, the USGS, in accordance with the Paperwork Reduction Act of 1995, provide the general public and other Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on April 1, 2019, 84 FR 12271. No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the USGS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the USGS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the USGS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The USGS proposes to collect general demographic information about public users that download products from the USGS using Earth Explorer (EE) application. This information is used to help address reports to Congress, OMB and DOI management with planning public uses of Landsat and other remote sensing data. The most common uses of these data are used to justify the maintenance and the free distribution of the USGS land remote sensing data. EE also stores information about users that download source code products, Global
