

assistance providers and grantees make changes to the goals and objectives necessary to achieve the Congressional purpose of the Campus Program.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* It is estimated that it will take the approximately 100 respondents (Campus Program grantees) approximately 30 minutes to complete a semi-annual progress report. The semi-annual progress report is divided into sections that pertain to the different types of activities in which grantees may engage. A Justice for Families Program grantee will only be required to complete the sections of the form that pertain to its own specific activities.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total annual hour burden to complete the data collection forms is 140 hours, that is 70 grantees completing a form twice a year with an estimated completion time for the form being one hour.

### Notice of Lodging of Proposed Consent Decree Under the Emergency Planning and Community Right-to-Know Act, the Comprehensive Environmental Response, Compensation, and Liability Act, and the Clean Air Act

On June 24, 2019, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Oregon, Portland Division, in the lawsuit entitled *United States of America v. Dyno Nobel, Inc.*, Civil Action No. 3:19-cv-00984.

The Complaint initiating this matter seeks injunctive relief and civil penalties for alleged violations of the Emergency Planning and Community Right-to-Know Act, 42 U.S.C. 11004 and 11023, the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9603, and

the Clean Air Act, 42 U.S.C. 7412(r), and regulations promulgated thereunder at an ammonia plant owned and operated by Dyno Nobel, Inc., (“Dyno Nobel”) in St. Helens, Oregon. More specifically, the Complaint alleges that Dyno Nobel violated the release reporting requirements of the Comprehensive Environmental Response, Compensation and Liability Act and the Emergency Planning and Community Right-to-Know Act (“EPCRA”) in connection with two releases of anhydrous ammonia, violated EPCRA by failing to accurately report annual point source releases in its Toxic Release Inventory filings, and violated multiple provisions of the Clean Air Act’s Risk Management Program requirements.

Under the proposed Consent Decree, Dyno Nobel has agreed to pay a civil penalty to the United States, to file corrected Toxic Release Inventory reports, to comply with applicable reporting requirements and all applicable Risk Management Program requirements, retain a third-party auditor to audit its compliance with the foregoing requirements, and perform a Supplemental Environmental Project where Dyno will purchase specified emergency response equipment for identified local emergency response organizations.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. Dyno Nobel, Inc.*, D.J. Ref. No. 90-5-2-1-09238/4. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

### Agency Information Collection Activities; Proposed eCollection eComments Requested; New collection

**AGENCY:** Office on Violence Against Women, Department of Justice.

**ACTION:** 30-Day notice.

**SUMMARY:** The Department of Justice, Office on Violence Against Women (OVW) will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

**DATES:** Comments are encouraged and will be accepted for 30 days until July 29, 2019.

**FOR FURTHER INFORMATION CONTACT:** Written comments and/or suggestion regarding the items contained in this notice, especially the estimated public burden and associated response time, should be directed to Cathy Poston, Office on Violence Against Women, at 202-514-5430 or [Catherine.poston@usdoj.gov](mailto:Catherine.poston@usdoj.gov). Written comments and/or suggestions can also be sent to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention Department of Justice Desk Officer, Washington, DC 20530 or sent to [OIRA\\_submissions@omb.eop.gov](mailto:OIRA_submissions@omb.eop.gov).

**SUPPLEMENTARY INFORMATION:** Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

#### Overview of This Information Collection

(1) *Type of Information Collection:* New collection.

(2) *Title of the Form/Collection:* Survey of VAWA-funded Discretionary Grantees about Program Evaluation Practices and Results.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* 1122-NEW. Sponsoring agency: U.S. Department of Justice, Office on Violence Against Women, which has supplied grant funds to the Violence Against Women Act Measuring Effectiveness Initiative (VAWA MEI) for Ongoing Training and Technical Assistance to Support Grantee Reporting for a project of which the proposed survey is one component.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* 3,500 staff of federal discretionary grant-funded entities.

Established in 1995, OVW administers financial and technical assistance to communities across the country that are developing programs, policies, and practices that combat domestic/dating violence, sexual assault, and stalking. OVW administers both formula-based and discretionary (i.e., competitively awarded) grant programs, established under the Violence Against Women Act (VAWA) and subsequent legislation. Recipients of OVW funds work through a coordinated community response to support victims and hold perpetrators accountable.

OVW is implementing a new effort to better measure the effectiveness of VAWA-funded grant projects. A critical step in that effort is to understand how grantees evaluate their approaches to—and identify promising practices for—serving victims of domestic/sexual violence and administering justice in their cases. Therefore, the purpose of this collection is to find out if VAWA-funded discretionary grantees have conducted, or are currently conducting, evaluations of their programs and what

the results of those evaluations were. This information will assist OVW and VAWA MEI in enhancing OVW's grantee performance monitoring system. OVW's current system collects a large quantity of data, not all of which is optimally useful for monitoring VAWA-funded projects and gauging grantees' success. A survey to understand how grantees themselves assess their effectiveness will help OVW understand which practices are showing promise in the field, and it will help OVW determine how performance reporting requirements could be revised to better capture indicators of success and reduce reporting burden on grantees.

The affected public includes the OVW award points-of-contact from the approximately 2,000 VAWA-funded discretionary grantees nationwide.

Because grantee points-of-contact are responsible for fiscal and programmatic oversight of how their grant dollars are used, they typically will have knowledge of whether their programs have conducted any evaluations of their programs' implementation or the outcomes of their programs for the people and communities they serve. If points-of-contact have not been directly responsible for evaluation efforts, they are likely to know who within their organization may have managed evaluations. Therefore, these points-of-contact are a key source of information from the field about strategies that are showing promise for keeping victims safe and holding offenders accountable.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* It is estimated that it will take less than 30 minutes to complete this one-time survey, which will ask respondents about any efforts to evaluate their programs, and the results of those evaluations. The survey will be a mix of multiple-choice and narrative response questions.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total hour burden of this one-time data collection could be up to 1,000 hours. A point-of-contact from every VAWA-funded discretionary grantees will be invited, but not required, to respond. ~2000 discretionary grantees \* 30-minute completion time = 60,000 minutes, or 1,000 hours.

*If additional information is required contact:* Melody Braswell, Deputy Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E, 405B, Washington, DC 20530.

Dated: June 25, 2019.
