SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

ETA provides grant recipients with software that reflects the requirements of the ETA-9130 so grant recipients can report the required data electronically. This data collection format permits ETA to evaluate program effectiveness and to monitor and analyze financial activity, while complying with OMB efforts to streamline Federal financial reporting.

The proposed information collection request seeks an extension of the series of ETA-9130 forms (OMB Control No. 1205-0461) grant recipients currently use for financial reporting for all ETA programs. In addition, ETA seeks to add a new reporting line, *Training Expenditures*, to the ETA-9130 forms (A-F) used for the Workforce Innovation and Opportunity Act (WIOA) Adult, Youth, and Dislocated Worker programs. The funds reported in this line item represent the cumulative amount for training services provided to program participants. The following sections of WIOA (Pub. L. 113-128) authorize this information collection: WIOA Sec. 116. (d)(2)(F)

(2) Contents of State Performance Reports.—

(F) In General.—The performance report for a state should include the average cost per participant of those participants who received career and training services, respectively, during the most recent program year and the three preceding program years WIOA Sec. 185(c)(1)

(c) Grantee Information Responsibilities

(1) In General.—Each state, each local board, and each recipient receiving

funds under this title shall make readily accessible such reports concerning its operations and expenditures as shall be prescribed by the Secretary.

WIOA Sec. 185(d)(1)(D)

(d) Information To Be Included in Reports

(1) In General.—The reports required in subsection (c) shall include information regarding programs and activities carried out under this title pertaining to specified costs of the programs and activities.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0461.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Consumer Expenditure Surveys: Quarterly Interview and Diary. The Consumer Expenditure Surveys are used to gather information on expenditures, income, and other related subjects. These data are used to periodically update the national Consumer Price Index. In addition the data are used by a variety of researchers in academia, government agencies, and the private sector. The data are collected from a national probability sample of households designed to represent the total civilian non-institutional population. In order to accommodate Large Scale Feasibility Online Diary test, several modifications will be made to production procedures and collection including the addition of two question relating to internet access, implementation of an online Diary, and the addition of debriefing questions. The study will obtain an expected 1,200 completed cases. The large sample size is needed in order to perform statistically significant analysis of any differences in data quality between the online diaries and production (paper) diaries prior to full production implementation. The study sample will be further divided into two groups, with one group receiving a \$5 incentive. The CPI program is changing its source of outlet frame information from the Telephone Point of Purchase Survey (TPOPS) to the CEQ and CED surveys. As a result, the sample size for the CE surveys will increase. The BLS conducts the CE Surveys under the authority of

Title 29, Section 2 of the United States Code.
